22 suffocated stated that they were placed in a plastic garment bag. I advised the CI

23 that this was impossible and that I had also seen the movie with Audrey Hepburn. When

24 confronted with this laughed and admitted to lying. again stated that Timmy

25 was his favorite and that he had gotten him chicken shortly before his death. asked

26 if the police had found any chicken bones on the body. I asked the CI to once again ask

27 to tell of something that was not known by the public. I asked her to ask

28 to describe the pants that one of the girls had on that something was added to them. I asked

02 To describe the panties that Kristine had on.

04 On above date I was again in contact with CI. I was advised that she had asked Wasting  
05 the questions I had given her and she was told by \_\_\_\_\_ that the pants had small triangles  
06 sewn on. The panties were whi with a small print on them. Mark was found w/o any shoes on  
07 that he wore boots but they scraped on the carpeting and \_\_\_\_\_ was afraid that fibers woul  
08 be found so he burned them. That Mark had on dark colored thick cotton socks.

09 I briefed Capt Watson on my findings and my use of a CI. I asked if it was common  
10 knowledge that Timmy ate chicken and he advised that it was in the papers. I asked if their  
11 was anything that was held back from the press that would prove knowledge of the crime. I  
12 was advised that Jill Robinson and Tim King were linked by carpet fibers on their bodies.  
13 Capt Watson pulled the tip sheet with \_\_\_\_\_ and advised that was cleared because he

14 was supposed to be in Europe. The address given \_\_\_\_\_ at the time was \_\_\_\_\_  
15 Capt Watson advised me that the fibers were of a light gold color. I went to the listed  
16 address and spoke to the homeowner who stated that she had bought the house from the  
17 and that it had gold carpet throughout the house. I asked if any of the carpet was still  
18 in the house. \_\_\_\_\_ replied that as soon as they moved into the house they had replac

19 it. \_\_\_\_\_ then corrected herself and stated that they still had some in the basement.  
20 I asked if she could give me a small swatch and she complied. Fiber samples were transported  
21 to the MSP Lab by myself to be compared with samples found on the bodies. I spoke to CI in  
22 the evening and advised her to back off the Suspect \_\_\_\_\_ that we had pressed enough  
23 and let him relax until monday. CI stated that she would comply.

25 I was paged by CI at 2045 hrs this date. I called her and she advised that she  
26 could not stay away from \_\_\_\_\_ and had to pursue further. That she had met with him and  
27 questioned him again and he became irate and started to yell that he has gotten away with  
28 this for 15 yrs how does she expect to catch him if all those detectives couldn't.

Chief: I'm trying to think back on things  
I didn't tell you - the fact is I can't  
remember any more what I told you  
and what I haven't - but a couple of  
things seem important to me -

Like the phone conversation, <sup>March 10, 1992</sup> and his  
sister had - after he told her I had  
accused him of being the ock - and she took  
it so calm - just screamed at her  
When was the house sold, when was the  
house sold? - when she said she didn't  
recall - is when he said I'll go to Fla.  
no I'll go over seas -

Something else about houses - either Det  
Harvey or Det. Anger told me "we even  
found the secret house" - now that  
seems strange to me because we all  
knew there were 2 houses - so does that  
mean there were 3? - I just found some  
notes it must have been Harvey who told  
me that -

Have you talked to the Arabic or Caldean  
man named \_\_\_\_\_, he was  
from Rose dale Park Det. Michigan - he  
worked with \_\_\_\_\_ at Biffe in 1977  
he was a "Homo -

and ... (this should send Dow right up  
a tree) - I believe he was the inspiration  
for the letter from Allen -

- I wrote \_\_\_\_\_ an 8 page letter ...  
now I'm concerned about it I don't want  
to trigger a Psychotic Episode of some  
kind - but someone had to explain  
to him - about God and about Prison  
and the fear of the unknown

- I feel like shit because I'm in Wisconsin  
at this time - what if \_\_\_\_\_ needs me?  
what if my being there makes the difference?  
what if he needs strength to confess? what  
if he decides to take a coward's way out?  
what if this? what if that? ... I don't know...  
I only know that I understand  
and Harvey <sup>Det</sup> ~~understand~~ and he's  
no longer involved - so now what?

- Don't even tell Stuart this one - as I don't want him to think I've completely lost my mind - But did one of the kids have a pt of sissors that were missing - as had a pt hid in his books - tyron ~~stole~~ stole them. kept asking for them Sylvia found them and put them in with some of his other stuff and when she went to get them to show me they were gone again - and she said tyron stole them again and sold them - like he did a lot of ~~things~~ <sup>things</sup>

- What about the book Harvey ask Skiba to look for and me to look for, but news gave us the title - I saw so many of his books, maybe I would remember -

- doesn't like getting rid of things so if there were souvenirs I think he would still have them - I really think he still has the pass port to even tho when I ask to see it he told me he had tow it

Had an interesting letter from when he made reference to the Devil I think you should read that -

Let Harvey ask me one time to ask  
what was in one girl's pocket that I shouldn't  
of been and what girl - <sup>said the cops</sup> should know that <sup>ask!</sup> there!

# Did you ask if he ever went hunting?  
as he told me a story one time about a man  
who drove his car into the woods and then  
walked in the rest of the way and when he  
came out the snow had cover his tracks  
and that maybe the killer had experience that  
same thing is that's why the abduction + murders  
were only in winter - However immediately  
told me he never owned a gun (but he didn't look  
at me when he said)

# In one of the first conversation I had with  
when he told me the killer had presented the  
children like a package - he told me Kris' as  
hands were ~~folded~~ - cupped one over the other  
as if in pray . . . .

I sure don't want to kill myself...  
because with all its drudgery and  
broken dreams - ... it is still a  
beautiful world - and even  
facing prison for the rest of your  
life is better than not being at  
peace with God -

I'm sure you really have time  
for all of this (sorry about that)

- I just want this over for all  
of us - for - for the families  
of the victims - for you - for Studt  
and for myself -

Why do I think you understand  
that? .....

H

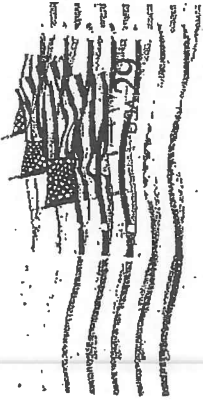

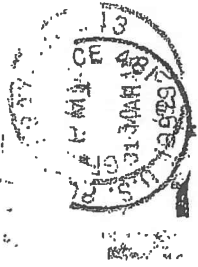

X

I'm sorry I do have some valuable info  
 - but when I was talking to last Harry  
 and it was so many times - if he  
 said he thought it was new information  
 then I just told it - but new information  
 if I showed him - because that's how  
 I was speaking to him on day 10  
 and that's also when he was saying "O"  
 a lot - and he was also not sleeping  
 much at that time - because he said  
 I was making him think about things  
 he didn't want to - and that's also  
 when he was going in to the train  
 do much -  
 And it sure doesn't help that you never  
 ask me any question that are different  
 from what I feel you'd  
 have said -  
 maybe I do have some the right  
 you just want to ask me the right  
 question - what do you think?

Don; this is the sheet that mention to you that I wouldn't let him see (it's nothing) ...

You had asked me why I had thought, was first the OC Rappist

- first had told me he was a Pervert - so I started to watch him when at her house - she also mention about his having some dissecting eq and bags of soiled nylons + panty hose - me pr he had stoned in his stuff had a pe of tree bark inside (I have this) - I thought it was strange that he would be keeping the bark + nylon. Then when I do I thought maybe it was some kind of souvenir - then when I found out that he had hid the plastic box containing the dissecting eq which included a scalpal at his apartment when he had lot of storage space at his apartment - well I like you "believe he had done something" if she

- when I witness his behavior + action - I ask Oakland County and knew about other things that happen in years ago long before she said there were some child killings - years ago out of the she ever met in fact just a couple of years ago out of the clear blue sky he made the statement while walking to the kitchen that he was question about them - nothing else was said + I didn't even ask him why he had brought that up - I

ask her what she knew about them - she said nothing but she who was a social worker in could call her girl friends said all she could remember Oakland County - she did and me of the kids was led was some thing about a skate board + me of the kids was led to get

chicken - I knew mother of the murderer but ask at the round table to go for coffee and I would just drop in I said (g) you look I did and started a conversation with

"I did and the ski mask Rappist he laugh and said no kiddies - a lot, 'e the ski mask I was question about the OC R" - so I immediately knew he said "well I was question about the OC R" - so I immediately knew that the one boy was p... 7/1/72

By the way he asked if  
I had talked with you - the chief  
I said at one time - and that you  
didn't think she had anything of value  
to say and that you wouldn't be

long time when we arrived  
back from Birmingham  
I talked with

know you would ask ...

seeing her again - Just in case  
he should ask you -

- I know is real scared  
of going to jail - nothing else  
or no one else matters to him at  
this time - for some reason  
he thinks the Chief is going to  
save him from that -

- Your right about his lying  
I paid att: last night - and  
its every other statement

- Now ... I think maybe you  
and the Chief are missing some thing  
that could be important - maybe if  
you could witness the energy between  
it & I that you could then  
understand the way the questions  
were asked - and answer

and why I believe that is the ock  
and why knows that I know  
this maybe we should all get together  
and go over everything in question  
- you - me - the chief -

Now you and the Chief have spent  
so much time on this and I  
know your doing your best  
work — but if you don't  
have that "gut feeling" ... It just  
can't go down — because you  
have to be able to live with yourself

- I say this now because only  
my gut feeling has worked for me  
100% — whenever I had doubt  
about some thing — it just wasn't  
ment to be —

also now, I haven't "studied this" and  
what I did read I didn't retain  
I hate to admit that — I even  
sent the micro film ~~back~~ with out  
reading the articles — I just couldn't

He ...

Consider not my opinion but the facts that follow ...

\* I didn't voluntarily give me information  
'I' had to skillfully extract it over many - many  
hours -

\*\* It is extremely unlikely that or anyone  
would remember the locations, the positions, the names  
of the victims and their proper spelling ... as well  
as the dates and order in which they were found  
unless he was the perpetrator ...

or \* Despite his unprovable claims that he was  
over seas - to the best of my knowledge what he has  
said ... just recently about the woman he was in  
love with and that this was during the year he  
attended Lawer-teck ... that would put him over  
seas for the 45 days in 1975 - even if he stuck  
with his original story he could have been gone  
between Kristine and Timmy's abduction and murder  
(the fact that he threw away his pass port ... which  
is something that people always save as a memento  
... would indicate to me that he had a  
reason for getting rid of it ...

th \* It is highly unlikely that he would have been  
able to draw such detailed maps of the pick up  
and drop sites ... 16 yrs later (even if maps  
had been in the Newspaper) ...
