

tell us. What are they trying to do?
 Trying to...well, I don't know how to say this, check me out
 or she's aware of a child custody case through her sister when
 she was staying over in Ossineke. and I talked
 about it. We all came to the conclusion, I couldn't come to
 a conclusion without someone who knows her well. Talking with
 them and her sister, we all came to the conclusion that she
 was nuts and I have no control over her. There's nothing I
 can do, knowing her emotional spasms that are total
 irrational. I can't handle that.

DS Just this last Sunday when you saw _____ in the window and
 she saw you, did _____ come out on the porch? She said no
 and went back in and shut the door?
 I asked her at that point. I said, "Do you think I'm
 a child molester?" Probably I didn't see who it was,
 said something to her because she's behind the door they were
 telling her she didn't have to answer that question.

DS Did you see
 No. She gets excited when I bring her candy or gum or
 something. At Christmas I got her a bike and scooter, I buy
 her a lot of clothes.

DS Is _____ the first woman that you've had a child with?
 Ya.

DS You went out with a couple of girls prior to meeting
 A couple of them were what you thought were kind of a serious
 relationship, but they had children and were divorced, and you
 weren't interested in them?
 Ya. When I was younger, in my 20's.

DS Were any of those women still married?
 No.

DS Have you ever gone out with a married woman that you had a
 real big thing for..maybe been in love with?
 No, I was in love with a teacher I had, but never...

DS A college teacher?
 Ya.

DS Did you ever let her know you felt that way about her?
 Ya, I let her know, but I just told her.

DS Which teacher?
 History teacher.

DS How did she respond to this?
 She understood. She was a very understanding woman.

DS At the time you were in your 20's?
 Ya, and she was quite a bit older.

DS What did you tell her exactly.
 I just told her I loved her.

DS In class one day, or did you meet her somewhere?
 Ya, we had a class and went to a museum once. She was always
 talking to the kids, you know.

DS One time you talked to her, and is this how it came about?
 Well, I talked to her in her office.

DS What was her response when you told her you loved her?
 She said she knew.....

DS Did you go to her class?
When I finished I was....

DS Did you go back to the school after that? ...was it because of her, you think?
No, I graduated.

EPO Did she ...or did you just know that because she was wearing a wedding ring?
No, there.....

DS You didn't have any type of relationship with her at all?
No. I had leave behind and pick up...caused some emotional feelings...really go to be alive. It gets to the point where it consumes your whole life..you can't stop thinking about her. So all of my other classes kind of starting falling out. No interest. I was at a point in my life where I had occasions where life became...you know, an eye opener.

DS Did you ever feel that way about any of the other women that you went with?
Ya. When I was younger in my teens.

DS Did you have relations with them?
No.

DS You were too young?
I was too busy.

DS How do you mean.
I was going to school and working. I dated them, that's all. It wasn't a time to get serious.

DS Do you have to be serious to have sexual relations with a woman?
I think so.

DS How about
Ya.

DS Were you real serious with her when you had sex with her the first time?
Ya.

EPO Did you date anybody or have sex with anybody that was around your...when you very young...anybody about your age?
Ya, I had a couple of girl friends.

DS You were very young, or the girls were very young...girls that were younger than you?
No, was the youngest one as far as age. When I was 16, I was dating a girl that was 16 also. At 19, I was dating a girl that was 19. When I was 20 I was dating a girl that was 20.

DS Did you have lots of girl friends, not necessary all at the same time, but....
No, I had girl friends but I wasn't ready to get serious myself with them. There were a couple that were divorced and had kids that I liked but it was a point of indecision at that time.

DS How old were you at the point in your life?
19 to 22, 23.

DS Between the ages of say 25 and 32, 33 when you were with the first time?

I went with _____ when I was...
DS There's that 7-8 year gap where there doesn't seem to be anything going on, maybe from the mid 70's to the early 80's. What's going on during that period of time? Not a whole lot...stagnation. It was hard times. I couldn't

DS Prior to that time you were always working and going to school and were very busy...girl friends, school, work and all that stuff...all of a sudden there's a period in your life (like a window) where there's nothing going on. You're working 2 nights a week, going to school...then things begin happening again...you're back at April 8, 1992

Interview with _____ Present Chief Ostin and Commander D. Studt.

DS _____, again, you understand that this is being recorded, and you understand you don't have to be here?

Yes
DS If you don't want to be here, you can leave at any time, correct?

Right
DS Anytime this afternoon you want to get up and walk out, you just let me know, and get up and walk out. You don't have to say anything.

...I went over there Sunday and ...last week, and I had to pick up some things I had over there and _____ told her that she didn't have to answer that. Then she said "I don't have to answer that." I haven't been able to see _____ in a couple of months, basically because I filed a complaint about my books.

DS Why are you here today?
I want to clear up any doubt about my credibility. I don't know what might have led anybody to think that because I..I don't know who she is or what she does. I tried to see this lawyer all week and apparently they know who Helen is and the girls in the office asked me what regards this might be and I really don't know...I'm not familiar with the law.

DS Why are you here talking to us?
Like I said before, I want to clear up any doubt that may make me a suspect in this case.

DS How do you think we can do that?
I don't know.

DS If you were me, how would I do that?
I don't know. Polygraph tests, I don't know what it can do for me. I don't know if it's going to leave me in limbo or..

DS Well, it was inconclusive last time. That's why we'd like you to take a second test tomorrow. Last time we talked, one of the things we put a lot of emphasis on was the passport. We thought that would clear you. If you remember, after we brought it up, we talked for a couple of hours and then we went to _____ brother-in-laws and picked it up. The passport indicates that you were back in New York City on

February 10, 1976.

I don't remember him asking me that question.

DS

Who
Trooper.

I said March, but I wasn't clear because I didn't see the passport stamp. I believe you're right, February 10th. I think I spent 3 weeks there.

DS

You returned February 10 and you came back earlier than you expected to, because when we talked before you said that you tried to go to England, but they wouldn't let you in because you didn't have enough money.

Right.

DS

Then you went back across the channel and came home to New York. When you got home to New York, where did you go?

Florida

DS

How did you get from New York to Florida?

Hitchhiked.

DS

Do remember how much money you had with you?

I had \$1.00.

DS

And that was it?

That was it.

DS

How much money did you have when you tried to get into England when they wouldn't let you in?

Probably about \$20.00. I can't remember exactly.

DS

They denied you entry because you had \$20.00 and then where did you go?

I went back to Luxemburg and got on a plane.

DS

So, you went to Luxemburg and got on a plane?

I think so.

DS

When you landed in New York you only had \$1.00 with you?

Right

DS

You said you bought...

A loaf of bread.

DS

Did you ever tell anybody that you took a bus back to Detroit before you went to Florida?

...

DS

If somebody then said that you had \$58.00 and took a bus to Detroit, that wouldn't be the case?

No. My brother was in Florida.

DS

Which brother is that?

EPO

Who was in Phoenix.

My brother my youngest brother. I don't know if he was...he might have been in either Phoenix or Oklahoma.

EPO

Same brother? Oral Roberts?

Ya Oral Roberts.

DS

Where was your brother living in Florida?

Homestead. He was managing a International House of Pancakes Restaurant.

DS

You talk to him recently?

No. Probably a couple of months..I talked to him in January. I called him.

DS Was it a holiday type call?
 No, I called him about starting the business...the phone business.

DS If he worked at the International House of Pancakes in Homestead, where did you hitchhike to? Did you go to his apartment?
 Right to the ...U.S. 1 the main highway that goes down there...two rides almost from New York City.

DS Is that right? Where did the first ride take you.
 Washington, D.C.

DS From there you went to Homestead?
 Ya, there was a guy picked me up in his van. He was going down the ...he was going to Miami and then he was going back to Daytona... One ride from Miami all the way to Homestead.

DS How long did you stay with your brother?
 A couple of months.

DS That was in his apartment?
 Right.

DS Was anybody else living there?
 I don't think so. There was a lot of people there, occasionally and I don't think anybody was staying there overnight.

DS Where'd you go after you left Homestead?
 I went to Atlanta to a friend of my brother.

DS Who's that?
 his girl friend and his dog.

DS How'd it come about that you went with and his girlfriend?
 He had a job and so did I. We painted addresses on curbs. His wife lived in Atlanta. We made a little bit. We stayed out of motels..you know, shared motels to get started. We didn't make enough money to....

DS Did his girl friend work at all?
 Ya. I think she helped out painting.

DS What was her name again?
 Let me see, I can't remember. I remember his dog's name.

DS Let me ask you about something brought up when we first came in about said to you that she didn't want you to see ; What's she concerned about?
 I don't know.

DS What do you guess?
 Well, I got tied up there about my books.

DS She's mad at you because of I understand that. That wasn't your fault, took your books, right? And knows that took your books?
 Right, but she gave him...a guy at the book store called and asked her if it was all right to exchange these books. He said yes.

DS Is she implicated in the criminal case? You didn't file charges against her?
 Not again her.

DS Just

Ya. I don't know how that's going to...
 DS Prior to that, was she concerned about you seeing
 No.
 DS She let you see her?
 Ya. I hadn't been there in two months.
 DS Why's that. You just live down the street.
 I know, just because of [redacted] When I was moving my books
 out of there, that's when [redacted] took my books over there and
 exchanged them.
 DS I'm confused. You moved to the [redacted]
 I had a lot of things over at [redacted] house.
 DS Right, and that's when [redacted] stole your books? Prior to that
 time, you had seen [redacted] didn't seem to have an
 objection to that.
 Right.
 DS If my memory is right, you had only been living up here a
 couple of weeks prior to moving to that address, is that
 right?
 I was living in Ossineke since July.
 DS Then in January you moved on [redacted] Street. That's when
 stole your books, and you haven't seen [redacted] since then?
 Right. It was probably a week after I moved in or two that
 when I met Helen.
 DS Prior to your meeting Helen, did you have a problem seeing
 at all?
 No problem.
 DS How often had you seen her? Did you go to visit once a week,
 three times a week when you were in Ossineke.
 When I was in Ossineke, I saw her at least once a week.
 DS Over a six month period?
 Right.
 DS And there was never a problem?
 I didn't like some of the things that, you know..
 refers to me as [redacted] calls me [redacted] I don't like
 that. I want to be called dad. Things she's teaching her, I
 don't go along with. She's teaching her how to play a game
 and she's not teaching her right.
 DS Does disagreements ...
 I just let them ride, I don't bring them up or anything.
 DS Did [redacted] object to your coming to visit?
 No.
 DS Did you ever take [redacted] to the park or down to the waterfront
 or the harbor, beach, or anything like that?
 No. ...
 DS In the house?
 Occasionally go different places, you know, public places.
 DS You and [redacted]
 No, [redacted] other daughter.
 DS What other kind of places would you go?
 There's a duck park over here, the mall..
 DS Now, this is at the same time you were trying to get back with
 am I right?

Ya.
DS When you were in Ossineke in July when you first came up here, you kind of had thoughts that you wanted to get back with

That's really why I came up here. I come here for a weekend or a day. I really didn't have any idea of how things were going. I wanted to come and visit. It was not working down there and I decided to move up here and bring this up front and see what we were going to do about it, or else..

DS What were you trying to bring up?

Whether her or I could manage to get together.

DS From July to January, did you ever suggest to that you and go to the duck park or the waterfront?

-- No, she has mentioned to me several times that she wasn't going to leave her sight.

DS That wasn't going to leave her sight?

Right.

DS Do you think she thought it wasn't safe for to be with you?

--- I don't know, she had a problem with her other two husbands that she's brought up to me all the time.

DS What problems were those?

Her ex-husband ...her other daughters pants ...and she was the last to find out about it and...

DS Was that true?

People that I talk to about it, they seem to agree with what she says. I talked to her sister in Ossineke and.....you call them up and asked them about this, but had one of his kids, I think, sitting on his lap, and she accused him of being a child molester. He will not go into her house anymore. He didn't want to be around her. She said the same thing about her other ex-husband. I heard her say several times that she thinks every man is a pervert.

DS So she's concerned about safety with you?

Probably. I've never given her any reason to suspect me as...to give her any reason to do that. She has a mental block about...she had it before I even met her.

DS Is it safe for to be with you?

Sure.....(EPO - question not distinguishable)..it's a full time job

EPO ...partly because they had no place to stay. You remember that occasion?

DS Pontiac or Lake Orion?

They were down there.

EPO They stayed at your apartment, where did everybody sleep?

I slept in the bedroom and they slept out in the rest of the apartment.

EPO Where, on the floor?

Couch.

EPO Where did sleep?

On the floor...

EPO Did you crawl around on the floor on all four's when you were

naked when they were there.

No.

DS Did you make any advances toward at that time that she could misconstrue as...

No, no sexual advances.

DS Maybe even an affectionate thing trying to get next to her or anything like that?

No.

EPO Why would anyone say that you were doing that?

I don't know.

EPO Why would say that you put her hand across her legs underneath the covers to get at the other girl? Were you naked?

No.

EPO What were you wearing?

....I was in my underwear but I came out in my bathrobe...

EPO What were you doing that made them think...

I wasn't doing anything. I remember walking out there to see if she was asleep. I didn't put my hand across her or anybody.

EPO Across her legs. She thought you were going to fool around with her, instead your hand went over..

I didn't do anything like that. I wouldn't consider doing that. With her alone, that's a different story. I remember her getting up and we went in my bedroom. We weren't having sex or anything, but we..I went over there to see if she was awake and...I'm telling it exactly...

DS ...when you went to see if she was awake, like bending over, maybe she thought you were crawling?

No.

DS That's what she said, you were prowling through there. She said that was strange.

I remember prowling at her apartment up here, but that was in the context of her and I playing sexual games.

EPO Were you with her then on the floor?

No, they were in there...

EPO Maybe that's the occasion.

DS I've got to confess, I'm lost.

EPO Well, I'm not; I remember this.

DS I remember the story, but I don't understand what's going on. You're on the floor with her. Is she standing or sitting, or is she on the floor?

She's in bed. This is the apartment up here now. She's sexually..

EPO You mean her hormones are kicking in?

Ya. I'd go in there and see the baby, because the she would cry. The baby was in a crib. I'd ...

DS That's not this time, that's where I got lost. She was in bed and you crawled in there, is that what the deal was?

EPO Were you naked that time?

No. I had a bathrobe on. I didn't expose myself or anything like that either.

DS Tell me about the game.
EPO Nobody said anything about exposing themselves..just every body was asleep then?
I was presentable.
EPO Was in the bed with you then?
I think so, but it was a big bed and she was on the other side.
EPO Could you have inadvertently gone across?
No.
DS What happened when you went in and checked on
She was laying there really sexy, sort of half exposed. She got mad so..
DS Why did she get mad?
She thought I was trying to trick her.
DS How were you trying to trick her? Did you touch her at all?
I think so.
DS Is that when she got mad at you?
Ya.
DS She was still half asleep and you kind of...
Ya, I touched her to see if she was...
DS Wake up?
Ya, she did and she got mad.
EPO Did you like to masturbate when you saw breast feeding the baby?
No. She turned me on, but no.
DS turns you on, but the act of breast feeding the baby does not.
No. I was always curious about that when she had to go and do it, I would leave the room.
EPO If you were curious, you would...
Courteous!
EPO Courteous, I'm sorry.
Sometime she'd be breast feeding the baby and she would just come out and be breast feeding the baby there, but she'd always cover up. If I was sitting right there in front of her, I would turn the other way so we could talk. I don't understand that at all.
EPO Did you go behind the curtain one time and jack off?
No, go behind the curtain and jack off?
EPO Like, were you out on the porch. Do you remember being out on the porch sleeping?
Ya.
EPO Did you jack off there?
No.
EPO Why would she think you did?
I might have given her reason to believe that.
EPO Evidently she thinks you did.
DS You and her talked about this didn't you?
Ya. Not recently though.
DS You did talk about it, because this comes to mind right away for you too.
She might have seen me expose myself out there when she was

there alone. But I didn't jack off.

DS What did you do out on the porch when she was in their behind the curtain that led her to believe that you were out there jacking off.

She might have seen my dick.

DS Well, if she did how did that happen? What was going on.

When she saw my dick then she had to look out and look for it.

DS Is that one of those game things where you're trying to get her attention?

Ya, there was a little hormone activity since she was there alone.

DS When you did that, was she offended?

Well, she got mad.

DS She gets mad because she wasn't in the mood for sex or because she thought that was an offensive thing to do?

I don't know.

DS What do you guess? You know such better than I do.

It might have an offense thing to do, at that time, but she changes all the time. In one instance it's great, in another instance it's the most evil thing that anybody could do. It's relative.

DS She bounces back and forth? In January when you moved up here to Ossineke when you moved down the street from she would not let you see alone?

It's always been that way.

DS Since January you have not seen because of the conflict with you and Just recently you went over there?

Just recently I went over there.

DS What was reason not to let you touch

Sunday when I went over there...I don't know. She said, "Oh no, you're not."

DS And what did you do?

When she walked back into the house...(end of tape, side 1)

DS You said, OK, and she walked...

She was walking back into the house and shut the door and locked it. Then I said ok. When I did first move up here, her and Helen would come over to my place.

DS When you first moved to street?

Right, they'd come and visit and I go over and visit and one day they wanted to see something in my office and they went in there. Somebody was stuffing her coat with stuff out of my office while I was talked to Helen over in another corner. I couldn't understand what she was doing.

DS Who was that somebody that was stuffing stuff into their coat?

I didn't know what she was doing and the last time when Helen came in a sat down in the living room, and was walking around my apartment snooping around everything. I went in there and asked what she was doing. She grabbed my hairbrush and says well, If I can't use your hairbrush, I'm leaving. I said get the hell out. I attempted to let her know that there's laws around here, just as in her house. When I go over to her house...her direction. Since that time,

I haven't gone over there. It was probably the first week or two of January.

DS Do you think that prior to January you had a good relationship with
Ya.

DS Do you think she misses seeing you?
Ya. Last week drove me over and I was picking some stuff up and I saw her in the window and she was all excited. She was happy to see me and and Helen are trying to do this, whatever.

DS Trying to do what? We've talked about everything. You can tell us. What are they trying to do?
Trying to...well, I don't know how to say this, check me out or she's aware of a child custody case through her sister when she was staying over in Ossineke. and I talked about it. We all came to the conclusion, I couldn't come to a conclusion without someone who knows her well. - DS How old were you at the point in your life?
- 19 to 22, 23.

- I went with when I was...
- DS There's that 7-8 year gap where there doesn't seem to be anything going on, maybe from the mid 70's to the early 80's. What's going on during that period of time?
- Not a whole lot...stagnation. It was hard times. I couldn't ...
- DS Prior to that time you were always working and going to school and were very busy...girl friends, school, work and all that stuff...all of a sudden there's a period in your life (like a window) where there's nothing going on. You're working 2 nights a week, going to school...then things begin happening again...you're back at work, you're working full time, you go from the office job to Pontiac, you end up with But prior to that is that period that...that's it not right after college. Most people, if they have a gap in their life, it's right after they get out of college or after high school. Yours just seems to get kind of...
- I know, to find a job, I think I needed a car too. I remember working one summer putting roofs on.
- DS During that period time you were living with your folks. Both of your parents were home, you needed a car, you could have borrowed money from either one to buy a car, because you did at one point, because your father gave you a car. I bought that car from...he helped me get a job at Rod school (?). It's enough money to get you by to get out of the house and make my own stand.
- DS If it were just a couple of months or a year or two, I could understand it much easier than this. This is a gap of a pretty sizeable number of years.
- Right.
- DS Say from 75 to 78.
- Probably 73 to 78. There were recessionary times. Just like now, there's no hiring going on. I don't know where the first place to look for a job. I had a resume put together and...
- DS Those must have been pretty frustrating times.
- Frustrating ya.
- DS Let me ask you a question while we were talking about living at home during that period of time. The last time we talked, if I could put it politely, you were less than candid to put our cards on the table. You said a lie to us at that time, because you told me that you had a pretty good relationship
