"You are the ock and it doesn't matter to me. ... I'm just not going to write my book - lets talk about your book"

"No! you're not getting any more of my time!"

"I said it doesn't matter - I don't know why ... but it doesn't matter that you are the ock" "You're not going to call me that!" - Why you have been the prime suspect for 15 yrs "How can that be I only was interviewed once" - But they have been watching you and waiting -

"No one is going to call me that!"

Are you saying I'm not welcome here any more? - are you saying I should be afraid? - I'll leave, do you want my phone no "No not really" - Well if

I'm not going to come here any more and if you happen to get over this mood - how will you reach me? -

"I don't care!" "I don't want to see you ever again"

" In the back of your mind that's what you
were after all the time ... You just wouldn't
rest you wouldn't leave this alone - Now
do you expect me to admit this to your
Det. friend — get out of here!"

master sates daily #

At first I thought I was the oc ski mask
Rapist - he laughed about that and said "well
I was question about the ock" - he was
flattered by my interest and attention - we
started to have coffee daily and I would
stop by his apt and we always talked
about the ock - at first he would
correct all misinformation that I would
tell him and it was very important to
him that I understood every detail -

When I first told him I was talking to a
Det. who was a friend, he started to play
mind games with me, giving me more
disinformation than true - he found
it really exciting when I could correct it
- on Sat Feb 8 when I started to really
push and when I finally just came out
and accused him in a more direct
and forceful manner (he was very upset)
I left him alone for 3 days and when
I went to see him - I asked him
should I be afraid, are you going to

kill me? " No I understood him more than anyone ever had - but don't push him because there are some things he is never going to tell me " - I waited until he brought up the ock again - before I started with all my 100's of questions - I knew he was fascinated with my sympathetic and non judgemental interest about the killer - from that day on I knew that I knew - and I also knew that he knew - I knew ... and we became snake fastinated with each other and there was nothing we couldn't talk about - and there became an unexplained energy between us - (that refers to all of the time - he has been so comfortable with me its like we are soul mates (well thinks so) ... However since Di told him I talked to Jill's father - he appears agitated and apprehensive - but never stops with his questions about the family's feelings.

I lied and told him I was going to be talking to Barry King - first he was shocked - then he was flattered and then he acted as if he finally had received due recognition -

I could tell his mind was going in a dozen directions as he was trying to talk about many things all at one time - yet when he walked with me he was noticeably quiet and in a daze or trance

view of killer ...

Admired - Idealized - Sympathized
with killer - thinks he is sophisticated - Brilliant.
Handsome yet he couldn't have a normal
relationship with a woman, because he
couldn't be in control - that he had to
work so much, no social life ... He didn't
have as much money as other people - Couldn't
get a decent job even though he had
formal education - No love at home
- mentally abused - he felt Birmingham
needed a cultural shock - like a Canon Ball
fired into the guts of the world - finds
adults to threatening to deal with sexually
- Thinks of the killer as a humanitarian
freedom fighter - because he didn't torture
the children and took good care of them
Imagines killer to be a genius because
he outsmarted 60 detectives, the media,
the population and the children - He
committed 18 different acts in the mist
of the most massive manhunt in Michigan

History - 18 acts ... because 6 times
he held them and 6 times he dumped them,
all without getting caught or leaving a clue
