Narrative Report

Incident # 77-0006883	Class: 00-0900	Time: 1600	Date: 7-31-2007
OCCK investigation			LPD narrative report

Reporting Officer: D/Sgt. Cory M. Williams

\*\*\* Oakland County Child Killings. "Homicide of Timothy King," Livonia Case #77-0006883. \*\*\*  
\*\*\* Busch & Greene Lead. \*\*\* Developed by Livonia Police in the summer & fall of 2007.

Details: This is the Livonia Police Departments report on the development of the lead into Christopher Busch & Gregory Greene, and their possible involvement in the Oakland County Child Killings (OCCK). This is an "on-going" investigative report, that not only includes the details of how the lead was developed, but also the details of the investigation into this lead, while working in conjunction with the Michigan State Police & the F.B.I., as part of the Oakland County Child Killing Task Force.

7-31-2007: I returned a phone message today from Cathy Broad (King), Timothy King's older sister who is an attorney living in the Chicago area. Cathy told me that she received some information from a friend of hers that she wanted to relay to me that may be a good lead in her brother's case. She told me that she has been in contact with her brother Chris, who resides in the Detroit area, about this information and advised her to call Sgt. Williams at Livonia Police Department. I have had the opportunity to meet Chris King a couple of times during the past couple of years, while investigating the Ted Lamborgine lead, in the Oakland County Child Killing (OCCK) case.

Cathy began by telling me that a close friend of hers, that she grew up with named, is a private Polygraph Examiner in the State of California and attended a Polygraph Examiners convention in Las Vegas approximately a year ago. While at this convention, struck up a conversation with another examiner attending the conference, after noticing the other examiner was from Southfield, Michigan. This other examiner spoke with is named runs a private polygraph business in Southfield, Michigan and has been a licensed examiner in Michigan since 1975. During this conversation began telling the reason he got into the polygraph business 20 years ago. told that he became an examiner because of a close friend & neighbor of his while growing up in Birmingham, Mi., that was abducted and killed in 1977 named Timothy King. Cathy King stated that old her that Wasser was visibly stunned & shaken when talked about his close friend being Timothy King. According to language and overall reaction and mood change indicated to that he had "struck a nerve" with when saying the name Timothy King. Cathy told me that stated to her that then remindec of their obligation to the Polygraph Examiner/Client confidentiality privilege, telling hat he polygraphed a guy 30 years ago that confessed to being involved in the Oakland County Child Killings. told that the suspect was brought to his office by the suspect's attorney for a polygraph, unrelated to the child killings, at which time the suspect confessed to killing Timothy King. Cathy relayed to me that told her stated that the suspect is now deceased and so is his attorney. Cathy also relayed to me that is supposed to be approximately 60 years old.

1 **7-31-2007:** I performed a computer check through Lexis-Nexis in an attempt to locate  
2 . This check showed a with an active Polygraph Examiners license since  
3 1975, located at 30555 Southfield Rd. Southfield, Michigan. The license type showed him to be a  
4 private polygraph examiner. I performed a check on through the LEIN and Secretary of  
5 State, \

6  
7  
8 **7-31-2007:** I called Rob Moran (Chief of the Homicide Unit at the Wayne County Prosecutors  
9 Office) about this information. Moran stated that he wanted to have a couple of days to research the  
10 law on the attorney/client & polygraph examiner/client privilege in Michigan.

11 **8-8-07:** I talked to Moran today who stated that he believed we could obtain the information from  
12 we needed for an investigation, through an investigative subpoena, served on that  
13 would compel him to appear in Circuit Court and supply us with the information about this suspect  
14 and the possible confession, and also to provide any files/records he has relating to this polygraph  
15 interview.

16 **8-9-07:** I met with Rob Moran today at the Prosecutors Office and we presented our information  
17 about this possible lead to Judge Michael Talbot at the Circuit Court. We discussed the information  
18 and Judge Talbot approved an Investigative Subpoena for and his files. I obtained the  
19 signed Subpoena for which was an "order to appear" at the Frank Murphy Hall of Justice  
20 (Circuit Court) at 2:00pm on 8-16-07 in front of Judge Michael Talbot.

21 **8-9-07:** After going to workplacr Consulting Services Inc.) and his home in West  
22 Bloomfield, I made phone contact with , who agreed to come to Livonia Police Department to  
23 talk. When arrived, I explained to him the information I had obtained from a witness and  
24 showed him a copy of the Subpoena I had from Judge Talbot at the 3<sup>rd</sup> circuit court. was  
25 visibly shaken by this, leaning forward and stating that I did not know how serious this is and he  
26 began ranting about case law that prohibits him from releasing this type of information, stating that  
27 it's privileged. I explained to that even though I have a subpoena for him to appear and  
28 produce his records, if he just simply wanted to cooperate in this case and supply the  
29 information, then it would not be necessary to go forward with this investigative subpoena. I  
30 reminded how serious and heinous the crimes were involving these children and that the  
31 families of these victims have been waiting for 30 years for resolution in this case. stated,  
32 that I didn't understand, that even if he wanted to help me in this investigation and supply me with  
33 the information, he could not, because he is bound by law, under the polygrapher, client, privilege.  
34 I asked if it was true that the subject in question and his attorney are both now deceased, to  
35 which stated, "I guess you know everything." asked to be excused for a few  
36 minutes so he could call his attorney? I took out to the lobby area of the police station so he  
37 could talk to his attorney. After a few minutes ; came back in to the Detective Bureau to talk.  
38 I asked if a Judge ordered him to release the information he has, and relieved him of his  
39 responsibility under this privilege, or if his attorney told him it was okay, does he want to cooperate  
40 in this investigation and would he supply investigators the information? said that he would  
41 "absolutely cooperate, 100 percent. After a lengthy conversation & visit with , he then told  
42 me, as he was leaving, that he was going to give me a couple of clues. He told me that the person  
43 we were talking about was polygraphed by the Michigan State Police, about the Oakland County  
44 Child Killings, at the height of the investigation in the 70's, said  
45 that as far as he knew this subject did not have an attorney at the time he was polygraphed by MSP.  
46 I asked if he had the records of this, to which he stated that he does not have files from the  
47 70's. also told me that the State Police Examiner that conducted the polygraph,  
48 was not the normal examiner at that time that was doing most of the  
49 polygraphs for the Task Force stated that this  
50 particular examiner had cleared another suspect in a different case after that, that later failed their.

1 private polygraphs with him ) involving the same type of crime. explained that when  
2 this subject's attorney brought him in for a private polygraph, it was about a completely separate  
3 prime that the subject had been involved in, in the OCCK by  
4 Michigan State Police. r stated further that this person made the statements (confessed)  
5 about the OCCK case, during the pre-polygraph questioning portion of this polygraph. I asked  
6 if the subject and his attorney are in-fact deceased, to which, he stated that he could not tell  
7 me that without consulting his attorney first, nor could he give me their names. I asked r if I  
8 ran a few names by him would he tell me if it were the right subject. then said that he would  
9 have to think a little bit about the name, but that he was sure he could come up with it and that it  
10 wouldn't take too much for him to get it for me, as if indicating that maybe he does have records of  
11 this. asked me several times where I got this information, adding that he believed he knew  
12 anyways. I told that I was not at liberty to give him that information asked me  
13 questions about confidentiality, if he were to supply me with information and asked about this getting  
14 to the media. I explained that we can keep him confidential and even discussed some type of  
15 immunity. at one point, expressed concerns he has about the suspect's family possibly  
16 filing a lawsuit against him for releasing the suspect's name. I gave A.P.A. Rob Moran's  
17 name and phone number for his attorney to contact. At no time during this interview did  
18 indicate that the information about him taking a pre-polygraph confession from a suspect in the  
19 OCCK case 30 years ago, never happened. Actually reaction to what I had learned and  
20 the seriousness of how he was treating this, would indicate that this did in fact occur. The interview  
21 was terminated.

22 **8-11-07:** called my cellphone today and asked me for A.P.A. Rob Moran's cell  
23 number, so his attorney (James Feinberg) could make contact with the prosecutor. During our  
24 conversation, I asked if I ran a couple of possible suspect names by him, would he tell me if  
25 I was right, to which he stated he would try, but wasn't sure if he would remember. I then told him a  
26 couple of names, one at a time, to which he stated that none of them sounded familiar. This  
27 conversation was terminated shortly after this.

28 **8-14-07:** I conducted a phone interview today with confirmed to be the Polygraph  
29 Examiner in California. The story relayed to me during this interview was almost exactly the  
30 story that had been relayed to me by Cathy Broad (King). told me, told him that the  
31 possible suspect in the OCCK case, not only confessed to the murder of Timothy King to him in the  
32 late 1970's, but that he had the polygraph charts and would show them to him the next  
33 time they got together (indicating that he does in-fact have records of this incident in his office from  
34 the late 70's). When I told what had said to me about not being sure if he could  
35 remember the name of the suspect, became upset and stated that the way was  
36 talking to him about it, was as if he knew for certain who this suspect was. further stated that  
37 being a Polygraph Examiner himself, he was sure had a logbook of all the polygraphs he  
38 has ever conducted.

39 **8-16-07:** Case adjourned until 8-24-07 @ 2:00pm. The defense attorney for James  
40 Feinberg wanted time to file motions regarding the Polygrapher/Client & Attorney Client privilege in  
41 Michigan. Prosecutor Moran will file motions showing that under the law, the name of the person  
42 polygraphed is not privileged information. Moran will also show that the only privileged information,  
43 is communications made between the attorney/polygrapher and the client.

44 **8-24-07:** Prior to the motions being heard on the record today, Judge Talbot called all involved that  
45 were in the courtroom, into his chambers for a meeting. The prosecutions response to the defense  
46 motion was discussed. Judge Talbot did not want to make a ruling today, but did say that he  
47 believed that the prosecutor is right in this case and that all the case law regarding the  
48 polygrapher/client privilege that was presented by the defense in their motion, only relates to  
49 privileged communications between the two. Judge Talbot stated that he did not believe that just  
50 giving the name of the client is included in that communication. attorney, Feinberg

1 requested a couple of weeks to look at the case law that APA Moran had presented so that Feinberg  
2 could respond. The Judge agreed and the motion was adjourned again until 9-17-07. The case will  
3 now be heard in front of Judge Timothy Kenny.

4 **8-24-07: \*\*\* (Identified the deceased attorney today that represented the suspect brought to**  
5 **r for a polygraph) \*\*\*** I was reviewing the defense motion today in Judge Talbot's  
6 chambers and observed that Mr. Fienberg had included the name of the deceased attorney in his  
7 written motion. The attorneys name is **Jane Burgess**.

8 **8-27-07: \*\*\* (I identified attorney Jane Burgess today) \*\*\***, I "Googled" the name Jane Burgess  
9 and located a firm in Detroit connected to her name, called Burgess and Burgess. This check  
10 showed the firm to be located at 535 Griswold in Detroit. I performed a check thru the Lexis-Nexis  
11 computer database using the name Jane Burgess and the address from the law firm and located a  
12 Jane Burgess that used to be part of this firm and show's now to be deceased. The results showed  
13 that she had passed away approximately 10 years ago. This matches the information from Wasser  
14 that the attorney of the possible suspect in the OCK case is now dead. The Burgess & Burgess  
15 law firm is now operated by what appears to be Jane Burgess's husband (Lawrence) and son  
16

17 **9-17-07:** We met in front of Judge Kenny today on this matter. Judge Kenny stated that he has  
18 been reading the motions and responses and researching case law, but request 2 weeks before  
19 making his decision. He told , attorney (James Feinberg) that from what he has read so far  
20 he does not see that the name alone is protected under any case law. Judge Kenny told Mr.  
21 Feinberg that he has until September 26<sup>th</sup>, 2007 to file any other motions in this matter prior to his  
22 ruling on October 1<sup>st</sup>, 2007. A.P.A. Rob Moran was present on my behalf and agreed to the final 2  
23 week, adjournment. Judge Kenny added that he is requesting this adjournment because it is a 30-  
24 year-old case, a lot of people will be reviewing his decision, so he wants to thoroughly research and  
25 review case law first.

26 **10-01-07: \*\*\* ( James Feinberg gave 2 more clues today, that might assist in identifying the**  
27 **suspect, while he was discussing the case with Judge Timothy Kenny) \*\*\*** We appeared in  
28 front of Judge Kenny today, at which time the prosecutor (Rob Moran) & defense attorney (James  
29 Feinberg) put their arguments on the record. Judge Kenny discussed his opinion on the matter,  
30 based on the case law he has read regarding this issue. After the judge put some of his thoughts on  
31 the record, regarding this issue, he stated that he is going to think about it this week and make his  
32 ruling in the courtroom on October 9<sup>th</sup>, 2007. While Feinberg was making his argument, he supplied  
33 me with two more clues about the person that possibly confessed to the Oakland County Child  
34 Killings in the presence of his client, and his attorney (Jane Burgess). Feinberg  
35 explained that in 1977, attorney Jane Burgess brought her client to to be polygraphed  
36 on a separate Criminal Sexual Conduct (CSC) charge. He went on to say that this person came to  
37 her in 1977, believing that he was about to be charged with CSC. She brought him for a private  
38 polygraph with and during the pre-polygraph interview, he confessed to the child killings.  
39 Feinberg explained that this person was told it was okay to do so because he was protected under  
40 the attorney client privilege and important for the polygraph that he was preparing to take.

41 **10-09-07: \*\*\* (Judge Kenney made his ruling on the motions today in our favor) \*\*\*** We  
42 appeared in front of Judge Kenny today to hear his ruling on the motions by Feinberg. Judge Kenny  
43 ruled in favor of the prosecution today, stating that Mr. Feinberg's client would have to supply the  
44 name of the person who confessed to his client, but not any of the files or other privileged  
45 communications. Judge Kenny told Feinberg that he (Feinberg) has a couple of days to request a  
46 "Stay" with the Michigan Court of Appeals and that his court clerk would supply Feinberg with the  
47 court transcripts from these motions to allow him to file. The Judge indicated that the court of  
48 appeals would rule on this "Stay" within approximately 3 weeks. If the "Stay" is denied, the Judge  
49 will set a hearing within a few days, at which time, Feinberg's client will take the stand and

1 be compelled by Judge Kenny to give the name of the person who confessed. Moran told me that if  
2 r refuses to give the name at that point, he would be held in jail, in Contempt of Court.

3 **10-29-07:** Rob Moran informed me today, that he received a call from ..... attorney James  
4 Feinberg, who told Rob that his client does not remember the name of the person that confessed to  
5 him back in the 70's about the killings. Feinberg told Moran that if he (Moran) would agree to put  
6 this on an Affidavit, then they could all avoid all of these court proceedings. Rob & I discussed this  
7 and agreed that ..... r knows the name and that Feinberg is bluffing. We agreed that Rob would  
8 call their bluff. Moran called Feinberg back and told him that we are bringing ..... r in from  
9 California to testify at 12:00 noon on Nov. 12<sup>th</sup>, 2007 and that his client can take the stand, under  
10 oath and say his doesn't remember the name, which is opposite of what ..... is prepared to testify  
11 to. Feinberg stated that he is going to go ahead with the appeal then. Moran told him that he would  
12 see him in court.

13 **11-05-07: \*\*\* (Met with D/Sgt. Gray with The Michigan State Police today and briefed them on  
14 this lead into Busch & Greene) \*\*\*** I met with Garry Gray & Dave Robertson (MSP) today and  
15 filled them in on the details of the entire lead that I had developed into Busch & Greene. The Livonia  
16 Chief (Stevenson) had called MSP several weeks earlier to let them know that we have developed a  
17 possible lead in the King murder. MSP was encouraged today about the potential of this lead and  
18 were going to submit their list of people polygraphed in the late 1970's to their intelligence unit in  
19 Lansing, in an attempt to narrow down the list of potential suspects for us. They will try to determine  
20 from the list submitted, which suspects are now deceased, which ones were later charged with CSC  
21 and in which county in the metro area and, if possible, who had an attorney named Jane Burgess.

22 **11-06-07:** A.P.A. Rob Moran received a packet today from the Michigan Court of Appeals that  
23 contained the motion (emergency request for a "stay") filed by Attorney Feinberg in his client  
24 ..... behalf. Moran was notified that he had until noon on 11-07-2007 to file his response to  
25 this motion with the Michigan Court of Appeals.

26 **11-12-07: \*\*\* (The Michigan Court of Appeals denied Feinberg's emergency request for a  
27 "stay" today) \*\*\*** A.P.A. Rob Moran called me today and informed me that the Michigan Court of  
28 Appeals denied all of Attorney Feinberg's motions and the emergency request for a "stay." Moran  
29 stated that he would talk to Feinberg and arrange for him to bring ..... in to testify, next  
30 week, under oath, about the name of the person possibly involved in the Oakland County Child  
31 Killings. This is a huge victory for our investigation and the families of the victims in this case. Rob  
32 Moran asked me to arrange for I ..... to come to Michigan next week and testify about what  
33 ..... originally told him when ..... disclosed this information to him at the polygraph  
34 examiners convention many months ago. We are also going to bring MSP's entire list of those  
35 suspects polygraphed in the 1970's, to the investigative subpoena next week, in case ..... has a  
36 "problem remembering the name."

37 **11-12-07:** I spoke with ..... / today and he agreed to fly into Detroit on either Sunday  
38 November 18<sup>th</sup> or Monday November 19<sup>th</sup>, to testify, depending on what date Moran schedules the  
39 hearing for.

40 **11-13-07:** Barry King called me today, after hearing the news from his daughter (Cathy King) about  
41 the Court of Appeals ruling on ..... motion. I brought Mr. King up to speed on this lead and  
42 how it developed to this point. Mr. King, being an attorney himself, asked about the title of the case  
43 as it went to the Michigan Court of Appeals. After talking to A.P.A. Moran, I informed Mr. King that  
44 the case was heard in front of a 3, judge panel at the Court of Appeals, led by Judge Curtis Wilder  
45 out of Washtenaw County Michigan. The case was titled, In the matter of the investigation into the  
46 homicide of Timothy King. I relayed to Mr. King that the entire case at the Court of Appeals has  
47 been suppressed by the Court of Appeals, to keep it confidential. **\*\*\* (The court of appeals  
48 agreeing to suppress this case, is another huge victory for us, in trying to keep the  
49 information from the media while we investigate further) \*\*\***

1 11-13-07: I talked to Moran this evening. He stated that the hearing (Investigative Subpoena)  
2 would be held Monday, November 19<sup>th</sup> at 2:00pm in the conference room, on the 12<sup>th</sup> floor of the  
3 Wayne County Prosecutors office. Moran said that we will take testimony from witness  
4 first and then we will get our opportunity to question under oath. Garry Gray (MSP)  
5 & I will both be present in the room and will ask questions of , along with the prosecutor.

6 11-14-07: I confirmed our hearing date today with , who then "booked" his flight to Michigan  
7 for Sunday November 18<sup>th</sup>, to testify the following day.

8 11-19-07: \*\*\* (Investigative Subpoena on today) \*\*\* We conducted the  
9 investigative subpoena today on Patrick Coffey, at the Wayne County Prosecutors office. Prior to  
10 talking to Coffey "on the record," we had him sit in the waiting area where Wasser and his attorney,  
11 James Feinberg were waiting so they could see that Coffey had in-fact arrived from California to tell  
12 his side of the story under oath.  
13  
14  
15  
16  
17  
18  
19

20 11-19-07: \*\*\* (Investigative Subpoena on today) \*\*\* The Investigative Subpoena  
21 hearing was held on today at the Wayne County Prosecutors Office. Just prior to  
22 going on the record, attorney James Feinberg, indicated that his client would like to talk off  
23 the record first. Feinberg stated that would be willing to cooperate with us, but would  
24 need to look at some state police polygraph files to refresh his memory about the name of the  
25 person that had confessed to him 30 years ago, indicating that he does not remember the name. I  
26 spoke up and stated, "let me get this straight you remember the name of the dead  
27 attorney that represented this suspect 30 years ago, but don't remember the name of the suspect."  
28 started to say, "well," when Mr. Feinberg cut him off and stated that did work  
29 for that attorney over the years, so he remembers the name. Mr. Feinberg, then stated that if we  
30 could get the polygraph records to a certain location, he would allow his client to meet with  
31 investigators and go through the polygraph files to try to determine the name of this suspect that  
32 confessed to him. Rob Moran asked to speak to the investigators outside the room. Moran stated  
33 that if we can accommodate and get those files, this could be a better opportunity for  
34 investigators to sit with and not only get the name, but be able to ask him questions about  
35 the validity of the confession given to him. This would also allow an opportunity to "save  
36 face," which is what we believe is trying to do by cooperating with investigators off the  
37 record now. This can possibly now be a "win-win" for both sides. We all went back into the room  
38 and Moran advised Mr. Feinberg that we would be willing to work with off the record,  
39 but that we would need a few days to get the old files together. Mr. Feinberg, told us to give him a  
40 call about when and where should meet us. As the meeting was being adjourned, Mr.  
41 indicated that he thought that the suspect had been polygraphed by the task force on the  
42 OCK case, either in Flint, Michigan, or by an MSP examiner from the Flint area also  
43 stated that he thought the examiners name might have been "Cabbott." also took a look at  
44 the list that Garry Gray & Dave Robertson had brought with them, that contained approximately 90  
45 names of people that had been polygraphed by the task force between 1976-1978. stated  
46 that he did not recognize any of those names. The way this hearing turned out today was a victory,  
47 because if we would have gone on the record, we might have only obtained the name of the  
48 suspect. By meeting with without Feinberg present, we may have an opportunity to ask  
49 further questions and glean more information.

1 Garry Gray (MSP) began to make some calls to the different MSP locations where old polygraph  
2 records might be stored. He indicated that it might take a week or so to get all the files to a central  
3 location. I called Livonia PD polygraph operator Tim Larion, who keeps a current list of Michigan  
4 polygraph examiners and asked him if there is a "Cabot" on that list that may be a retired MSP  
5 examiner. Tim told me that there is a private polygraph examiner in the Flushing, Michigan area  
6 named Ralph Cabot, but there is no indication if he was retired from MSP.

7 **11-21-07:** I spoke with Garry Gray this morning and gave him the name Ralph Cabot as possibly  
8 our MSP examiner that polygraphed and the possible OCK suspect 30 years ago. Garry  
9 was going to call some of the older MSP examiners and run the name, "Cabot" by them.

10 **11-21-07:** We had a meeting today at the MSP Metro North Post, to discuss the new information  
11 that has been developed in the past couple of weeks, regarding the polygraph examiner and the  
12 connection between Ted Lamborgine & Ted Miller. Present at the meeting, along with me, were  
13 Garry Gray & Dave Robertson (MSP) and John Ouelett & Jason Bolinger (FBI). Garry started the  
14 meeting by stating that he has confirmed that Ralph Cabot was in fact a polygraph examiner for the  
15 Michigan State Police in the 1970's, worked out of the Flint, Michigan post. Garry said that Cabot  
16 retired from MSP in 1980. This matches what told us yesterday about the examiner from  
17 MSP. This should assist us in narrowing down the identity of the suspect who confessed to Wasser.  
18 Garry said that he learned that all the old polygraph files from the OCK case have been kept and  
19 they are stored at the MSP post in Northville. Garry also stated that there are over 500 polygraph  
20 files and in no particular order. We discussed the fact that there is a possibility that this person  
21 could be connected to Lamborgine.

22 **11-26-07:** I talked to Garry Gray (MSP) today about going thru the old MSP polygraph files to  
23 search for the suspect that confessed to Garry is in the process of trying to locate  
24 examiner Ralph Cabot's old files. His files could possibly be at the MSP Flint post, where he (Cabot)  
25 was assigned and conducted polygraph in the 1970's.

26 **11-27-07:** Garry located Cabot's old files at the Flint MSP post today. He and Dave & I are driving  
27 there, tomorrow to go through them. This file contains all the open homicide polygraph files that  
28 Cabot conducted in the 1970's and 80's before he retired.

29 **11-28-07: \*\*\* (Flint MSP Post today to review Cabot's old polygraph files) \*\*\*** Garry Gray,  
30 Dave Robertson (MSP) & I went to the MSP Flint Post today to look thru the old polygraph files from  
31 homicide cases that MSP Examiner, Ralph Cabot had done in the late 1970's - early 1980's. We  
32 went thru approximately 45-50 files of polygraphs Cabot did relating to homicide cases during those  
33 years, but only 2 file jackets related to the Oakland County Child Killings. The first file jacket was a  
34 subject that Cabot polygraphed for the Task Force in regards to the child killings, on 10-9-1979,  
35 named This polygraph file showed be a  
36 pedophile that divorced in 1975, had been married, with two young boys. This polygraph file  
37 showed that worked as a childrens bus driver for a Baptist church in Genesee County in  
38 1977 and was involved in multiple CSC's in that county in 1977. A report in the polygraph file stated  
39 that was from the Detroit area, had lived in Rochester and attended Calvary Baptist  
40 Church in Hazel Park was polygraphed by Cabot in regards to the child killings

41  
42 When we arrived back at the MSP Metro North Post, we pulled tip# 17153 or from the tip  
43 files. There was no indication, that Lecureux had been arrested and/or officially charged with any  
44 CSC in 1977-78 timeframe, like had indicated about the subject that confessed to him about  
45 the killings, nor was there any indication this subject was deceased. This tip file did state that  
46 liked young boys and young girls. This tip was stamped CLOSED by the Task Force after  
47

48 ) The other Cabot polygraph file we found at the Flint post that was related to the Oakland County  
49 Child Killing's contained 2 polygraphs, both of which were requested by Detective Lourn Doan from

1 Southfield Police Department. The first polygraph was administered on a subject named Busch,  
2 Christopher Brian, w/m, born [redacted] Examiner, Cabot administered this polygraph on 1-28-  
3 1977 in regards to the Stebbins abduction/ murder.

4 [redacted] The date and  
5 results of this test, matches what [redacted] had indicated about the possible suspect, taking & passing  
6 a State Police Polygraph in regards to the OCCK case, at the "height" of the investigation. In  
7 Cabot's pre-test notes from the interview of Busch, it states that he (Busch) had discussed with his  
8 associate (Greg Greene) fantasies he has about "liking tying up some kid." Busch admitted to Cabot  
9 that he has had "affairs" with young boys and that he has a sexual problem, but denied having any  
10 involvement in the Stebbins case. Busch also told Cabot that he has a poor relationship with his  
11 father and that he can talk easier to his mother. Busch told Cabot, that he flew back from England to  
12 Metro Airport and arrived February 14<sup>th</sup>, 1976. Busch went on to say that he didn't remember where  
13 he was for a few days after he returned from England, but believed he had stayed a few days at his  
14 parents home in Birmingham, Michigan before going back up north. The notes indicate that he went  
15 up to the Hillman, Sanford area of northern Michigan.

16 The second polygraph contained in the Busch polygraph file, was that of Busch's associate,  
17 Greene, Gregory Woodard, w/m, born [redacted] The test on this subject was administered 2-1-  
18 1977 in regards to the Stebbins abduction/murder.

19 [redacted] Cabot's notes  
20 from the pre-test interview indicated that Greene had just recently returned to Michigan (2-14-1976),  
21

22 [redacted] Cabot's notes showed that Greene had been  
23 arrested for CSC, 1<sup>st</sup> degree. When Cabot asked Greene, what kind of person would have done this  
24 to Stebbins, Greene stated, "someone that knew the kid and killed him to keep it quiet," then stated  
25 "or it was a one time thing." Cabot asked Greene, what should happen to the person that committed  
26 this crime, if he is caught, to which Greene stated, "that it depends on the person." Greene also  
27 indicated to Cabot that he had hurt 2 boys in California in the past while threatening them not to say  
28 anything after he molested them.

29 While back at the MSP Metro North Post, we also pulled the tips on Busch & Greene. Busch had  
30 tip#'s 369 & 1035 called into the task force on him in 1976-77. Greene had 3 tips called in on him in  
31 1976-77. Tip #'s 370, 9368 & 14753. A few of these tips called in on Busch & Greene are very early  
32 on in the original investigation considering the over 20,000 tips called in during that time.

33 We were unable to locate tip #369 for Busch, but found tip #1035. This tip had a note that stated  
34 that Busch was currently under indictment for sexual misconduct charges. This tip was called in on  
35 3-20-1977. On the second page of this tip, was a note that stated Busch was cleared on tip#369,  
36 [redacted] Another note stated that Busch was deceased  
37 after committing suicide on November 20<sup>th</sup>, 1978, stating that the home was checked, but it does not  
38 say what home or what location. Both of these entries match what [redacted] had told me about the  
39 person that confessed to him being charged with CSC at the "height of the investigation" and was  
40 now deceased. Another tip was called in on Busch on August 13<sup>th</sup>, 1977, from a Sheriff in Presque  
41 Isle County, Michigan. Sheriff Duane Badder gave the following information to the task force, but it  
42 appears that a tip number was not issued on this info. It showed Busch to have an address at  
43 [redacted]

44 A note on this tip stated that Busch was being held in  
45 Presque Isle County on 3<sup>rd</sup> Degree sexual offense charges and was picked up at his cottage on Ess  
46 Lake in Montmorency County, Michigan. Busch's Parole Officer gave info that Busch is supposedly  
involved in a pornography ring.

47 We found 3 tips that were called into the task force on Greg Greene during the original  
48 investigation in the 1970's, which were tip #'s 370, 9368 & 14753. We were unable to locate tip#  
49 370, but did find tip#'s 9368 & 14753. The front of #9368 had only the name Gregory Woodard  
50 Greene, with an address at [redacted] This tip also showed a brown 1974

1 Chevrolet, Mi. lic. : connected to Greene. The only other information on this tip-sheet

2  
3  
4 Tip #14753, was written up by a task force member from Southfield PD (Detective Lourn Doan) on  
5 2-13-1978. This tip showed the same address for Greene and the brown Chevrolet vehicle, both on  
6 Baldwin St. in Flint, but indicated that it is a Chevy van. There is also a note that Greene was in  
7 Jackson Prison at the time this tip was submitted by Doan in 1978. It shows Christopher Busch  
8 listed as his associate, but does not state how they know each other. Doan wrote the following  
9 handwritten notes in the details section on the front of this tip sheet on Greene: "Subject Previously  
10 investigated for Stebbins & Mihalic tip#369. Subject matches last  
11 composite & fits profile given by crime historian. Was sent to Jackson Prison on 6-17-1977. Out on  
12 Bond till then. Arrest Flint PD, CSC 1. California arrested him for 50 counts of CSC 1<sup>st</sup> Degree and  
13 put him in a mental institution for a short time and released him. He then came back to Michigan."  
14 The notes they say "drove Blue," then nothing after that. The notes then say on 2-14-78, officer's  
15 contacted subjects Probation Officer Dave Witter of the Genesee County Probation Department who  
16 stated that Greene was in the County Jail from the time he was arrested for CSC 1, January 26<sup>th</sup>,  
17 1977, till he was sent to Jackson Prison. This was confirmed with the PD, the notes say, (Cleared).  
18 Detective Doan from Southfield was the Detective that requested the MSP polygraphs of Busch and  
19 Greene, during the Stebbins, Mihalic case.

20 I, so it does not appear they were polygraphed again in the King case, or would it have been  
21 necessary. Greene was arrested prior to the King disappearance and it appears as if he was still in  
22 custody (not confirmed yet) during the disappearance. Busch was also arrested prior to the King  
23 disappearance. Busch, on the other hand, was arrested on 1-28-77, 2-28-77, 3-3-77 & 3-4-77, all of  
24 which appear to be multiple CSC 3<sup>rd</sup> Degree cases in different counties in Michigan. Due to the fact  
25 they were CSC 3<sup>rd</sup> Degree cases and that he had an attorney (Possibly Jane Burgess) at that time  
26 he may have possibly been out on bond at the time of the King murder. (Later it was confirmed to  
having been out on bond during the King abduction/murder).

50  
11-28-07: I ran a CCH (criminal history) on Gregory Greene

tf  
and he made his way back to Michigan. He told MSP  
Polygraph Examiner Cabot that he arrived in Flint Michigan on 2-14-1976. This is a day prior to  
Stebbins being abducted. Nowhere so far, in any of this documentation have I found the connection  
between Busch and Greene, or how they knew or met each other. They are simply listed as  
associates of one another, so far.

11-29-07: I performed a check today thru Oakland County Government, on-line database for  
Christopher Busch, and located his Circuit Court file from 1977, archived. This response showed  
court docket # 1977-032312-FY.

11-29-07: On my way home tonight, r called me wanting to know if we could get  
together on Friday (The following day) to look at the polygraph files from Examiner Cabot at MSP. I  
told that we still needed to gather any polygraph files Cabot might have conducted at the  
Northville post in regards to the child killings. told me that he didn't think that was necessary  
because he was fairly certain, the polygraph test had been conducted, by Cabot in Flint. I told  
you remember the name of the dead attorney (Jane Burgess) that

1 represented this guy, you remember the name of the examiner and where the MSP exam took  
2 place, you remember that you polygraphed him at the height of the investigation on CSC charges  
3 and you know the subject is now deceased, but you don't know his name? responded with  
4 the fact that he doesn't remember the name. I asked if he remembers approximately when  
5 this subject died, to which paused then stated that, he died not too long after I had  
6 polygraphed him, stating further that the guy killed himself. This matches Christopher Busch, who  
7 Cabot polygraphed in January of 1977 on CSC charges out of the 6<sup>th</sup> Circuit in Pontiac, and  
8 committed suicide in 1978. (I am still trying to confirm that Jane Burgess was Christopher Busch's  
9 Attorney). I asked how he knows that the subject committed suicide in 1978. Wasser told me that  
10 he was discussing Christopher Busch with Burgess, after he had polygraphed him, wondering  
11 was) what happened to the guy, and Jane Burgess told that he didn't have to  
12 worry about it, because the guy killed himself. Arrangements were made to meet with at  
13 the MSP Metro North Post the following day, Friday 11-30-07 @ 1:30pm.

14 **11-30-07: \*\*\* (Interviewed private polygraph examiner today) \*\*\*** Garry & I  
15 interviewed r today in regards to his information about a person that was polygraphed  
16 by MSP Examiner Cabot & by in 1977. We interviewed r at the MSP Metro North  
17 Post in Oak Park. Dave Robertson (MSP) video tape-recorded this interview. During the interview,  
18 we showed Cabot's polygraph file that contained the MSP polygraphs of Busch & Greene in  
19 1977, in regards to the Stebbins abduction/murder. looked at the two names (Busch &  
20 Greene) but did not recognize either one. When began to read the report Cabot wrote on  
21 Christopher Busch's polygraph, stated that this looks familiar to him. was talking  
22 about the statement from Busch that he had been in England in February of 1977. also  
23 recognized some of Cabot's notes, when Busch was talking about his parents living in Birmingham  
24 and him going to a place in northern Michigan at that time. was also familiar with the fact  
25 that he remembers that, this person committed suicide in 1978. tated that he cannot  
26 remember the name. but this Busch subject sounds like the guy, based on what we were showing  
27 him. It appears that was trying to point us in the right direction, without actually identifying  
28 the suspect himself, or supplying investigators with the information, to protect himself from the  
29 possibility of being sued by the suspect's family. **See MSP's report and tape for further details.**

30 **11-30-07: Christopher Busch's Criminal History**

31 I performed an on-line checked of the  
32 Oakland County Court database for Christopher Busch, and located his court docket # from his case  
33 in 1977. The case was heard in front of Judge McDonald of the 6<sup>th</sup> Circuit Court.

34 **12-06-07:** I called the Oakland County Prosecutors Office records section today and ordered a  
35 copy of the Circuit Court file on Christopher Busch, faxed to me at LPD. This file is the CSC 3<sup>rd</sup>  
36 Degree case he was arrested for, by MSP on 2-28-1977. This case was adjudicated in the 6<sup>th</sup>  
37 Circuit Court, in front of Judge McDonald on 7-29-1977. The Criminal History  
38  
39

40 **12-06-07:** I called the Montmorency County Sheriff's Dept. today and requested a copy of their  
41 entire file on Christopher Busch.

42 This may also be the county he was in when he committed suicide. I requested any  
43 and all paperwork they could find on Busch to be faxed to me at LPD.

44 **12-06-07:** I received a packet of faxed information today from Montmorency County Sheriff's Dept.  
45 regarding Christopher Busch. The Dispatcher that faxed it to me (Amanda), called me and stated  
46 that she checked the basement at their department, but could only locate the "booking packet" on  
47 Busch. In this packet was a "Jail Inmate Record" that showed that Busch was arrested by their  
48 agency on 3-3-1977 for 1<sup>st</sup> Degree Criminal Sexual Conduct. It showed that the crime took place in  
49 Atlanta, Michigan. Busch gave the following information to the "booking" Officer: Christopher Brian  
50 Busch, in Pontiac, Michigan, with a current address at

1                                    It shows a previous address at                                    This also  
2 shows that Busch is the manager of a restaurant in Alma called the "Scotsman," which is located at  
3 815 E. Superior St. Alma, Michigan. This matches what Busch told Polygraph Examiner Cabot  
4 (MSP) in January 1977 during the pre-polygraph interview of Busch. During that interview with  
5 Cabot, 2 months earlier, when Busch was polygraphed about Stebbins, Busch told Cabot that he  
6 had an associate's degree from Northwood Institute in hotel restaurant management and currently  
7 managed the "Scotsman" restaurant in Alma, Michigan.

8                                    This packet of documents from Montmorency County Sheriff's, indicate that Busch was arrested 3-  
9 3-1977, case # 0695-77 and that he was issued Montmorency County inmate # M-00027. It shows  
10 that Busch had two previous arrests in Ithica County & Genesee County, Michigan.  
11  
12

13                                    It appears that Busch was arraigned the following day, March 4<sup>th</sup> 1977 in the 88<sup>th</sup> District Court,  
14 Atlanta, Michigan, in front of a magistrate, on 1<sup>st</sup> Degree CSC, who set a \$10,000.00 bond.  
15 Paperwork in this packet indicates that Busch was released on March 4<sup>th</sup>, 1977, after his  
16 arraignment. **His father,                                    posted a cash bond for Christopher's release.**

17                                    **\*\*\*\* (Found the supplemental report on Busch being at Ess Lake with two minors, March**  
18 **19<sup>th</sup>, 1977. Tim King was missing at this time) \*\*\*** While I was going thru this information from  
19 Montmorency County, I found a supplemental report written by a Sheriff's Department employee,  
20 named Charlotte Pelham, on March 24<sup>th</sup> 1977. In this report, Pelham writes that she received an  
21 anonymous phone call at the sheriff's dept. on March 19<sup>th</sup>, 1977. A woman caller (middle-aged) was  
22 asking to speak to a person that I determined later was a detective at that time in Montmorency  
23 named Junior Brandenburg. Pelham told this woman she would take a message. The woman caller  
24 stated, "No, by then it would be too late and that she had to talk to Junior. Pelham indicated that  
25 anything she told her would be kept confidential at which time, the woman spoke with someone in  
26 the background and agreed to give Pelham the information. The woman said they did not want to  
27 get involved and would not leave her name or number. This woman caller then told Pelham that  
28 Christopher Busch was in town with two minors. Pelham asked the woman where she had seen  
29 them? The caller spoke to someone in the background again and said that she could not tell  
30 Pelham that. Pelham told the caller how important this would be to enable the Sheriff's Dept. to find  
31 him. Pelham could hear the caller talking to the person in the background, saying, "Why did you  
32 have me call them at all, if I can't tell them enough to help them?" She then told Pelham in an angry  
33 voice, "I am sorry I can't tell you more, but I would if I could!" Pelham then told the caller that if she  
34 changed her mind, to call right away. The woman caller then said, "All I can say is go to his place  
35 on Ess Lake and just please check it out!" Pelham stated that the woman seemed sober and was  
36 very serious about what she had just told Pelham. **\*\*\* See this supplemental report in Busch file**  
37 **for details. \*\*\***

38                                    **The day this call was received by Montmorency County Sheriff's, Timothy King was still**  
39 **missing.** There was no indication in this report, or the file they faxed me on Busch, whether or not  
40 anyone followed up on this call or went to Ess Lake to check on this. It appears Busch was out on  
41 bond at this time. Timothy King was taken from Maple Rd (15 Mile) near Woodward Ave. on March  
42 16<sup>th</sup>, 1977 and found in Livonia on March 22, 1977. Busch's parents lived on Morningview Terrace,  
43 near Maple Rd. (15 Mile & Cranbrook) at that time, just 2 miles from where King was abducted.

44                                    I also found a newspaper obituary in this packet from Montmorency County Sheriff's, about  
45 Christopher Busch's death and the funeral arrangements. This obituary stated that Christopher  
46 Brian Busch, died November 19<sup>th</sup>, 1978. It said that he was the son of Mr. & Mrs.  
47 brother of.                                    The funeral was at The Bell Chapel of the William  
48 Hamilton Funeral home on Maple Rd. in Birmingham, Michigan.

1 There were 2 Circuit Court Probation orders contained in this packet of info about Christopher  
2 Busch. The first one was signed by Judge David Dewitt, from Midland County in reference to  
3 Busch's arrest there on 3-4-77 for CSC 3<sup>rd</sup> Degree. Busch received 3 years probation, fines & costs.  
4 The second order was from Judge Phillip Glennie from Montmorency County, reference to Busch's  
5 arrest on 3-3-77 for CSC 1<sup>st</sup> Degree. It appears that this charge was reduced to a CSC 3<sup>rd</sup> Degree  
6 and Busch received 3 years probation. This judge added a seventh condition to Busch's probation  
7 order which included him not be able to associate with any individuals under the age of 16. This  
8 order was signed September 8, 1978. Busch committed suicide November 1978.

9 \*\*\*\* It is interesting that when Busch & Greene were brought in to be polygraphed by MSP on  
10 Stebbins, during the pre-polygraph interview, they both independently tell Cabot that they don't really  
11 remember all the details of what they did or where they went after arriving back in Michigan, but they  
12 both state they arrived in Michigan February 14<sup>th</sup>, 1976. The newspapers had originally reported  
13 Stebbins was abducted on February 13<sup>th</sup>, 1976, but later corrected the date to February 15<sup>th</sup>, 1976.  
14 Busch told Cabot that he arrived back in Detroit from a trip to England, Feb. 14<sup>th</sup>, 1976. He said that  
15 he thinks he may have stayed a day or two at his parents in Birmingham, before going up north to  
16 Hillman or Sanford. Hillman is where the cottage is on Ess Lake in Montmorency County. Greene  
17 told Cabot that he was released from the mental institution in California in January of 1976 and  
18 arrived back in Flint, Michigan on February 14<sup>th</sup>, 1976. It appears as if they may have been trying to  
19 get there story straight for their alibi on when they both arrived in Michigan, but might have screwed  
20 it up because the media reported the abduction of Stebbins on the wrong date. They are listed in  
21 the original tips as associates, they told Cabot they are associates, they were polygraphed together,  
22 but I have not made the connection yet and there is nothing that indicates anywhere, how they knew  
23 each other or met each other. Both Busch & Greene both told Cabot that they arrived in Michigan 2-  
24 14-1976, even though one supposedly came from California after 5 years and the other had arrived  
25 after being in England.

26 ) Also during this interview, Busch admitted to Cabot that he has a sexual problem that he is not  
27 proud of and when Cabot asked him if he knew why he was there that day to be polygraphed by  
28 MSP, Busch indicated that it was to determine whether or not he picked up that boy from Ferndale  
29 and killed him. Busch added that he was also there because Greg Greene told police about their  
30 discussion, when Busch told Greene he had fantasies about liking tying up some kid.

31 **12-07-07:** I met with Garry Gray & Dave Robertson (MSP) today and explained to them what I had  
32 found in regards to Christopher Busch and the possibility that he may have been out on bond at the  
33 time of the King abduction and could have possibly been involved in this. We also discussed the  
34 possibility that Busch & Greene may have been involved in the earlier abduction of Mark Stebbins. I  
35 gave them copies of the "Mapquest" results I found for "Ess" Lake in the Hillman/Atlanta, Michigan  
36 area. They are going to have MSP in Lewiston, Michigan check and see if the cottage on Ess Lake  
37 still exists and if so, who the owner is now.

38 **12-10-07:** I received an e-mail from \_\_\_\_\_ k today, after I had sent her one, to see if Christopher  
39 Busch was possibly connected to the Busch's that are related to her, from the Utica/ Mt. Clemens  
40 area. \_\_\_\_\_ indicated that she didn't believe they were, but thought it was possible that I  
41 Busch could be \_\_\_\_\_ brother. \_\_\_\_\_ (These are the  
42 Busch's connected to

43 **12-10-07:** I forwarded info today to Dave Robertson (MSP), on Christopher Busch and the cottage  
44 on Ess Lake in Montmorency County. Dave is going to have the State Police in Lewiston, Michigan  
45 assist us in locating this cottage.

46 **12-10-07: \*\*\* (Confirmed today that Jane Burgess was Christopher Busch's Attorney in**  
47 **1977) \*\*\*** I received the court file today on Christopher Busch, from the records office in Oakland  
48 County. This file confirmed that Jane Burgess did in-fact represent Christopher Busch in a multiple  
49 count CSC case involving a juvenile in Oakland County in 1976-77. In this file, it appears that

1 Christopher Busch's father, posted a \$9,000 cash bond for the release of Busch  
2 pending trial. It appears that the victim in these CSC's was a male between 12-  
3 16 years old. Mothers name was . There is mention in this file of a co-defendant  
4 that was not bound over for trial, but it does not give his name (possibly Greg Greene). The file  
5 indicates that Busch pled guilty to the 3<sup>rd</sup> Degree & the 4th Degree CSC's and the 1<sup>st</sup> Degree was  
6 dropped. It appears that Busch ended up getting 2 years probation and fines & Costs.

7 **12-10-07:** I sent Cathy King an e-mail today, with the names of the Busch family to run by her dad  
8 and siblings to see if any of the King's, recognize these names from the Birmingham area. She e-  
9 mailed me back a short time later, stating that she had asked her dad and siblings and none of them  
10 recognized any of the Busch names.

11 **12-11-07:** I received a copy of the death certificate today for Christopher Brian Busch. Busch's  
12 suicide was Oakland County M.E. case# 78-2221. The M.E. that conducted the autopsy of Busch  
13 was Dr. Robert J, Sillery. The cause of death was a self-inflicted gunshot wound to the head. The  
14 date of death was 11-20-1978. Christopher Busch was 27 years old when he killed himself. The  
15 death took place at Busch's parents home at  
16 Busch's brother was notified of the death. In the occupation section of the  
17 death certificate, it says Franklin Club Apartments. Busch possibly was the "maintenance guy" there  
18 or possibly was involved in managing a kitchen there? In the section that states the type of business  
19 the subject was in, it says Food Service Manager. This death certificate indicates that Christopher  
20 Busch was cremated and lists the cemetery or crematory as Evergreen, Detroit, Michigan. I  
21 forwarded this information to Garry Gray & Dave Robertson (MSP) via e-mail.

22 **12-12-07:** I received an e-mail from Dave Robertson today. He forwarded me a copy of the  
23 request to MSP in Lewiston, for them to search the county records in Montmorency County, in an  
24 attempt to locate the cottage Busch lived at and was seen at on 3-19-1977 with two minors. This  
25 cottage was located on Ess Lake near Hillman, Michigan in Montmorency County.

26 **12-12-07:** I called Bloomfield Twp. PD today and talked to a woman in the records department.  
27 She attempted to locate a police report on the suicide of Christopher Busch. The only record of a  
28 report they had for Christopher Busch, was when he was arrested in 1977 on a felony warrant for  
29 another jurisdiction (probably the warrant from MSP Pontiac on the CSC's). They have no record of  
30 a death report for Busch.

31 **12-17-07:** I called Genesee County Sheriff's Dept. Today and spoke to a woman in records  
32 (Donna) who is going to try to locate the arrest report on Christopher Busch from 1-28-1977, when  
33 he was arrested for sexual assault. The CCH  
34 . Donna indicated to me that it would probably take her several days to  
35 locate this report, if she can find it at all.

36 **12-20-07:** I received a call today from Donna at the Genesee County Sheriff's, who stated that  
37 Christopher Busch's arrest, was actually made by Flint PD on 1-14-1977, and thought that I might be  
38 able to get a copy of an arrest report from them. She stated that her records showed that Busch  
39 was housed at the Genesee County Jail until he posted bond on 1-31-1977. The phone number for  
40 Flint PD records, fax, is 810-237-6169. Donna Jones is at 810-257-3418. This is interesting,  
41 because Greene was born, raised and arrested many times in Flint. That could be why Busch was  
42 in this area at this time. I want to see who Busch was arrested with and if they held and/or hurt the  
43 victims.

#### 44 **Christmas Break 2007**

45 **12-27-07:** I received an e-mail today from Cathy King, who indicated that she looked on  
46 "Mapquest" for the Busch Family on Morningview Terrace in Bloomfield Twp., and observed that  
47 another OCK suspect, named , lived in the same neighborhood as Busch, 0.4 miles  
48 apart, on a street called Busch and were both approximately the same

1 age. (We do not at this point in the investigation have any indication of being involved with  
2 Busch & Greene).

3 **1-3-08:** I faxed a request today, to the Flint Police Department Records supervisor for any/all  
4 reports pertaining to Christopher Busch & Gregory Greene, specifically the arrest-report on Busch  
5 from 1-27-1977. On the CCH

6 After several phone conversations with the records people at the  
7 Sheriff's Dept. it was determined that Busch was actually arrested on 1-27-1977 in the case, by Flint  
8 PD. Busch was then housed after his arraignment at the Genesee County Jail, until he posted bond  
9 on 1-31-1977

10 **1-3-08:** I received an e-mail today from Dave Robertson (MSP). He forwarded a request to the  
11 Michigan State Police Intelligence Unit in Lansing today, requesting copies of the reports from MSP-  
12 27's arrest of Busch in February of 1977. This request from Robertson also included any/all reports  
13 that MSP has on Christopher Busch & Gregory Greene.

14 **1-11-08:** I received a fax today from Flint Police Department, regarding my request for reports on  
15 Busch & Greene. The fax stated that they showed no arrest for Christopher Busch, w/m  
16 I had requested any/all reports on Busch & Gregory Greene, so I don't know if they even checked on  
17 Greene, or for other reports on Busch.

18 **1-15-08: \*\*\* ( Found possible connection between Lamborgine and Busch & Green) \*\*\*** I  
19 was reading the report tonight on the Lamborgine investigation, looking for connections between  
20 Busch & Greene and Ted Lamborgine. I thought Greg Greene sounded familiar to me from past  
21 interviews. While reading the report, I came across a phone interview I conducted with a person  
22 who called on 12-13-2006, with information about Ted Lamborgine. This person identified himself  
23 as \_\_\_\_\_ and stated that he had met Lamborgine when he was 14 years old, hitchhiking  
24 in Ohio in 1976. \_\_\_\_\_ stated that Lamborgine fed him, paid him for sex and drove  
25 Woodward Ave. & Warren Ave. in Detroit.

26 **\*\*\*** I noticed when reading the court file on the arrest of Christopher Busch in January of 1977, for  
27 3 counts of child molestation, that the victim in this case was \_\_\_\_\_ whose mother was  
28 \_\_\_\_\_ . This could possibly be a connection between the 2 leads, connecting Lamborgine  
29 with Busch & Green. This Lamborgine connection, could also possibly explain the MSP tip sheet on  
30 Busch, stating that he was involved in a child porn ring.

31 **1-16-08: \*\*\* (Identified the \_\_\_\_\_ tonight that was the victim of Christopher**  
32 **Busch in Oakland County in Busch's January 1977 arrest by MSP 27) \*\*\*** I performed a check  
33 thru the Michigan Dept. of Correction's Offender Tracking Information System (OTIS) and found  
34 \_\_\_\_\_ The age matches the victim

35 \_\_\_\_\_ from 1977. This subject was released from Prison for Burglary in 2006 and is currently on  
36 Probation out of the 3<sup>rd</sup> Circuit Court in Wayne County, until 2010. I performed a criminal history  
37 check,

38  
39  
40  
41 called and spoke with a woman, who identified herself as \_\_\_\_\_ mother. I asked if I  
42 was speaking to \_\_\_\_\_ to which she stated, "yes." This confirms this subject to be the victim of  
43 Christopher Busch from Busch's 1977, Oakland County case, when Jane Burgess represented  
44 Busch. I left my name and number for her to give to \_\_\_\_\_ for him to call me. I still need to  
45 confirm whether or not this is the same guy that called about Lamborgine and identified himself as  
46 \_\_\_\_\_

47 **1-17-08: \*\*\* (Another phone interview with \_\_\_\_\_ Mother, \_\_\_\_\_ \*\***  
48 I called \_\_\_\_\_ again tonight in an attempt to interview \_\_\_\_\_ She told me that he has  
49 been hanging around in Detroit. I asked her if he's been staying over on \_\_\_\_\_ and she

1 stated that she thought that sounded right. I stated that he's reporting the Belleville address to his  
2 probation officer, to which stated that he is staying with her in Belleville, but hangs out in  
3 Detroit. I asked again about a cell-phone number for him and she stated that she does have a  
4 number for him. She stated that he is at 570 Clinton St. in Detroit. I told her that, that is the address  
5 for the Wayne County Jail. She stated that he must have gotten in trouble again. I told her that I  
6 would go see him to talk to him, but wanted to ask her a few questions about their past. I asked if  
7 they used to live in Flint and she told me that they lived at in the 70's. I  
8 asked her if she knows Chris Busch & Greg Green, to which she stated she did, adding that they  
9 used to live on the next street (Later identified as stating that she thought Green &  
10 Busch might be cousins. I talked about Chris Busch being arrested and charged in Oakland County  
11 in 1977 for molesting stated they were both arrested, adding that Greg Green was  
12 the other one. I asked if spent a lot of time with Chris Busch, to which she stated that he  
13 was always with Chris & Greg. She indicated that she knew that Busch & Green were  
14 Pedophiles, stating that they were sex offenders. I asked if she knew about Christopher Busch  
15 having a place up north, to which she stated she did, saying that he (Chris) & Greg took up  
16 there to a cottage a couple of times. When I asked about the cottage, she stated that the only thing  
17 she knows about it is that it possibly belongs to a cousin of Busch's. I asked her if she remembers  
18 what Green & Busch were driving back then and what they would go up north in, to which she stated  
19 it was an older Pontiac, She thought it was blue or dark blue. I asked her to clarify when she said  
20 and older Pontiac, to which she stated from the 60's. I asked about being younger than  
21 Green & Busch, to which stated he was a lot younger than them. They were in their mid  
22 twenties and was only 13 years old at the time in the mid to late 70's. I asked about  
23 spending time with them and she said that they would take everywhere with them.  
24 I asked where else they would go to, and she stated that they were always taking to Detroit  
25 to see some guys that Busch & Green knew. I asked her if she knew the names of the men that  
26 they went to see in Detroit and she stated she did not, adding that I should talk to about all  
27 this, he would be able to answer all your questions about these guys. The men in Detroit could  
28 possibly be Lamborgine, and/or others that would explain a note in Busch's 1977  
29 tip file, stating that he had connections to a child porn ring. This would also explain  
30 calling with information about Lamborgine molesting him in the past. I asked if she knew  
31 about Christopher Busch's family being rich, to which she stated that she did. I asked her if  
32 ever said anything to her about what Busch said about his family and she stated that Busch hated  
33 his parents and said they were "bad" people. kept telling me to ask these  
34 questions and he would be able to tell you a lot more about them than she could. I asked if she  
35 knew who Busch & Green stayed with on Simcoe and she stated that she thought it might be  
36 Green's Cousin's house.

37 **1-19-08:** I called the Wayne County Jail today to see if was still there for an interview.  
38 They had no record of him. I checked his Department of Corrections probation status that showed a  
39 "last movement" date of 1-16-08 and showed "transfer between offices." This report gave the phone  
40 number to check on the status of the offender.

41 **1-20-08:** I called Wayne County probation Supervisor Kirk McVittie and asked him to please locate  
42 for me so I can interview him. McVittie is checking on whereabouts and will call  
43 me back.

44 **1-22-08:** Garry Gray (MSP) called me today and stated that he went to the Michigan State Police  
45 Forensics lab today and picked up the newly acquired DNA evidence from the clothing of the OCK  
46 victims, that was obtained during the recent re-examination by the State Police Lab.

47 **1-23-08:** Wayne County Probation Officer, Jeaney Cheeks called me today about  
48 She stated that is in the Dickerson Center for OWI 3<sup>rd</sup> offense. She is his  
49 probation Officer and stated that he will be in Dickerson until March 2008.

1 1-28-08: When I returned from the interview of Lawson tonight, there was a message from  
2 indicating that he was currently at "Operation Get Down" in Detroit (Halfway House) and  
3 that he heard I wanted to talk to him, stating that I can call him at his counselor's (Mr. Phillips) office  
at (313) 921-9422, ext. 233. stated that his counselor would let him talk to me in his office.

5 1-29-08: \*\*\* (1<sup>st</sup> tape-recorded interview of Today at "Operation Get  
6 Down" in Detroit. This is a "halfway house" located @ Gratiot & Harper) \*\*\* I went to  
7 "Operation Get Down" today, interviewed about his relationship with Christopher Busch &  
8 Gregory Green and to see if he was the same that called me a year earlier with  
9 information about Ted Lamborgine. I also was attempting to confirm a possible connection between  
10 Busch, Green & Lamborgine. I asked right away if he was the same guy I talked to a year  
11 earlier about Ted Lamborgine, to which he stated he was. Present at the beginning of the interview,  
12 along with and myself, was counselor Mr. Phillips. I had start at the  
13 beginning with how and when he met Busch & Green went into detail about his  
14 relationship with Busch & Green, how he met them, why/how he was afraid of them, the places they  
15 took him and how they used him to lure kids to the car. The details the laid out to me  
16 about Busch & Greene mirrored the information in the police reports from 1977, when was  
17 interviewed about Busch and Greene molesting him and his relationship to these two. These details  
18 included the information when Greene molested at the drive-in  
19 theatre in Flint in 1976. These details gave me about Busch & Green, included  
20 descriptions of vehicles they were driving at that time, one of which was a 1977 blue Chevy Vega  
21 Hatchback with a white stripe, the fact that Busch was carrying a handgun at that time and  
22 threatenec prior to molesting him, also the story about Green choking  
23 unconscious in the back of his van, when Green was attempting to have anal intercourse with  
24 These 1977 police reports were from the investigation and interviews conducted by MSP,  
25 Flint PD & the OCCK Task Force into Christopher Busch & Gregory Greene, including reports of the  
26 interviews of the victims/associates of Busch & Greene.

27 talked about how Greg & Chris would drive him around in their cars and have  
28 "lure" kids closer to the car by talking to them, stating that the kids were more comfortable and would  
29 approach the car once they saw he was a kid too. talked about Greg driving him around  
30 Oakland County having him call-out to boys to come over to the car so that Greg could get a look at  
31 them.

32 During the course of this interview, made statements about Busch bringing a boy down to  
33 Flint from the cottage up north in the spring of 1977 and making him perform oral sex on  
34 this boy in the woods in Flint. stated that he thought the boy was nervous, but did not  
35 appear to be scared or being held against his will. said that he and Busch then drove the  
36 boy to a house somewhere between Flint & Detroit, stating that it could have been Pontiac,  
37 Waterford, he wasn't sure then stated that Busch walked the boy up to the door and the  
38 man that came to the door appeared to be Ted Lamborgine stated that he knew  
39 Lamborgine from the time Ted picked him up while hitchhiking in Ohio in 1977, and from a couple of  
40 times when Lamborgine took him to "XXX" places on Woodward in Detroit and molested him.  
41 stated that he believed that the man Busch dropped this boy off to was Lamborgine, based  
42 on knowing him and seeing him on the TV when we arrested him in Ohio in December 2006.  
43 stated that he believes the boy was the King boy because in the spring of 1977, Flint  
44 Detectives Fran Miller and Tom Waldren, showed him pictures of two dead boys, naked, lying on a  
45 table and their faces were kind of blue like his was after Green choked him. I asked if  
46 Chris & Greg used him to lure kids to the car, to which stated, "Yes." I asked if  
47 he was involved in abducting the kids from the child killings? paused for a long time and  
48 stated, "Yes." I asked him who else was involved to which he stated Chris. I asked who  
49 else knew about this and he answered, "Just Chris." stated that when these Detectives  
50 showed him those photo's, he knew right then that one of the dead boys was the boy Busch brought  
51 from up north and had him perform sex on, stating that he is a co-conspirator. I explained levels of

1 culpability to and asked him why he didn't say anything to the police back then, to which he  
2 stated he was too scared. During this interview, talked about Busch buying a blue Chevy  
3 Vega hatchback, with a white stripe that he (Busch) purchased at Al Serra Chevrolet in Flint in  
4 January of 1977. also talked about how Busch and Green took him for a ride in 1976 to a  
5 rural area off Dixie Hwy. In northern Oakland County, stating that he thought they were going to  
6 molest and kill him that day, stating further that Busch had the handgun under the seat of the blue  
7 Vega. Green had told in the past that Busch has killed a kid before, in the woods up north.  
8 While asking about Busch's cottage up north, kept saying that he thought it was a  
9 house, not a cottage insisted he was never up at Busch's cottage, but during earlier  
10 interviews with his mother, she told me that Kenneth was always with Chris & Greg, and that she  
11 remembers going up to the cottage at least twice with Chris & Greg.

12 We started talked further about his statements regarding Busch, Green & Lamborgine all being  
13 involved in the killing of the King boy and possibly others. could not say how he knew that  
14 for sure, other than saying that he heard they were and kept saying that they had him at Busch's  
15 cottage up north before they brought him down to Flint. When I would ask if he was  
16 hesitant on responding to that question, because he himself was involved he would state "No," but  
17 not very convincingly. kept saying that he knows that the boy I showed him a picture of  
18 (Tim King) was the boy that Busch made him have sex with and the same boy that he later saw a  
19 picture of, dead. We kept getting interrupted during the interview by other employee's at the halfway  
20 house and had to switch offices. also stated that after they dropped this boy off at the  
21 house to who he believes was Ted Lamborgine, he never saw the boy again until the police showed  
22 him the picture of the boy. Before this interview ended stated that he later saw a Polaroid  
23 of this boy who he believes was the King boy in Busch's Vega. said that the boy was tied  
24 up in the car, in the picture. stated that Busch kept a set of handcuffs in the Vega. My  
25 time for this interview was cut short by the staff at Operation Get Down and I still had a lot of  
26 questions for especially about the authenticity of Busch seeing the King boy & how  
27 Lamborgine is possibly connected to Busch & Green. I made arrangements with and with  
28 his counselor, Mr. Phillips, to interview further at the Michigan State Police Post in a few  
29 weeks down the road, so that we can talk at length without interruptions. I agreed. \*\*\* (For  
30 details of this interview, see the transcripts or listen to the disc from the recording) \*\*\*

31 **1-29-08:** I called Rob Moran from the Wayne County Prosecutors Office after this interview and told  
32 him that I wasn't sure because we kept getting interrupted, but that it's possible this was  
33 involved in the child killings. I told Moran that Busch & Green used him in the past as a "lure" and  
34 that feels that one of the boys Busch had may have been the King boy. I told Moran that  
35 stated while talking about this boy that he called himself a "co-conspirator." I stated to  
36 Moran that I felt that it was possible that was leaning towards admitting involvement or  
37 knowledge after the fact, as possibly an unwitting at the time of the crime, but was hedging based on  
38 what might happen to him as a conspirator. I told Moran that we are going to interview  
39 further to clarify his possible involvement. Moran stated that he was going to look at the law on this,  
40 due to the fact that was 13-14 years old at that time.

41 **1-29-08:** I called Garry Gray (MSP) right after this and told him about what was saying. I  
42 gave Garry the details of what described about his involvement with Busch & Green in  
43 1976 & 77. Garry stated that the details of what was saying, is matching, exactly to what  
44 he was reading in the state police report he was holding in his hand, from the Busch/Green CSC  
45 investigation from 1976 & 77. This is the case that was the victim of Busch & Green on  
46 that was prosecuted in Oakland County in 1977.

47 **2-1-08:** \*\*\* / called my cellphone today) \*\*\* called my  
48 cellphone today to tell me that he sent me a letter to the police department about Busch & Green  
49 and also to tell me that he is scared about all this, worrying about being charged. I told that  
50 was glad he called and that I did not want him to be scared, stating that our intentions at this point,

1 based on his level of culpability, about what he told me during the first interview, are to make him a  
2 witness in this case, but it depends on him. I told [redacted] that when we meet with him next week,  
3 he is going to have to be completely honest with us in regards to the information he has about the  
4 child killings and about his involvement in the killings and be polygraphed about his involvement and  
5 the information he supplies. [redacted] stated that he doesn't know what happened to them after he  
6 saw them, but he learned later that those same kids had been killed. I told [redacted] that I talked to a  
7 prosecutor named Rob Moran, who is going to attend the next interview and explain the situation to  
8 him from a legal stand point, but what he is going to tell you, basically is that you need to be 100%  
9 truthful about your involvement and if you saw the kids alive with these adult men, but did not  
10 participate in the killings, then you are possibly in a position to be a witness in this case. I told  
11 [redacted] that I was not making him any promises, because we have not heard the whole story yet  
12 and he would still have to be polygraphed about his information [redacted] stated, "I'll pass." I  
13 informe. [redacted] that when we meet next week, he would meet Mr. Moran and Sgt. Gray from the  
14 State Police who is my partner and the officer in charge of this case. I reminded [redacted] not to  
15 worry, because he just has to tell the truth. [redacted] asked me to just call his counselor next week  
16 with which day we are going to conduct the interview and that Mr. Phillips would bring him.  
17 [redacted] also asked me to bring a picture of Ted Lamborgine from back then, because he wants to make sure  
18 he's referring to the right person. [redacted] stated that he is fairly certain he is, but that he wants to  
19 be sure.

20 **2-4-08:** I received two letters today from [redacted] In these letters [redacted] described in  
21 more detail, his relationship with Christopher Busch & Greg Green. He also talked a little more  
22 about Ted Lamborgine, including the story of how he met and was molested by Ted Lamborgine,  
23 while hitchhiking in Ohio in 1977. He is going to have to explain this relationship to us further. It's  
24 just too coincidental that he gets picked-up by Lamborgine in Ohio and later he says that  
25 Lamborgine is connected with Busch & Green [redacted] is either not being truthful, and trying to  
26 make his own connections, or simply holding back on the entire story right now.

27 [redacted] wrote in his letters about how Busch, Green and Lamborgine would use him as a lure, to  
28 lure kids over to the cars of these Pedophile men, stating that when he [redacted] would call a kid to  
29 a car, these children were not afraid when they saw that he was the same age they were. \*\*\***(See**  
30 **letters from [redacted] in the [redacted] file for details)\*\*\***

31 **2-6-08:** I talked to Garry Gray (MSP) today and we decided to interview Lourn Doan about Busch,  
32 Green & [redacted] before we interview [redacted] next week. Doan is the retired Southfield Detective  
33 that was working for the task force in 1977 and conducted an investigation into Busch & Green as  
34 possible suspects in the child killings,  
35 [redacted] about Stebbins. As I uncovered information about Busch & Green, after the  
36 investigative subpoena of polygraph examiner [redacted] in 2007, it began to appear that our current  
37 investigation was mirroring what Doan was doing 30 years earlier in 1977. It appears that he felt  
38 strongly about these two as suspects during the original investigation, but did not have all the  
39 information then that we have today about these guys, nor did he know about Ted Lamborgine and  
40 his possible connection with Busch & Green.

41 **2-8-08:** Garry (MSP) e-mailed Lourn Doan today to try to set up a meeting or a conference call with  
42 him for the beginning of next week. We are waiting to hear back from him.

43 **2-8-08:** We are still waiting for all of the police reports from Flint PD on Busch, Green &  
44 Dave Robertson sent a formal request last week from the State Police, for archived records on these  
45 guys.

46 **2-8-08:** I noticed in the Michigan State Police report from their CSC investigation into Christopher  
47 Busch & Greg Green in 1977, that Southfield Detective Lourn Doan & MSP Detective Dyer had gone  
48 to Busch's parent's home on [redacted] to arrest Busch on the Criminal  
49 Sexual assaults he had committed against [redacted] The Detectives made contact at this

1 home with Christopher Busch's father, who stated that Chris was in "Whitehall" and he would call  
2 Chris to have him turn himself in. Detectives instead, had Whitehall Police go to Busch's home in  
3 Whitehall to arrest him. Busch had left Whitehall and a statewide B.O.L. was entered in the law  
enforcement computer. Busch was taken into custody in Ionia Michigan.

5 I thought at first that Whitehall, Michigan was a small town near Ess Lake, where supposedly Busch  
6 spent time at a cottage and was seen there with juveniles on March 19<sup>th</sup>, 1977 (While King was  
7 missing). I performed a check thru "Mapquest" and determined that Whitehall, Michigan is actually  
8 on the west side of the state in Muskegon County, nowhere near Ess Lake, which is located near  
9 Hillman, Michigan in Montmorency County. I performed some computer checks thru the "Lexis-  
10 Nexis" system and found that Christopher Busch's parents owned a property in Whitehall at that  
11 time, that they were buying on a land contract. It appears that the Busch's had relatives in the area.  
12 There were several "Busch" families listed with property in the Whitehall area. The property that was  
13 owned by Christopher Busch's parent's, was eventually "Quick Claim Deeded" to J.....  
14 (Chris's brother), who is now deceased. I located Christopher Busch's older brother  
15 , living in New York City, but am unable to locate (The other brother) so far.

16 **2-11-08:** We still have not heard from Lourn Doan, so we are going to go ahead and interview  
17 on Wednesday this week. We will interview Doan about this case whenever we  
18 can make contact with him.

19 **2-11-08: \*\*\* (Located reports from Montmorency & Identified the cottage on Ess Lake, near**  
20 **Hillman, Michigan.) \*\*\*** I called Montmorency County Sheriffs office today and spoke to a  
21 dispatcher named Mike Juricz who told me that Junior Brandenburg and Charlotte Pelham are both  
22 retired, but still live in the area. Brandenburg was the Montmorency Detective that investigated  
23 Christopher Busch in the CSC case when Busch was arrested and charged with in their county in  
24 1977. Charlotte Pelham was the Sheriffs Dept employee who took the anonymous call from a  
25 woman on March 19<sup>th</sup>, 1977, that stated that she saw Chris Busch in the area with two minor boys.  
26 Juricz made contact with Charlotte Pelham who agreed to talk to me and gave Juricz her phone  
27 number for me. I called and spoke to her about the report she wrote on the anonymous phone call  
28 she took on March 19<sup>th</sup>, 1977. I read her report to her over the phone and she stated that she does  
29 not specifically remember that incident, but the part about Christopher Busch being in town with two  
30 minors, "rang a bell" with her. Pelham stated that Junior Brandenburg would probably know who the  
31 anonymous caller was and where the cottage was at, stating that he (Junior) still lives in the area  
32 near Ess Lake in Hillman, Michigan. Juricz the dispatcher called me back and stated that  
33 Brandenburg's phone was busy, that he would keep trying to call him to either call me or give me his  
34 phone number.

35 During this conversation, Juricz stated that a Deputy Shaw, who is trying to help out, found the  
36 Busch file and has info if I wanted to talk to him about it. I spoke to Shaw who stated that in  
37 Detective Brandenburg's notes, it says that the woman who called on March 19<sup>th</sup>, 1977 was a "Suzie"  
38 from the "A frame" party store. Shaw stated that he is familiar with that store and can call over to the  
39 new owners and get "Suzie's" name. Shaw called me back and stated that "Suzie" is  
40 who is now deceased, but her widower is who currently owns the Grand Lake Lodge  
41 bar near Alpena, with a phone number of Shaw stated that in Det. Brandenburg's  
42 report of the follow-up on these calls, it states that "Suzie" stated that the boys with Busch were  
43 approximately 16 & 18 years old. Brandenburg also interviewed who had  
44 called after seeing Busch with 3 young boys at the IGA on March 19<sup>th</sup>, 1977. These callers stated  
45 that the 3 boys were approximately 13, 14 & 15 years old that were with Christopher Busch. These  
46 witnesses all gave statements indicating that they only ever saw Christopher with young boys when  
47 he was up north.

48 Deputy Shaw then faxed me a copy of a letter in the file from Detective Waldren at Flint PD to the  
49 Chief of the Alma Police Department, March 9<sup>th</sup>, 1977. In this letter, Waldren tells the Alma Chief  
50 that Busch has CSC cases pending in Genesee County, Oakland County, Montmorency County and

1 Midland County. Waldren stated that the strongest cases against Busch are in Oakland and  
2 Genesee County, stating that he has hired the best legal counsel to represent him (Jane Burgess).  
3 **Waldren also wrote in this letter on March 9<sup>th</sup>, 1977 (7 days before King was abducted), that**  
4 **Busch is currently free on bond on all charges.** I asked Deputy Shaw if he knows who the  
5 victim was in the Montmorency case and if he was from that area, to which he stated he did not, but  
6 would call the prosecutors office to see if they have the court file on Busch from their cases.

7 Deputy Shaw called me back and stated that he talked to the prosecutor's office, and that they do  
8 have the file on Christopher Busch. Shaw gave me the victim's information from this file, stating that  
9 a w/m, was the victim. In Brandenburg's report on this  
10 investigation, he writes that all of the boys that Busch would take to the cottage were from down  
11 state. I looked at the Flint PD report for the names of the boys that he & Green had molested in that  
12 area, and one was a from Flint, Michigan. This corroborates what said  
13 about Busch taking kids up to the cottage, although stated during the first interview, that he  
14 himself was never there. was not very convincing about this and it's interesting that he is  
15 trying to distance himself from this cottage. This report stated that Busch would bring young boys  
16 from "down state" to the cottage in the winter for "snowmobile parties" and also in the summer time.  
17 It said that Busch would give the boys Marijuana and alcohol before molesting them. This cottage  
18 was identified in these reports as being owned by Christopher Busch's father, for 12  
19 years and is located on on Ess Lake. I had been trying to locate this cottage thru  
20 computer databases and remember to be a street on the north side of Ess Lake.

21 Deputy Shaw stated that in Brandenburg's interview with Busch on 3-3-1977, Busch stated that he  
22 did molest at the cottage on Ess Lake, but never used force. Busch would  
23 not name any of the other boys from down state that he brought to the cottage and would not make  
24 any written statements until he had a chance to speak with his attorney. Busch told Brandenburg  
25 that he knew Gregory Green, but at no time did he ever bring Green to Ess Lake. Busch stated that  
26 Green was violent and tried to strangle a boy in Flint that he believes was Busch  
27 continued about Green, stating that the police have confiscated all of his photographs & movies and  
28 are holding them. Busch told Brandenburg that he did not have any Photo's or movies at the  
29 cottage. Busch went on to say that his problem (Pedophilia) started when his father sent him to  
30 boarding school at 17 years old. Busch said that his father has owned the cottage for 12 years. \*\*\*  
31 **(See Detective Brandenburg's reports and the Montmorency file on Busch for details of their**  
32 **investigation into Christopher Busch) \*\*\***

33 **2-11-08:** Deputy Shaw had indicated to me, that he could call the "Equalization Dept. at  
34 Montmorency County and locate the information on the address and ownership of the Busch  
35 Cottage. I told him to go ahead and do that if he can. Deputy Shaw called me back a few minutes  
36 later and stated that the Busch family cottage is located at on  
37 Ess Lake. Shaw said that was the owner for many years, sold it to a family named  
38 "Secret," who in turn sold it to the current owners, Shaw stated that the  
39 family," that currently own the cottage, live at Shaw  
40 then faxed me a copy of the counties paperwork on the property from their tax rolls. This information  
41 included the Legal Description, Parcel ID & Location, assessment values, Owners name and  
42 address where taxes are sent,...etc. Shaw then supplied me with Detective Junior Brandenburg's  
43 home phone number and stated that Brandenburg was waiting for me to call.

44 **2-12-08:** I met with Garry Gray (MSP) today and we went over the new developments in this lead  
45 on Busch & Green and their possible connection to Lamborgine. I filled Garry in on all the  
46 information on Busch from Montmorency County, including the identification of the Busch cottage on  
47 Ess Lake. We also discussed our interview strategy with for tomorrow.

48 **2-12-08: \*\*\* (Phone interview with retired Montmorency Detective Junior Brandenburg) \*\*\*** I  
49 called and spoke to Detective Brandenburg today about his investigation into Christopher Busch in  
50 1977, for CSC 1. I informed Brandenburg who I was and what we were working on. I told him that
