

Jill never told him she was kick^{ed} out - he just thought
shot because he had told her what (she was a whore)
would happen if she didn't co-operate (he carried out those threats)

All of the children wanted to go home

Kept them until he was bored with them wanting to
~~go home~~ leave

death was secondary - it had to be ^{BRAZENLY} ^{CARRIED} out
so kidnapping - rape + murder

Reason they were on the left side because of the way
they were pick^{ed} out of car (legs under right arm, ^{Head} legs under left arm)

Tim was his ^{FAVORITE} because he played ball - had a
newspaper route - was bright - would have kept
him longer but heat was really on - reason for Wayne
was because they were stoppin' almost every car
in Oakland

Kristine - was just a very pleasant good nature^{ed} child
he was fond of her ^{lets why he} even busy here lightly in snow
Buried

If you have been bad and if you clean + neat
it makes it good -

Manna falling from heaven as they looked
for the promised land

What I spent, I had; what I saved, I lost;
what I gave I have, so the dead would
tell us if they spoke to us out of the dust

Killings stopped because he was smart enough
to know he couldn't get away with it again

Why take such good care of them & then kill them? Because
he had nothing personal against them, he killed them to
send this message

Why clean ^{them up} presenting package to world

- why not ask for ransom money - wasn't issue

- outwitting the Police Dept

1st time. I ask^{ed} did you kill those children
(and - why you want to be James?)

Say what do you suppose would happen to him if he caught

Friends

to clean the toilets

Altho his apt has a lot of storage - he has a very small closet office at New Start on 5th street where he had hidden a plastic box containing dissecting and also black powder with manicure eg

(But not the wine etc)

He has book collection on serial murder
He has seen every movie on ^{Dr} subject of Serial Killings
He compares these crimes to the ock and comment
none were as cleverly planned & executed
Comments that

Social & Economic Problem and the act was justified

His worship of Hitler seems to be symbolically
(representative) of his own justifications for what
(representative) ~~the~~ killer did, that is, that the
social & economic problems justified the taking
of human life.

Just making me think about things I don't want to

Didnt want to kill them but had to because
they could do ruin

Now involved with something else secret
so it satisfies his mind (is writing a book)

What has told me that I'm not sure about

Hello

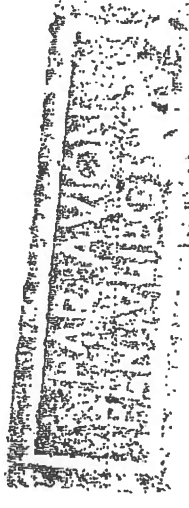

6/10

I've been thinking in Europe
 for about a month now. I've been
 to Italy, Switzerland, France, Holland
 and now Brussels, Belgium. It's a bit
 hard to pick up all these different lang-
 uages but I think the French are the
 easiest. The economy here isn't so good
 worse than the U.S. But the winter
 is very mild. Not snow except in the
 Alps. I would have liked to have
 gone to the Olympics but you
 can't find a room within 100 miles

of Embankment. I'm also
 short of cash but I've been
 running a wonderful store
