Prison shows two brothers visiting him in 95. Have they both died also which leaves only

>>> Cindy Acker 2/28/2008 11:53 AM >>>
See Officer Boatright's comment below.

Visitor Tracking shows:

Brother visited twice 4/26/95 and 12/13/95

wife: not approved, but never visited.

Brother visited 12/17/95

In the event you want to talk to them.....

It would be normal for all of his property to be turned over to his family. DOC Staff would have gone through his property. MSP may have gone through it, but anything relevant to your case may have been overlooked.

Would you want me to talk to the one prisoner here?

>>> Terry Boatright 2/28/2008 11:23 AM >>>
Mike

I don't recall anybody Green hung out with. The only reason I remember him is he died on a day I was the unit rover. MSP did come into the facility later and talked to all responding staff involved with the incident.

We are requesting a copy of any files you may have on Greene, Gregory Woodard, born
Greene is currently a suspect in a cold serial homicide case involving multiple child
victims that were abducted, molested and killed, here in southeast Michigan in 1976-77.
Greene was sentenced to Patton State Hospital in 1975 after his arrest for multiple child
molestations and the attempt murder of one of his victims. Greene returned to his home in
Michigan in 1976 just prior to our murders. Greene was sentenced to prison for "Life" in
Michigan in 1977 for a "string" of unrelated molestations, at which time our murders stopped.
New evidence has brought Greene to the surface in this case. He died in a Michigan prison
in 1995. Your files on Greene may greatly assist our investigation and we appreciate your
help. Thank you in advance. My direct desk number is 734-466-2322. My fax number is
734-427-8044.

Thank You,

 COURT #C-32891

DISPOSITION STAFF
 UNIT: 37
 RACE: Caucasian

DESCRIPTION OF OFFENSE & CIRCUMSTANCES SURROUNDING OFFENSE:

Officers at the Huntington Beach Police Department received a phone call that there was an injured boy outside the Huntington Community Hospital. When the police arrived the boy was found there and he was unconscious. Later, the patient again called the police and stated that he had found the boy who had passed out and the patient thought that the child was under the influence of alcohol. It was noted that the boy's neck was extremely red and had numerous abrasions as though he had been choked and also it was noted that there were three cigarette burns in the area of his navel. The boy later identified the patient as his Little League coach and said that the patient had orally copulated him and then accidentally struck him in the throat knocking him unconscious after which patient made the phone calls referred to above. This patient admitted that he had had a problem with homosexuality since the age of 16 and had participated in homosexual activities with young boys approximately 200 times over the past two years. He had been involved with at least 15 different boys, ranging in age from 6 to 14, since coming to California in August, 1970. This patient admits to having used marijuana and LSD several times, but he denies any further drug escapades.

MENTAL STATUS & ATTITUDE UPON ADMISSION:

CURRENT MEDICATIONS:

None.

RESPONSE TO TREATMENT PROGRAM (EVALUATION & PROGRESS REPORT):

This patient has made an excellent response to the treatment program on Unit 37 and has worked very hard to try to improve himself. He has participated in all the therapy programs available to him on the unit and has also helped to organize some patient discussion groups in which he is a very active participant. His self-esteem has improved markedly and he now is able to relate in a very effective fashion with both his peers and with the staff. In the past he states he was only able to relate adequately with children and now that he has learned how to form more mature relationships he believes that he will no longer be tempted to become involved with children.

His relationship with his family has also improved, and the family has sent a number of letters indicating that they want him to return to Michigan. They state that they will be glad to either come to pick him up or to send the necessary funds for his return. In addition, they have made overtures to the mental health facilities in their area to provide this patient with follow-up treatment should he return there. This patient has shown a great deal of responsibility since coming to Unit 37 and at the present time he is vice-president of the ward government, lead man in the clothing room, and handles the responsibility of both of these jobs extremely well. He not only holds down these assignments but requests extra duty spontaneously, and he also is a very active participant in recreational activities both on and off the unit. He is anxious to return to Michigan to live with his family and to create a new and more constructive life pattern for himself and he has shown the potential to do this in his response to the treatment program.

PATTON STATE HOSPITAL CASE SUMMARY (continued)

DATE: 6/18/75
NAME: GREENE, Gregory Woodard

PAT #127022-2

DISPOSITION STAFF
UNIT: 37

In view of the long-term nature of this patient's problems and because of the numerous child molestation activities he has been involved in, he could benefit from close supervision for a fairly lengthy period of time. In addition, it is very important that he continue on with outpatient treatment and as noted above both he and his family show a strong interest in this.

DIAGNOSIS:

RECOMMENDATIONS:

It is recommended that this patient be returned to Court under provisions of Section 6325(a) of the Welfare and Institutions Code. It is further recommended that the Court consider allowing his return to his family in Michigan where he would live with them and receive outpatient treatment in the community there.

COMMITMENT: MDSOI 6326

PAT #127628-6
SEX: Male
COURT #C-32891

DISPOSITION STAFF
UNIT: 37
RACE: Caucasian

DESCRIPTION OF OFFENSE & CIRCUMSTANCES SURROUNDING OFFENSE:

This patient was originally charged with a number of counts of sexually related offenses including sexual deviation, pedophilia, etc. He has a long history of sexually molesting young boys.

MENTAL STATUS & ATTITUDE UPON ADMISSION:

CURRENT MEDICATIONS:
None.

RESPONSE TO TREATMENT PROGRAM (EVALUATION & PROGRESS REPORT):

Upon return to Unit 37 he resumed his former very active involvement in the treatment program and once again he assumed a leadership role in helping conduct self-help groups on the unit and participating in them as well. Some of these groups included Current Feelings Group, Self-Awareness Group, Sex Therapy Group and the MDSO Group. In addition, he (with the help of his father) has purchased a fairly large collection of books on sexuality, psychiatry and psychology and has spent a great deal of time reading these books and discussing the information he has gained with both the patients and the staff on the unit.

He has also acted in a very responsible fashion in carrying out unit assignments and has handled his grounds privileges very well. He has, in addition, functioned as the treasurer in the patients' council and has been of great help to many of the other patients in helping them work on their problems. He has matured appreciably since coming to Patton State Hospital and has made a most unusual effort to gain insight into himself and into his problems. He hopes to continue this progress should he be approved for parole by attending mental hygiene clinic in Michigan and also to continue his studies in the area of psychology both by individual reading and by taking courses in college.

He has been able to form a much closer relationship with his family than he has in the past and this is evidenced by the father's desire to have patient return to live with him until he can re-establish himself. The father has also offered to pay his plane fare and, in addition, has obtained written information of patient's acceptability in a mental hygiene clinic should he return to Michigan. Patient has voluntarily suggested that one of the conditions of his parole (should it be granted) is that he should not associate with anyone under age 18 and also that regular attendance in outpatient therapy be made a condition of his parole.

(CONTINUED ON NEXT PAGE)

PATTON STATE HOSPITAL CASE SUMMARY (continued)

I : 1/7/76

NAME: GREENE, GREGORY WOODARD

PAT #127628-6

DISPOSITION STAFF

UNIT: 37

In view of the long-term nature of his problems, the prognosis is open to question. However, based on his wholehearted involvement in the treatment program here at Patton and his functioning as a model patient while on his present unit, he is off to a very good start. In addition, his reconciliation with his family and concurrent plans to continue on with therapy are also additional favorable signs in his favor.

DIAGNOSIS:

RECOMMENDATIONS:

It is recommended that this patient be returned to Court under provisions of Section 6325 (a) of the Welfare and Institutions Code, with the suggestion that consideration be given to approving his returning to Michigan to live with his family and to continue under outpatient treatment with parole supervision provided by the Michigan authorities.

PRE-SENTENCE INVESTIGATION REPORT

CONFIDENTIAL

S 93207

Date June 7, 1977

To The Hon. Philip C. Elliott P-13156

Docket No. 77-27473-FY

Circuit Court Of: Genesee County

By: David S. Witter
PROBATION AGENT

NAME GREENE, GREGORY WOODARD OFFENSE CRIMINAL SEXUAL CONDUCT IN THE FIRST DEGREE M.S.A. 28.788(2) F-Life or any term of years.

Your Honor:

SUMMARY:

This 27 year old, single, male Probationer plead guilty to Criminal Sexual Conduct in the First Degree, before Your Honor, in the presence of his Appointed Attorney, Charles Bird, on March 30, 1977. The plea bargain was that a Criminal Sexual Conduct offense before Judge McAra on Docket #77-27472-FY, and a Criminal Sexual Conduct First Degree case before Judge Yeotis on Docket #77-27471-FY, will be dismissed after sentencing. A \$25,000.00 Bond was not furnished and was cancelled on the date of conviction. Sentencing was scheduled for May 24, 1977 and it was then adjourned to June 14, 1977. This man has spent 141 days in Jail as of that date.

This offense involves the defendant having sexual penetration with a 12 year old boy during the month of August, 1976 in the City of Flint. He was arrested by Flint Police on January 25, 1977.

There are no known pending cases other than the ones which will be dismissed as a part of the plea bargain.

EVALUATION AND PLAN:

Greene freely admits his involvement in this offense. He claims that mental problems caused him to commit the offense. He was involved in similar activity in California and was placed on Probation on January 28, 1976 in Orange County, California. He was under supervision here in Genesee County from March of 1976 until he was arrested. On the surface, he did well on Probation. He was able to report regularly, maintain employment, and participate in treatment at Community Mental Health. However, apparently while he was doing all of these things, he was involved with the victim of this offense.

Greene comes from a home in which it appears that all of his needs were adequately met by his parents. His mother's death in 1966 apparently did not have any significant effect on him. Greene attended parochial schools and was able to successfully graduate. Shortly after graduation, he went to California where he was able to maintain employment. It was in 1974 that he became involved in sexual misconduct with a minor. It appears that the defendant is a highly skilled manipulator. He seems to have a great deal of ability in covering up and interpreting situations to his own benefit. As an example, after returning to Michigan he stated that he was cured at a hospital in Patton, California. Then, after being convicted for this offense, he states that not only was he not cured, but he received no treatment. This man cannot be considered a candidate for Probation.

JUL -3 1986

CFO-145 Rev. 4/67

EXHIBIT 7, Page 1 COURT OF APPEALS LANSING

Letter to the Court (Continued)

RECOMMENDATION:

Incarceration is recommended.

DISPOSITIONS:

Incarceration: If incarcerated, this man should be given credit for 141 days spent in Jail as of June 14, 1977. If incarcerated it is recommended that this man be given psychiatric or psychological treatment while he is incarcerated.

Probation: If placed on Probation, _____ years with the following special conditions:

1. That he shall serve 180 days in the County Jail commencing at the time of sentencing.

Upon release into the community:

2. That he shall pay Costs in the amount of \$ _____, to be paid at the rate of \$ _____ or more per month, commencing _____.
3. That he shall fully cooperate in any community treatment program to which he is referred by the Probation Officer, and shall not leave such program without the written authorization of the Probation Officer.
4. That he shall live in a residence approved by the Probation Officer, and shall immediately advise the Probation Officer of any change in the place of residence.
5. That he shall maintain full-time employment, or be involved in full-time educational program, under the direction of the Probation Officer.
6. That he shall not associate with any children under the age of 18 unless he is in the presence of a responsible adult or unless given approval by the Probation Officer.
7. The Probationer may be apprehended, detained and confined if accused of a violation of any of the conditions of Probation or of conduct inconsistent with the public good, subject to his right to a hearing upon written charges within a reasonable time of his being taken into custody.

Respectfully submitted,

David S. Witter

INVESTIGATOR'S
DESCRIPTION
OFFENSE

This offense involves the defendant engaging in sexual penetration with _____, age 12, during the month of August, 1976 in the City of Flint.

According to the Circuit Court History, as prepared by the Flint Police, on November 9, 1976 _____ mother made a Runaway complaint at the Flint Police Department. At that time she felt that her son was with the defendant and that the defendant was a homosexual. This started an investigation by the Flint Police Department. Then, on January 19, 1977, _____ principal at the Donovan North Middle School, which is located next to St. Agnes Church at 530 W. Pierson Road, Flint, contacted the Police and stated that he had seen Gregory Greene waiting near the school on three different occasions. At that time, Officer Thomas Waldron contacted _____ to obtain permission to interview _____ On January 20, 1977 _____ told the Officers that sometime in July of 1976, in Gregory Greene's home, the defendant had performed oral sex on him. Later, in a second interview on January 24, 1976, _____ told the officers that Greene had performed oral sex on him at least five or six times on a motorcycle trail behind Northwestern High School. Also, he stated that he had performed oral sex on Greene.

_____ told the officer that he did not tell anyone since Greene told him that, "In California he choked a boy who was going to tell on him and that he brought him back to life and took him to a hospital and got caught." _____ also told the Officers that the defendant had taken photographs of him while naked and that Greene said that he would give those photographs to _____ parents if _____ told on him.

In the Preliminary Examination _____ testified that he had met Greene in July after he joined a baseball team that Greene was coaching. _____ related to acts of oral sex and attempted anal intercourse by Greene on _____ Greene offered _____ rides on a motorcycle and on one occasion, a toy, to get the victim off alone with the defendant. According to the victim, the first time Greene sexually approached him he did nothing because, "I liked him then and I just didn't want to hurt his feelings or nothing." Later, _____ tried to avoid Greene and made up excuses to keep from going over to Greene's home.

According to the defendant, he became involved with _____ thru _____ age 13. He states that _____ started hanging around his home. One day _____ told him, "I know all about you. Don't worry about it." Greene stated that he then found out that the 13 year old was having sexual encounters with another adult who Greene used to have sexual experiences with. Greene and _____ then became sexually involved. Then in June, after Greene decided to coach a baseball team, he was introduced to _____ According to Greene, _____ and I got involved. It was more for companionship than for sex. I was like a father figure to him and he was a companion to me. He was someone I could get close to, to tell him about my problems." Greene states that he did not go searching for juveniles to become sexually involved with. He states that after he became involved with the boys in his neighborhood, he started lying to his Probation Officer and to the Therapist at Mental Health. He stated, "I couldn't tell Matthews because he said he would tell the Probation Officer if I became involved with kids." At that point, the whole thing began "snowballing".

Greene states that since being in the Jail he has changed himself. While in the Jail he has found God and he is now changing his whole "inter-nature". He feels that if he is now given one more chance, he can make the changes permanent. He told this officer, "I know that if I'm given one more chance and I blow it, they'll lock me up and throw the key away."

REENE, GREGORY WOODARD

OFFENDER'S
DESCRIPTION
OFFENSE

"It all started in May of 76. I needed a transcript of my grades from the High school I went to but the name of the school was change, also the school itself, from a high school to a grade school, and I couldn't find the name in the phone book.

I seen this boy walking from the direction of the school past my house a few times, so I asked him the name of the school. Well we talked for a few minutes because he wondered who I was, being he never seen me before at the house where my father and brother lived. The talk got around to baseball and he ask me if I wanted to coach their summer baseball team. I said I would let him know in a few days or so. The boys name was

I asked my P.O. for permission and he said as long as another adult was present, so I arranged for a friend of mine to help me.

He came back a few days later with a couple of his friends and introduced them to me. I told them I'd coach the team and found them a sponsor. Well things went fine until the middle of June, when my mental stability started breaking down.

Back in 69 or 70 I had a sex involvement with someone 3 years younger than me and he still lived on the block. He told me about this, who confronted me, but said he wouldn't say anything because he was involved with people himself. I had started working nights, and wasn't getting much sleep. I had started worrying whether anyone else would find out about my past. I started drinking heavily. He started hanging around my house and I didn't send him away because I was really afraid he would spread things around. At this time my friend quit who was helping me with the team. I got mixed up, I couldn't talk to my family at this point because they hadn't really accepted I had a problem yet. I was afraid to tell my P.O. I just got all mixed up.

When something happened that's hard to believe but I swear is the truth, I made an overture of sex towards me, I did not approach him first. This may sound like I'm blaming him, I'm not, but the boy did cause me an awful lot of frustration. I had sex with him and I'm sorry I'm truly sorry. I was wrong and at this point I was too weak to resist. Then the whole thing snowballed which led to the involvement of his two friends, and

Around the middle of August I finally told a lot of people, which got back to some parents, which led to most of the team to stay away from me except I was so mixed up now and mentally weak that I turned to him for friendship, not sexually except for the times in the middle of summer, but more on a Father and Son type situation. Which eventually led to his running away one night, to the police getting involved, to an investigation of me, that I knew was going on but didn't run because I wanted this nightmare to end.

"What can be done to keep this from happening again and what I think could be done.

"I know the question remains that I was arrested in Calif. and now here and what's to prevent this from happening again. Well I feel there's a lot and I had quit before I was arrested. But first I would like to say that the year I spent in the hospital I only received a total of 4 or 5 hours of psychiatric help, and the time I spent here with mental health, I did all the talking, no feedback, no ideas how to help, but most of all no trust because of him saying he would tell my P.C. anything wrong I did, and trust is the main ingredient between Doctor & patient.

Offender's Description of Offense (Continued)

"I know this all may sound like excuses or I'm trying to shirk my responsibility but I'm not. I'm the first to admit its wrong what I've done and am truly sorry. But I never knew why until a few months ago what really caused me to do what I've done.

"I told on myself in Calif. and begged for help and never got it. I knew I was getting arrested here and didn't run because I knew I was wrong and want to quit. I went on T.V. to try and show theres another side to me, that I didn't deliberately become a child molester, that I want help.

"Now there is a chance for that help, my family understands me more and want to pay for a psyciatrist to work with me. Reverend Hasie has arraigned for --- to start working with me. He also and the most important, has helped me get back with God, which has change my life. I actually found a cleansing of the soul & mind in Christ. I know getting involved with those kids was wrong and I'm sorry.

"I've never forced or kidnaped a kid, I get emotionally involved first, that's why I feel a place or situation like a halfway house, hospital or local correction facility where, maximum supervision is involved, so there's no possibility of an emotional involvement with a kid, where a therapist payed by my family could work with me, and my family working with me and my faith in God now would work.

"I know I have to be punished but allow it in a place where I can receive the help my family wants to give and not fear for my life where its' been threaten by a dozen people who went to prison. With the new insight I've received, with the help of --- with my family behind me. I know I can and will quit. I've never enjoyed what I did, I've hated myself for being a child molester, but I didn't know how to quit until now. I've always wanted to live a normal life, and now the opportunity is here if you would allow me another chance, I won't let you down because I won't let myself down. I'll make it, I know I will with God's help.

"When I got arrested, I co-operated fully with Det. Waldren, told him everything I knew and did and he used the information to the fullest.

"I've volunteered to work further with Waldren or the prosecutor, I've never been involved with any homosexual ring or passing kids around, but I do have information that could alleviate some of the problems in Flint, to show the community how & why kids do get involved. I also think I could find that person in Detroit. When I came to court my lawyer told me the prosecutor had agreeded to this in exchange for lessening my sentence, but I only wanted to go to a place to get help, or stay here under a delayed sentence and then get sentenced here while I got counseling. My lawyer said he would even try to do this but I haven't seen him since I pleaded guilty, and --- arraigned a therapist for me which my lawyer said he'd do.

"But I didn't agree to this just for myself but because I'm concerned about the problem as much as anyone and I'm sorry for what I've done, for any mental harm I may have caused. I want to do all I can in preventing this from happening again, to stop other kids from getting involved and because I know I was wrong and want to do all I can to make up for it. To prove my sincerity I've offered to be castrated instead of going to prison.

"I know things are stacked against me, but I've never run or tried to escape and If I was given another chance it would be my last. But I've got a Faith in God now, a family behind me and --- if who sincerely wants to and can quit."

REENE, GREGORY WOODARD

PREVIOUS
 RECORD
 0

Juvenile History: None known.

Adult History:

- 3- 8-68 PD, Flint, Michigan Traffic Warrant \$10 or 5 das.

- 8- 8-74 PD, Huntington Beach, Calif. Sodomy Felony Child Molesting Sex Perversion 5 yrs. Prob. Judge Williams, Sup.Ct. 1-28-76

his offense involves the defendant having oral sex with a 10 year old boy in Huntington Beach, California on August 1, 1974. As the victim attempted to push Greene away, Greene struck the victim in the throat rendering the 10 year old unconscious. On October 8, 1974 the District Attorney's Office in Orange County filed a 45 count criminal information. Apparently Greene and another adult were engaging in oral sex with a group of minor boys who played Little League Baseball where Greene worked.

1-25-77 PD, Flint, Michigan
 Crim. Sex. Cond. 1st Degree (Present Offense)

Review and Evaluation of Probation: Greene was placed on five years Probation by Judge Kenneth Williams in the Superior Court of Orange County, California on January 28, 1976. The conditions of his Probation were not to violate laws; to submit to any counselling program as required by the Probation Department; maintain training, schooling, or employment and residence as approved by the Probation Department; to be confined in the Huntington Beach County Jail until February 11, 1976; not to be in the presence of any minor children under the age of 18 unless in the presence of a responsible adult over 21 years of age or unless approved by Probation Officer. On or about February 11, 1976 Greene was taken from the jail and placed on a plane to Michigan. Shortly after that a request for Transfer of Supervision was received here in Genesee County. On March 1, 1976 this officer accepted courtesy supervision.

One of Greene's conditions was to submit to any counselling program as required by the Probation Department. Initially, there was difficulty in getting Greene to participate in Community Mental Health Services on an out-patient basis, since he no longer felt a need for therapy. He stated that the doctors in California supported his belief and that he was cured. This officer then received information from a Program Director of the Patton State Hospital in California. He felt that Greene was in need of long term therapy. At that time, Greene was told he must become involved in the Community Mental Health Program. On several occasions in April, May and June, 1976 during his regular report dates, Greene talked to this officer about his no longer needing therapy, but that he would continue to be involved in therapy as long as the Probation Department felt it necessary. Also during that time he would frequently ask hypothetical questions regarding his association with minors. He was told by this officer that as to the condition regarding being in the presence of minor children without a responsible adult over 21 years of age being there, would not be a condition and this officer would not approve any exceptions. At that time he stated

GREENE, GREGORY WOODARD

Previous Criminal Record (Continued)

Wished he did not have such a condition because he felt a need to test himself. He felt that until he was tested and then overcame the temptation, that he would never know whether he was cured or not. It should be noted that one of the hypothetical questions that he presented was what if he became a coach of a Little League Team. Greene never told this officer that he was a coach of a Little League team and he was never given permission.

Greene made adequate adjustment to Probation in terms of reporting, maintaining work, and participating with Mental Health. Greene was apparently quite successful in covering up his sexual activities until just shortly before his arrest for the present offense.

OFFENDER'S
PERSONAL
HISTORY

Father: born in 1925. Lives at
He has a high school education
and 35 years seniority at Fisher Body, Coldwater Plant
died on January 6, 1966 at
Mother: the age of 37.

Sister: born in 1946. She lives at
She is a housewife with a high school education and three
sons.

Brother: born in 1948. He lives at
He is married, has one child and has a high school education plus four
years of college. He currently works at Chevrolet Manufacturing.

Brother: born in 1955. He lives with his father at the above address. He is
a Manager for Nobil Shoes in Sterling Heights. He has a high school education, and
is single.

Gregory Greene was born in Detroit and he is the third of four children. He lived with his father until sometime in 1970 and then left to go to California. He stated that he left Flint to go to California to get away from some of the people with which he was having homosexual experiences. After being placed on Probation in 1976 he returned to Flint and moved back into his father's home. He was living with his father until he was arrested for the present offense.

Greene describes his relationship with his father as "We were getting along pretty good but he got upset when I got arrested again. It almost killed him. He has an ulcer that he doesn't tell anyone about. He's very concerned about the family and he loves us in his own way." As to his mother, he states that he had a good relationship with her and he described her as a person who "She provided for us and tried to show us right from wrong. She led to my fear of women. She'd do anything for us. I couldn't ask for a better mother." Greene added that his parents did not show affection for each other or for the children. According to Greene, no one else in the family has ever been arrested and he believes that his brother, may also have a sex problem.

MARITAL
SITUATION

Greene is single, has no children, and currently has no girlfriend.

MILITARY
SERVICE

None.

JOB Unemployed. He was last employed from May 7, 1976 to
RECORDS December 29, 1976 at K-Mart Store, located at 1145 N. Belsey
 Road, Burton. He worked as a night maintenance man in charge
 a crew of three or four. He was fired for stealing. Prior to that, from June to August
 of 1974 he worked as a gardner and maintenance man for the Little League Ball Park in
 Garden Grove, California. From 1971 to 1973 he states that he was self-employed making
 surf boards.

EDUCATION Greene graduated from St. Agnes High School in 1968. He
 reports that his grades were average and that he was involved
 in sports at St. Agnes. He played baseball, football, basketball and was a member of the
 Varsity Club.

He has not taken any additional education since high school, however, he did study and read
 psychology books while at the Patton State Hospital in California. At present, he is taking
 a Bible Study course thru Reverent Hosea, the County Jail Minister.

SUBSTANCE Greene states that he smokes about two packs of cigarettes a
ABUSE day in the Jail and before that he smoked about a pack a day.
 He states that he occasionally drinks alcoholic beverages and
 that alcohol has never been a problem for him. As to drugs, he states he tried L.S.D. twice
 in 1970, but has used nothing else since then, except for the occasional use of marijuana.

MENTAL & According to Greene, his health is excellent. At present, he
PHYSICAL is taking no medication except for laxatives. He has no past
HEALTH medical history with the exception of a hernia operation at
 age five and a broken collarbone. He reports that he needs to
 wear glasses.

From about January 24, 1975 to January 7, 1976 this man was an in-patient at the Patton State
 Hospital in Patton, California. From March 29, 1976 to January 27, 1977 Greene was involved
 with Genesee County Community Mental Health Services as an out-patient. As previously
 mentioned, Greene was reluctant in participating with Community Mental Health Services
 since he thought he was cured. Early in May of this year, Greene told this officer that he
 received no professional help at Patton State Hospital. He stated that he only had one hour
 of contact with the Psychiatrist and four hours of psychological counselling. A letter was
 written to the Patton State Hospital asking them to reply to Greene's statements. A May 10,
 1977 letter from the Program Director in California is attached to this report. Basically
 it states that at the Hospital they offer a multi-disciplinary approach thru a treatment
 team, which consists of the Physician, Psychologist, Psychiatric Social Worker, Rehabilitation
 Therapist and Nursing Service Personnel. In a report from _____, Mental Health
 Specialist, Greene went to Mental Health for twelve different appointments. He did not show
 up for six appointments and cancelled two others. _____ stated in his letter, "Mr.
 Greene is a young man who has above average intelligence. He has the intellectual under-
 standing of himself and his problems. However, he has no emotional desire to change his
 perverse sexual behavior toward young males. He never expressed any regret nor remorse over
 his past behavior, except that he had been incarcerated and confined to state institutions
 because of this behavior. Due to Mr. Greene's repeated offenses regarding homosexual
 pedophilia, I would recommend that he be committed to a state institution for long-term
 psychiatric treatment. The treatment provided would hopefully be along the line of behavior
 modification models. Because of Mr. Greene's above average intelligence he is capable of
 putting on a show and making others believe he has changed when he really has not."

Mental & Physical Health (Continued)

According to Greene, for the past several weeks he has seen, at least six times, a Gary C. Cooper who is a Psycho-Therapist with the clinic at G-8469 S. Saginaw, Grand Blanc, Michigan, phone 695-1410. According to Greene, Mr. Cooper will have a report available for Your Honor prior to sentencing.

SOCIALIZATION

Greene states that he enjoys reading the Bible, playing baseball, swimming, leather work, and he is now planning on writing a book. He states he has no close friends, with the exception of the Reverend Hosea in the County Jail and a Belinda Resterhouse, who is his brother's girlfriend.

Greene describes himself as, "I got a problem that can probably be corrected. I know it can be corrected. For a long time I have been lost. My thinking has been screwed up. I am an intelligent person. I've accepted Christ and that has given me a whole new outlook on life.

ECONOMIC
SITUATION

Greene states he currently has no assets with the exception of \$500.00 which is coming as an income tax refund. As to debts, he states he owes his father about \$1500.00.

RELIGION

Greene was raised as a Catholic and he went to Catholic parochial schools thru high school. Just recently he states he has accepted Christ and has cleansed his mind and soul and inner-being.

PROGRESS REPORT

Green, Gregory, 159176

Psychiatric Services Unit

Ronald J. Gilles

3-11-76
