View of Keller

admires, I dealigned and sympathizes
with Keller

Sofisticated - Brilliant - Handsome
who couldn't have normal relationship with
a woman because he wouldn't be in control
Had to work so much - no social life
He didn't have as much money as other people
Couldn't get a decent job even though he
had formal education - No Love at Home
mentally abused - that he needed to
wake up Birmingham like a Cannon
Ball fired into the guts of the world...
finds adults to threatening to deal with
sexually - he thinks of the killer as
a humanitarian freedom fighter
because he didn't torture the children and
took good care of them - imagines killer
to be a genius because he outsmarted
60 detectives, the media, the population
and the children - He committed 18
difficult acts in the midst of the most
massive manhunt in Michigan
history, 18 acts because 6 times he
picked up the kids, 6 times he held them
and 6 times he dumped them all without
getting caught or leaving a clue

Although his apt has a lot of storage
he has a very small closet office
at _____ where he had
hidden a plastic box containing dissecting
eg and also black pouch with manicute eg

many Nylon pants hose (used)
New Nylons spider design print

Book collection on Serial Murders
But not Wolf in Sheep Clothing
He has seen every movie on the subject
He compared these crimes to the OCK
and comments that none were so
cleverly plan + executed

Social + Economic Problems - act was
justified

His worship of Hitler seems to be
symbolically representative of his
justifications for what killer did,
that is that the social + economic
problems justified the taking of
human life

You are the Oakland C C Killer!
and it doesn't matter to me
I'm just not going to write my book —
let's talk about your book

"No! You're not getting any more of
my time" I said it doesn't
matter ... I don't know why but it
doesn't matter that you are the ock

"You're not going to call me that"
why - you have been the prime
suspect for 15 yrs

"How can that be I only was
interviewed once" ... But they
have been watching you and waiting

"No one is going to call me that!"

... are you saying I should be
afraid? I'll leave, do you want
my phone no. "No not really"

... Well if I'm not going to come
here any more and if you happen to
get over this mood - how will you
reach me "I don't care, I don't
want to see you ever again!" ...

You just wouldn't rest - you wouldn't
leave this alone - how do you expect
me to admit this to your Det. friend

" In the back of your mind that's what
you were after all the time -
Get out of here! ""

I was scared - !!!

at first I thought _____ was the
OC ski mask rapist - he laughed about
that and said "well I was question about
the ock" - and he was flattered
by my interest and attention - we started
to have coffee daily and I would stop
by his apt and we always talked about
the ock and my writing a book - at
first he would correct all misinformation
that I would tell him and it was very
important to him that I understood every
detail - when I first told him I was
talking to a Det. who was a friend, he
started to play mind games with me, giving
me more disinformation than true -
he found it really exciting when I
could correct it - on Sat Feb 8 when I
started to really push and when I finally
just came out and accused him in a
more direct and forceful manner
(He was very upset) I left him alone for
3 days and when I went to see him
I asked him should I be afraid, are you
going to kill me - he said "no - I
understood him more than anyone
ever had" ... "but don't push him
because there are some things he is

never going to tell me" — I waited
until he brought up the OCK again —
before I started with all my 100's of
questions — I knew he was fastenated
with my sympathetic and now
judgemental interest about the killer
and from that day on ...
knew that I knew and I also knew
that he knew — I knew — and
we became snake fastenated with
each other and there was nothing
we couldn't talk about — and
we develop an unexplaid energy
between us that refers to all
of the time — he has been so comfortable
with me its like we are soul mates ...
(at least, thinks so)

* However since I've told him I talked
to Jill's father — he appears agitated
and apprehensive, but never stops
with his questions about the family
feelings ...

I lied and told him I was going to be talking to Barry King - first he was shocked then he was flattered and then he acted as if he finally had recieved due recognition - I could tell his mind was going in a dozen directions as he was trying to talk about many things all at one time yet when he walked with me later - he was noticeably quiet and in a daze or trance

was also question by Police
When he was 19 about
death at
the bottom of water tower

I learned later that this boy had
played the piano at _____ house
and _____ mother loved him —
hated him 000
