

\* You keep asking me why I think Brilliant (Because you have seen his grades and they don't warrant that opinion) ... Well you ought to see mine! ... and I don't consider myself to be a dummy ... it is now common knowledge among educators that Brilliant students frequently suffer bad grades as a result of emotional difficulties stemming from their home life, relationship with peers ... romantic problems and ... ect.

~~\*\*\*~~ You don't seem to understand ... I don't want ... to be the killer ... He is very charming and likeable ... is pleasant looking and emanates no aura of evil (so early on I was hoping against hope ... that he was not the killer) However the preponderance of evidence has convinced me otherwise.

~~\*\*\*~~ Don't you think only the Kells would know little things - like Mark had no shoes -

- # Kristine's nick name "Chris" was spelled with a ch and not a "K"
- # What color and print the girls' underware was
- # What Tim had with the chicken
- # Bright color patch on Chris' jeans
- # That Jill struggled shortly before her death
- # Tim's socks were heavy brown cotton
- # Tim was carrying a basketball & skateboard
- # That the bodies of more than one were in site

# And the list goes on + on . . . . and on —

\* Also if we set aside the Pedophilia, Homosexuality and concentrate on the Socio-Economic motives and the fact that . . . . has stated many times that he believes the killer to be doing something else to awaken society (that is . . . . book) when you talk to him . . . . you will understand this convoluted logic —

\* . . . . also before I forget — remember the Computer sheet about " . . . . and Hives Park — well out of the clear blue sky the other night . . . . told me that Tim was found not far from there and that he had lived by there from 1y to 10yrs old . . . . so was Tim found not far from Hives Park? (I'd like to know that) because I didn't see that mention in any news coverage . . . .

\*\* Back to my believing what I want to believe personally I wish I had never got involved in this — it is consuming far too much time - energy and money — and I'm bored and concerned for my own safety . . . . and I find myself being treated as a suspect more than . . . . is . . . . and having my mental state questioned is ~~an~~ real . . . .

all I wanted to tell you was that we have  
a child killer in Alpena . . . and he  
belongs to you . . .

\* \* About the Polygraph . . . I have no  
problem with that . . . I am in fact looking  
forward to it . . . if it will expedite this  
matter \_\_\_\_\_

\* I realize your Dept. can't be  
putting any money into this — as  
so much went into it 16 yrs ago —

But is the ock . . . so now  
what? And you don't think he's  
Brilliant . . . what do you call this

Luck? — 16 yrs and he's still walking  
around — I find that amazing

P.S. Have a good day

as always

Hi... When I saw <sup>it</sup> on the street Fri - he was in a  
miscal p... of agitated disorientation and still he was aware  
that I was speaking to him he couldn't focus on me and his  
responses were inappropriate and hostile - he kept saying  
you are not going to destroy me <sup>if I know how to</sup> and failed...  
today (Sat) was still in a state of agitation <sup>as usual</sup>  
after just spending two hours talking with <sup>him</sup> <sup>about</sup> <sup>the</sup> <sup>reality</sup> - <sup>of</sup> <sup>the</sup> <sup>world</sup>  
began to come some what more into touch with reality - <sup>and</sup> <sup>to</sup> <sup>be</sup> <sup>able</sup> <sup>to</sup> <sup>do</sup> <sup>so</sup>  
in this happens every mo. for a consecutive days -  
I would this possibly be a case were <sup>of</sup> <sup>over</sup> <sup>consciousness</sup> <sup>involving</sup>  
a women's monthly estrous cycles <sup>drain</sup> <sup>it</sup> <sup>to</sup> <sup>be</sup> <sup>by</sup>  
and over identification with his mother or a manipulative  
of his own repressed homosexuality... as during this  
7 day cycle he consumes prodigious amounts of Banana  
... it is also interesting that while going thru his 7 day  
pendo-period - the old food he picks to gorge himself  
is the phallic shaped banana - admittedly this  
interpretation of his thoughts and actions is altogether -  
but it does hang together rather well - (Pet Seiba just  
said we must be on his period too - my god what did  
you people say to him! - (his acting like he was kick to  
the curb by me!) - anyway back to the point of all  
this... I've decided I have to continue to see  
least until I know if these are <sup>as</sup> <sup>usual</sup> <sup>events</sup> (I just have to  
... and some he has sublimated his <sup>repressed</sup> <sup>drive</sup> <sup>into</sup> <sup>writing</sup> a  
urge to kill by channeling his hostilities into writing -  
books that condemn society for its financial corruption -  
injustices - greed and incompetence - I don't think he  
will put much thought into wanting to get rid of me -  
However I do have some concern as once again he  
feeling inadequate and inferior <sup>because</sup> <sup>he</sup> <sup>is</sup> <sup>not</sup> <sup>as</sup> <sup>successful</sup> <sup>as</sup> <sup>me</sup>  
<sup>in</sup> <sup>the</sup> <sup>area</sup> <sup>of</sup> <sup>writing</sup> <sup>and</sup> <sup>speaking</sup> <sup>in</sup> <sup>public</sup> <sup>and</sup> <sup>generally</sup> <sup>and</sup> <sup>academically</sup>

and I met for coffee ... we were just talking for a few min. when he said I had to draw you a map (I didn't know why.) all that was mentioned was that the ock was a serial killer - said he didn't know that ... he always thought a serial killer was someone who killed all men or all women in a public place ... I did look at him as if he was stupid ... that maybe why he felt the need to impress me with the maps -

He question me about would a woman be able to love someone who was a serial killer and would she have fear of falling a sleep ... that he might kill her ... I said I wouldn't as Love is Love ... one doesn't have a fear - when in love you trust - asked but what if the socio-economic motivations were the only underlying causes that drove them

page 2

to kill. said at the time of the killings he was angry, frustrated, and depressed because he was in love with a married woman who did not love him and would under no circumstances leave her husband. (he then left for Europe) for 45 days

When talked about the Serial Killers he was swallowing and swallowing and then started to Nausea - Ventilate and said ... boy this guy was one of a kind!

I told him I had to get at my book so I wanted to talk about the Children - ... Did Tim have a football he said no a basketball -

... No you think Jill was really as Bitchy as everyone says ... Yes you could tell by the struggle and now quickly she was shot and left in

grassy land in view of the Police Dept..

I asked what happen to the gem?

(He just won't talk about the gem.)

But he did say maybe the killer took it to a pawn shop -

- when I asked about Kristine - he said you tell me what you know

- and wouldn't you know I saw a blank when I notice he was reading a computer sheet of mine

and he kept saying .. like

he was trying to remember -

when I said back to earth

he pushed the paper away - but when

I returned from the Restroom he was reading it again & again - I

said what are you doing .. ..

he said maybe there were others

.. .. the way and tone he used

.. .. well I just feel there are others

(the computer sheet was one with the maps)
