

1 Chevrolet, Mi. [REDACTED] connected to Greene. The only other information on this tip-sheet  
2 showed that Greene was cleared on tip# 370, by polygraph in the Stebbins case.

3 Tip #14753, was written up by a task force member from Southfield PD (Detective Lourn Doan) on  
4 2-13-1978. This tip showed the same address for Greene and the brown Chevrolet vehicle, both on  
5 Baldwin St. in Flint, but indicated that it is a Chevy van. There is also a note that Greene was in  
6 Jackson Prison at the time this tip was submitted by Doan in 1978. It shows Christopher Busch  
7 listed as his associate, but does not state how they know each other. Doan wrote the following  
8 handwritten notes in the details section on the front of this tip sheet on Greene: "Subject Previously  
9 investigated for Stebbins & Mihalic tip#369. Subject cleared by polygraph. Subject matches last  
10 composite & fits profile given by crime historian. Was sent to Jackson Prison on 6-17-1977. Out on  
11 Bond till then. Arrest Flint PD, CSC 1. California arrested him for 50 counts of CSC 1<sup>st</sup> Degree and  
12 put him in a mental institution for a short time and released him. He then came back to Michigan."  
13 The notes they say "drove Blue," then nothing after that. The notes then say on 2-14-78, officer's  
14 contacted subjects Probation Officer Dave Witter of the Genesee County Probation Department who  
15 stated that Greene was in the County Jail from the time he was arrested for CSC 1, January 26<sup>th</sup>,  
16 1977, till he was sent to Jackson Prison. This was confirmed with the PD, the notes say, (Cleared).  
17 Detective Doan from Southfield was the Detective that requested the MSP polygraphs of Busch and  
18 Greene, during the Stebbins, Mihalic case. Both passed the polygraph at that time and were  
19 cleared, so it does not appear they were polygraphed again in the King case, or would it have been  
20 necessary. Greene was arrested prior to the King disappearance and it appears as if he was still in  
21 custody (not confirmed yet) during the disappearance. Busch was also arrested prior to the King  
22 disappearance. Busch, on the other hand, was arrested on 1-28-77, 2-28-77, 3-3-77 & 3-4-77, all of  
23 which appear to be multiple CSC 3<sup>rd</sup> Degree cases in different counties in Michigan. Due to the fact  
24 they were CSC 3<sup>rd</sup> Degree cases and that he had an attorney (Possibly Jane Burgess) at that time  
25 he may have possibly been out on bond at the time of the King murder. (Later it was confirmed to  
26 having been out on bond during the King abduction/murder).

27 **11-28-07:** I ran a CCH (criminal history) on Gregory Greene, which showed an arrest 2-26-1969 in  
28 Flint for Burglary, an arrest 5-25-1969 in Flint for Family Offenses, an arrest 1-2-1970 in Flint for  
29 Obstructing Police & 1-25-1977 in Flint for Sexual Assault. This last arrest in Flint in 1977, was the  
30 case Greene went to Jackson Prison for life after being found guilty for CSC 1<sup>st</sup> Degree. Prior to this  
31 CSC 1<sup>st</sup> Degree case, it appears Greene left Michigan in 1970 and went to California where he was  
32 arrested 9-13-1970, in Huntington Beach California for Possession of Marijuana. Greene had  
33 numerous arrests in California over the next 5 years that include arrests for: Burglary, Forgery,  
34 Kidnapping, False Imprisonment, Narcotics, Stolen Property and multiple Sexual Offenses. On 1-  
35 31-1975, Greene was convicted in California on multiple CSC 1<sup>st</sup> Degree cases and sentenced to  
36 the Patton State Mental Hospital as a disturbed sexual offender. Documents show, Greene was  
37 released from this hospital on 7-21-1975 and he made his way back to Michigan. He told MSP  
38 Polygraph Examiner Cabot that he arrived in Flint Michigan on 2-14-1976. This is a day prior to  
39 Stebbins being abducted. Nowhere so far, in any of this documentation have I found the connection  
40 between Busch and Greene, or how they knew or met each other. They are simply listed as  
41 associates of one another, so far.

42 **11-29-07:** I performed a check today thru Oakland County Government, on-line database for  
43 Christopher Busch, and located his Circuit Court file from 1977, archived. This response showed  
44 court docket # 1977-032312-FY.

45 **11-29-07:** On my way home tonight, Larry Wasser called me wanting to know if we could get  
46 together on Friday (The following day) to look at the polygraph files from Examiner Cabot at MSP. I  
47 told Wasser that we still needed to gather any polygraph files Cabot might have conducted at the  
48 Northville post in regards to the child killings. Wasser told me that he didn't think that was necessary  
49 because he was fairly certain, the polygraph test had been conducted, by Cabot in Flint. I told  
50 Wasser, "c'mon Larry, you remember the name of the dead attorney (Jane Burgess) that

1 represented this guy, you remember the name of the examiner and where the MSP exam took  
2 place, you remember that you polygraphed him at the height of the investigation on CSC charges  
3 and you know the subject is now deceased, but you don't know his name? Wasser responded with  
4 the fact that he doesn't remember the name. I asked Wasser if he remembers approximately when  
5 this subject died, to which Wasser paused then stated that, he died not too long after I had  
6 polygraphed him, stating further that the guy killed himself. This matches Christopher Busch, who  
7 Cabot polygraphed in January of 1977 on CSC charges out of the 6<sup>th</sup> Circuit in Pontiac, and  
8 committed suicide in 1978. (I am still trying to confirm that Jane Burgess was Christopher Busch's  
9 Attorney). I asked how he knows that the subject committed suicide in 1978. Wasser told me that  
10 he was discussing Christopher Busch with Burgess, after he had polygraphed him, wondering  
11 (Wasser was) what happened to the guy, and Jane Burgess told Wasser that he didn't have to  
12 **worry about it**, because the guy killed himself. Arrangements were made to meet with Wasser at  
13 the MSP Metro North Post the following day, Friday 11-30-07 @ 1:30pm.

14 **11-30-07: \*\*\* (Interviewed private polygraph examiner Larry Wasser today) \*\*\*** Garry & I  
15 interviewed Larry Wasser today in regards to his information about a person that was polygraphed  
16 by MSP Examiner Cabot & by Wasser in 1977. We interviewed Wasser at the MSP Metro North  
17 Post in Oak Park. Dave Robertson (MSP) video tape-recorded this interview. During the interview,  
18 we showed Wasser, Cabot's polygraph file that contained the MSP polygraphs of Busch & Greene in  
19 1977, in regards to the Stebbins abduction/murder. Wasser looked at the two names (Busch &  
20 Greene) but did not recognize either one. When Wasser began to read the report Cabot wrote on  
21 Christopher Busch's polygraph, Wasser stated that this looks familiar to him. Wasser was talking  
22 about the statement from Busch that he had been in England in February of 1977. Wasser also  
23 recognized some of Cabot's notes, when Busch was talking about his parents living in Birmingham  
24 and him going to a place in northern Michigan at that time. Wasser was also familiar with the fact  
25 that he remembers that, this person committed suicide in 1978. Wasser stated that he cannot  
26 remember the name, but this Busch subject sounds like the guy, based on what we were showing  
27 him. It appears that Wasser was trying to point us in the right direction, without actually identifying  
28 the suspect himself, or supplying investigators with the information, to protect himself from the  
29 possibility of being sued by the suspect's family. **See MSP's report and tape for further details.**

30 **11-30-07:** Christopher Busch's Criminal History showed that he was charged in Oakland County  
31 Circuit Court, with CSC 3<sup>rd</sup> Degree, in February of 1977. I performed an on-line checked of the  
32 Oakland County Court database for Christopher Busch, and located his court docket # from his case  
33 in 1977. The case was heard in front of Judge McDonald of the 6<sup>th</sup> Circuit Court.

34 **12-06-07:** I called the Oakland County Prosecutors Office records section today and ordered a  
35 copy of the Circuit Court file on Christopher Busch, faxed to me at LPD. This file is the CSC 3<sup>rd</sup>  
36 Degree case he was arrested for, by MSP on 2-28-1977. This case was adjudicated in the 6<sup>th</sup>  
37 Circuit Court, in front of Judge McDonald on 7-29-1977. The Criminal History on this case shows  
38 that he was found guilty and received 2 years probation. This is 6<sup>th</sup> Circuit Court docket # 1977-  
39 032312-FY.

40 **12-06-07:** I called the Montmorency County Sheriff's Dept. today and requested a copy of their  
41 entire file on Christopher Busch. His Criminal History shows they arrested him on 3-3-1977 for  
42 sexual assault. This may also be the county he was in when he committed suicide. I requested any  
43 and all paperwork they could find on Busch to be faxed to me at LPD.

44 **12-06-07:** I received a packet of faxed information today from Montmorency County Sheriff's Dept.  
45 regarding Christopher Busch. The Dispatcher that faxed it to me (Amanda), called me and stated  
46 that she checked the basement at their department, but could only locate the "booking packet" on  
47 Busch. In this packet was a "Jail Inmate Record" that showed that Busch was arrested by their  
48 agency on 3-3-1977 for 1<sup>st</sup> Degree Criminal Sexual Conduct. It showed that the crime took place in  
49 Atlanta, Michigan. Busch gave the following information to the "booking" Officer: Christopher Brian  
50 Busch, w/m, born, [REDACTED] in Pontiac, Michigan, with a current address at [REDACTED]

1 [REDACTED] It shows a previous address at [REDACTED] This also  
2 shows that Busch is the manager of a restaurant in Alma called the "Scotsman," which is located at  
3 315 E. Superior St. Alma, Michigan. This matches what Busch told Polygraph Examiner Cabot  
4 (MSP) in January 1977 during the pre-polygraph interview of Busch. During that interview with  
5 Cabot, 2 months earlier, when Busch was polygraphed about Stebbins, Busch told Cabot that he  
6 had an associate's degree from Northwood Institute in hotel restaurant management and currently  
7 managed the "Scotsman" restaurant in Alma, Michigan.

8 This packet of documents from Montmorency County Sheriff's, indicate that Busch was arrested 3-  
9 3-1977, case # 0695-77 and that he was issued Montmorency County inmate # M-00027. It shows  
10 that Busch had two previous arrests in Ithica County & Genesee County, Michigan. This matches  
11 his CCH that shows 4 arrests for Criminal Sexual Conduct between January 1977 & March of 1977,  
12 in 4 different counties.

13 It appears that Busch was arraigned the following day, March 4<sup>th</sup> 1977 in the 88<sup>th</sup> District Court,  
14 Atlanta, Michigan, in front of a magistrate, on 1<sup>st</sup> Degree CSC, who set a \$10,000.00 bond.  
15 Paperwork in this packet indicates that Busch was released on March 4<sup>th</sup>, 1977, after his  
16 arraignment. **His father, H. Lee Busch posted a cash bond for Christopher's release.**

17 **\*\*\*\* (Found the supplemental report on Busch being at Ess Lake with two minors, March**  
18 **19<sup>th</sup>, 1977. Tim King was missing at this time) \*\*\*** While I was going thru this information from  
19 Montmorency County, I found a supplemental report written by a Sheriff's Department employee,  
20 named Charlotte Pelham, on March 24<sup>th</sup> 1977. In this report, Pelham writes that she received an  
21 anonymous phone call at the sheriff's dept. on March 19<sup>th</sup>, 1977. A woman caller (middle-aged) was  
22 asking to speak to a person that I determined later was a detective at that time in Montmorency  
23 named Junior Brandenburg. Pelham told this woman she would take a message. The woman caller  
24 stated, "No, by then it would be too late and that she had to talk to Junior. Pelham indicated that  
25 anything she told her would be kept confidential at which time, the woman spoke with someone in  
26 the background and agreed to give Pelham the information. The woman said they did not want to  
27 get involved and would not leave her name or number. This woman caller then told Pelham that  
28 Christopher Busch was in town with two minors. Pelham asked the woman where she had seen  
29 them? The caller spoke to someone in the background again and said that she could not tell  
30 Pelham that. Pelham told the caller how important this would be to enable the Sheriff's Dept. to find  
31 him. Pelham could hear the caller talking to the person in the background, saying, "Why did you  
32 have me call them at all, if I can't tell them enough to help them?" She then told Pelham in an angry  
33 voice, "I am sorry I can't tell you more, but I would if I could!" Pelham then told the caller that if she  
34 changed her mind, to call right away. The woman caller then said, "All I can say is go to his place  
35 on Ess Lake and just please check it out!" Pelham stated that the woman seemed sober and was  
36 very serious about what she had just told Pelham. **\*\*\* See this supplemental report in Busch file**  
37 **for details. \*\*\***

38 **The day this call was received by Montmorency County Sheriff's, Timothy King was still**  
39 **missing.** There was no indication in this report, or the file they faxed me on Busch, whether or not  
40 anyone followed up on this call or went to Ess Lake to check on this. It appears Busch was out on  
41 bond at this time. Timothy King was taken from Maple Rd (15 Mile) near Woodward Ave. on March  
42 16<sup>th</sup>, 1977 and found in Livonia on March 22, 1977. Busch's parents lived on Morningview Terrace,  
43 near Maple Rd. (15 Mile & Cranbrook) at that time, just 2 miles from where King was abducted.

44 I also found a newspaper obituary in this packet from Montmorency County Sheriff's, about  
45 Christopher Busch's death and the funeral arrangements. This obituary stated that Christopher  
46 Brian Busch, died November 19<sup>th</sup>, 1978. It said that he was the son of Mr. & Mrs. Harold Lee Busch,  
47 brother of John S., David L. & Charles N. Busch. The funeral was at The Bell Chapel of the William  
Hamilton Funeral home on Maple Rd. in Birmingham, Michigan.

1 There were 2 Circuit Court Probation orders contained in this packet of info about Christopher  
2 Busch. The first one was signed by Judge David Dewitt, from Midland County in reference to  
3 Busch's arrest there on 3-4-77 for CSC 3<sup>rd</sup> Degree. Busch received 3 years probation, fines & costs.  
4 The second order was from Judge Phillip Glennie from Montmorency County, reference to Busch's  
5 arrest on 3-3-77 for CSC 1<sup>st</sup> Degree. It appears that this charge was reduced to a CSC 3<sup>rd</sup> Degree  
6 and Busch received 3 years probation. This judge added a seventh condition to Busch's probation  
7 order which included him not be able to associate with any individuals under the age of 16. This  
8 order was signed September 8, 1978. Busch committed suicide November 1978.

9 \*\*\*\* It is interesting that when Busch & Greene were brought in to be polygraphed by MSP on  
10 Stebbins, during the pre-polygraph interview, they both independently tell Cabot that they don't really  
11 remember all the details of what they did or where they went after arriving back in Michigan, but they  
12 both state they arrived in Michigan February 14<sup>th</sup>, 1976. The newspapers had originally reported  
13 Stebbins was abducted on February 13<sup>th</sup>, 1976, but later corrected the date to February 15<sup>th</sup>, 1976.  
14 Busch told Cabot that he arrived back in Detroit from a trip to England, Feb. 14<sup>th</sup>, 1976. He said that  
15 he thinks he may have stayed a day or two at his parents in Birmingham, before going up north to  
16 Hillman or Sanford. Hillman is where the cottage is on Ess Lake in Montmorency County. Greene  
17 told Cabot that he was released from the mental institution in California in January of 1976 and  
18 arrived back in Flint, Michigan on February 14<sup>th</sup>, 1976. It appears as if they may have been trying to  
19 get there story straight for their alibi on when they both arrived in Michigan, but might have screwed  
20 it up because the media reported the abduction of Stebbins on the wrong date. They are listed in  
21 the original tips as associates, they told Cabot they are associates, they were polygraphed together,  
22 but I have not made the connection yet and there is nothing that indicates anywhere, how they knew  
23 each other or met each other. Both Busch & Greene both told Cabot that they arrived in Michigan 2-  
24 14-1976, even though one supposedly came from California after 5 years and the other had arrived  
25 after being in England.

26 Also during this interview, Busch admitted to Cabot that he has a sexual problem that he is not  
27 proud of and when Cabot asked him if he knew why he was there that day to be polygraphed by  
28 MSP, Busch indicated that it was to determine whether or not he picked up that boy from Ferndale  
29 and killed him. Busch added that he was also there because Greg Greene told police about their  
30 discussion, when Busch told Greene he had fantasies about liking tying up some kid.

31 **12-07-07:** I met with Garry Gray & Dave Robertson (MSP) today and explained to them what I had  
32 found in regards to Christopher Busch and the possibility that he may have been out on bond at the  
33 time of the King abduction and could have possibly been involved in this. We also discussed the  
34 possibility that Busch & Greene may have been involved in the earlier abduction of Mark Stebbins. I  
35 gave them copies of the "Mapquest" results I found for "Ess" Lake in the Hillman/Atlanta, Michigan  
36 area. They are going to have MSP in Lewiston, Michigan check and see if the cottage on Ess Lake  
37 still exists and if so, who the owner is now.

38 **12-10-07:** I received an e-mail from Gay Cook today, after I had sent her one, to see if Christopher  
39 Busch was possibly connected to the Busch's that are related to her, from the Utica/ Mt. Clemens  
40 area. Gay indicated that she didn't believe they were, but thought it was possible that Harold Lee  
41 Busch could be Elmer Busch's brother. Elmer was Gina, Joe & John Busch's father. (These are the  
42 Busch's connected to Carl Shonebeck).

43 **12-10-07:** I forwarded info today to Dave Robertson (MSP), on Christopher Busch and the cottage  
44 on Ess Lake in Montmorency County. Dave is going to have the State Police in Lewiston, Michigan  
45 assist us in locating this cottage.

46 **12-10-07: \*\*\* (Confirmed today that Jane Burgess was Christopher Busch's Attorney in  
47 1977) \*\*\*** I received the court file today on Christopher Busch, from the records office in Oakland  
48 County. This file confirmed that Jane Burgess did in-fact represent Christopher Busch in a multiple  
49 count CSC case involving a juvenile in Oakland County in 1976-77. In this file, it appears that

1 Christopher Busch's father, H. Lee Busch, posted a \$9,000 cash bond for the release of Busch  
2 pending trial. It appears that the victim in these CSC's was a Kenneth Bowman, male between 12-  
3 16 years old. Mothers name was Patricia Bowman. There is mention in this file of a co-defendant  
4 that was not bound over for trial, but it does not give his name (possibly Greg Greene). The file  
5 indicates that Busch pled guilty to the 3<sup>rd</sup> Degree & the 4th Degree CSC's and the 1<sup>st</sup> Degree was  
6 dropped. It appears that Busch ended up getting 2 years probation and fines & Costs.

7 **12-10-07:** I sent Cathy King an e-mail today, with the names of the Busch family to run by her dad  
8 and siblings to see if any of the King's, recognize these names from the Birmingham area. She e-  
9 mailed me back a short time later, stating that she had asked her dad and siblings and none of them  
10 recognized any of the Busch names.

11 **12-11-07:** I received a copy of the death certificate today for Christopher Brian Busch. Busch's  
12 suicide was Oakland County M.E. case# 78-2221. The M.E. that conducted the autopsy of Busch  
13 was Dr. Robert J, Sillery. The cause of death was a self-inflicted gunshot wound to the head. The  
14 date of death was 11-20-1978. Christopher Busch was 27 years old when he killed himself. The  
15 death took place at Busch's parents home at [REDACTED]  
16 Busch's brother Charles N. (Nels) Busch was notified of the death. In the occupation section of the  
17 death certificate, it says Franklin Club Apartments. Busch possibly was the "maintenance guy" there  
18 or possibly was involved in managing a kitchen there? In the section that states the type of business  
19 the subject was in, it says Food Service Manager. This death certificate indicates that Christopher  
20 Busch was cremated and lists the cemetery or crematory as Evergreen, Detroit, Michigan. I  
21 forwarded this information to Garry Gray & Dave Robertson (MSP) via e-mail.

22 **12-12-07:** I received an e-mail from Dave Robertson today. He forwarded me a copy of the  
23 request to MSP in Lewiston, for them to search the county records in Montmorency County, in an  
24 attempt to locate the cottage Busch lived at and was seen at on 3-19-1977 with two minors. This  
25 cottage was located on Ess Lake near Hillman, Michigan in Montmorency County.

26 **12-12-07:** I called Bloomfield Twp. PD today and talked to a woman in the records department.  
27 She attempted to locate a police report on the suicide of Christopher Busch. The only record of a  
28 report they had for Christopher Busch, was when he was arrested in 1977 on a felony warrant for  
29 another jurisdiction (probably the warrant from MSP Pontiac on the CSC's). They have no record of  
30 a death report for Busch.

31 **12-17-07:** I called Genesee County Sheriff's Dept. Today and spoke to a woman in records  
32 (Donna) who is going to try to locate the arrest report on Christopher Busch from 1-28-1977, when  
33 he was arrested for sexual assault. The CCH shows this arrest to be Genesee County Sheriff's  
34 Dept. case # 77-00487. Donna indicated to me that it would probably take her several days to  
35 locate this report, if she can find it at all.

36 **12-20-07:** I received a call today from Donna at the Genesee County Sheriff's, who stated that  
37 Christopher Busch's arrest, was actually made by Flint PD on 1-14-1977, and thought that I might be  
38 able to get a copy of an arrest report from them. She stated that her records showed that Busch  
39 was housed at the Genesee County Jail until he posted bond on 1-31-1977. The phone number for  
40 Flint PD records, fax, is 810-237-6169. Donna Jones is at [REDACTED] This is interesting,  
41 because Greene was born, raised and arrested many times in Flint. That could be why Busch was  
42 in this area at this time. I want to see who Busch was arrested with and if they held and/or hurt the  
43 victims.

#### 44 **Christmas Break 2007**

45 **12-27-07:** I received an e-mail today from Cathy King, who indicated that she looked on  
46 "Mapquest" for the Busch Family on Morningview Terrace in Bloomfield Twp., and observed that  
47 another OCKK suspect, named John Hastings lived in the same neighborhood as Busch, 0.4 miles  
48 apart, on a street called "Tuckahoe" Rd. Busch and Hastings were both approximately the same

1 age. (We do not at this point in the investigation have any indication of Hasting being involved with  
2 Busch & Greene).

3 **1-3-08:** I faxed a request today, to the Flint Police Department Records supervisor for any/all  
4 reports pertaining to Christopher Busch & Gregory Greene, specifically the arrest-report on Busch  
5 from 1-27-1977. On the CCH it shows this arrest of Christopher Busch was on 1-28-1977 by the  
6 Genesee County Sheriff's Dept. After several phone conversations with the records people at the  
7 Sheriff's Dept. it was determined that Busch was actually arrested on 1-27-1977 in the case, by Flint  
8 PD. Busch was then housed after his arraignment at the Genesee County Jail, until he posted bond  
9 on 1-31-1977 (after he was cleared by polygraph in the OCCK case).

10 **1-3-08:** I received an e-mail today from Dave Robertson (MSP). He forwarded a request to the  
11 Michigan State Police Intelligence Unit in Lansing today, requesting copies of the reports from MSP-  
12 27's arrest of Busch in February of 1977. This request from Robertson also included any/all reports  
13 that MSP has on Christopher Busch & Gregory Greene.

14 **1-11-08:** I received a fax today from Flint Police Department, regarding my request for reports on  
15 Busch & Greene. The fax stated that they showed no arrest for Christopher Busch, [REDACTED]  
16 I had requested any/all reports on Busch & Gregory Greene, so I don't know if they even checked on  
17 Greene, or for other reports on Busch.

18 **1-15-08: \*\*\* ( Found possible connection between Lamborgine and Busch & Green) \*\*\*** I  
19 was reading the report tonight on the Lamborgine investigation, looking for connections between  
20 Busch & Greene and Ted Lamborgine. I thought Greg Greene sounded familiar to me from past  
21 interviews. While reading the report, I came across a phone interview I conducted with a person  
22 who called on 12-13-2006, with information about Ted Lamborgine. This person identified himself  
23 as Kenneth Bowman and stated that he had met Lamborgine when he was 14 years old, hitchhiking  
24 in Ohio in 1976. Bowman stated that Lamborgine fed him, paid him for sex and drove Bowman to  
25 Woodward Ave. & Warren Ave. in Detroit.

26 **\*\*\*** I noticed when reading the court file on the arrest of Christopher Busch in January of 1977, for  
27 3 counts of child molestation, that the victim in this case was Kenneth Bowman, whose mother was  
28 Patricia Bowman. This could possibly be a connection between the 2 leads, connecting Lamborgine  
29 with Busch & Green. This Lamborgine connection, could also possibly explain the MSP tip sheet on  
30 Busch, stating that he was involved in a child porn ring.

31 **1-16-08: \*\*\* (Identified the Kenneth Bowman tonight that was the victim of Christopher**  
32 **Busch in Oakland County in Busch's January 1977 arrest by MSP 27) \*\*\*** I performed a check  
33 thru the Michigan Dept. of Correction's Offender Tracking Information System (OTIS) and found  
34 Kenneth Arthur Bowman, white male, born [REDACTED] The age matches the victim Kenneth  
35 Bowman from 1977. This subject was released from Prison for Burglary in 2006 and is currently on  
36 Probation out of the 3<sup>rd</sup> Circuit Court in Wayne County, until 2010. I performed a criminal history  
37 check, which revealed a huge multi-state criminal history and showed this Bowman subject to be a  
38 registered sex offender. This check also revealed this subject to have lived and been arrested  
39 multiple times in the Flint, Genesee County area. This is where Greg Green lived. This report  
40 revealed that Bowman may possibly be living in Belleville, Michigan and gave a phone number. I  
41 called and spoke with a woman, who identified herself as Kenneth Bowman's mother. I asked if I  
42 was speaking to Patricia, to which she stated, "yes." This confirms this subject to be the victim of  
43 Christopher Busch from Busch's 1977, Oakland County case, when Jane Burgess represented  
44 Busch. I left my name and number for her to give to Kenneth, for him to call me. I still need to  
45 confirm whether or not this is the same guy that called about Lamborgine and identified himself as  
46 Kenneth Bowman.

47 **1-17-08: \*\*\* (Another phone interview with Kenneth Bowman's Mother, Patricia Bowman) \*\*\***  
48 I called Patricia Bowman again tonight in an attempt to interview Kenneth. She told me that he has  
49 been hanging around in Detroit. I asked her if he's been staying over on Clairmount St. and she

1 stated that she thought that sounded right. I stated that he's reporting the Belleville address to his  
2 probation officer, to which Patricia stated that he is staying with her in Belleville, but hangs out in  
3 Detroit. I asked again about a cell-phone number for him and she stated that she does have a  
4 number for him. She stated that he is at [REDACTED] in [REDACTED]. I told her that, that is the address  
5 for the Wayne County Jail. She stated that he must have gotten in trouble again. I told her that I  
6 would go see him to talk to him, but wanted to ask her a few questions about their past. I asked if  
7 they used to live in Flint and she told me that they lived at [REDACTED] back in the 70's. I  
8 asked her if she knows Chris Busch & Greg Green, to which she stated she did, adding that they  
9 used to live on the next street (Later identified as Simcoe St.), stating that she thought Green &  
10 Busch might be cousins. I talked about Chris Busch being arrested and charged in Oakland County  
11 in 1977 for molesting Kenneth. Patricia stated they were both arrested, adding that Greg Green was  
12 the other one. I asked if Kenneth spent a lot of time with Chris Busch, to which she stated that he  
13 (Kenneth) was always with Chris & Greg. She indicated that she knew that Busch & Green were  
14 Pedophiles, stating that they were sex offenders. I asked if she knew about Christopher Busch  
15 having a place up north, to which she stated she did, saying that he (Chris) & Greg took Kenneth up  
16 there to a cottage a couple of times. When I asked about the cottage, she stated that the only thing  
17 she knows about it is that it possibly belongs to a cousin of Busch's. I asked her if she remembers  
18 what Green & Busch were driving back then and what they would go up north in, to which she stated  
19 it was an older Pontiac, She thought it was blue or dark blue. I asked her to clarify when she said  
20 and older Pontiac, to which she stated from the 60's. I asked about Kenneth being younger than  
21 Green & Busch, to which Patricia stated he was a lot younger than them. They were in their mid  
22 twenties and Kenneth was only 13 years old at the time in the mid to late 70's. I asked about  
23 Kenneth spending time with them and she said that they would take Kenneth everywhere with them.  
24 I asked where else they would go to, and she stated that they were always taking Kenneth to Detroit  
25 to see some guys that Busch & Green knew. I asked her if she knew the names of the men that  
26 they went to see in Detroit and she stated she did not, adding that I should talk to Kenneth about all  
27 this, he would be able to answer all your questions about these guys. The men in Detroit could  
28 possibly be Lamborgine, Moore, Tazelaar and/or others that would explain a note in Busch's 1977  
29 tip file, stating that he had connections to a child porn ring. This would also explain Kenneth  
30 Bowman calling with information about Lamborgine molesting him in the past. I asked if she knew  
31 about Christopher Busch's family being rich, to which she stated that she did. I asked her if Kenneth  
32 ever said anything to her about what Busch said about his family and she stated that Busch hated  
33 his parents and said they were "bad" people. Patricia kept telling me to ask Kenneth these  
34 questions and he would be able to tell you a lot more about them than she could. I asked if she  
35 knew who Busch & Green stayed with on Simcoe and she stated that she thought it might be  
36 Green's Cousin's house.

37 **1-19-08:** I called the Wayne County Jail today to see if Bowman was still there for an interview.  
38 They had no record of him. I checked his Department of Corrections probation status that showed a  
39 "last movement" date of 1-16-08 and showed "transfer between offices." This report gave the phone  
40 number (313) 972-3170 to check on the status of the offender.

41 **1-20-08:** I called Wayne County probation Supervisor Kirk McVittie and asked him to please locate  
42 Bowman for me so I can interview him. McVittie is checking on Bowman's whereabouts and will call  
43 me back.

44 **1-22-08:** Garry Gray (MSP) called me today and stated that he went to the Michigan State Police  
45 Forensics lab today and picked up the newly acquired DNA evidence from the clothing of the OCKK  
46 victims, that was obtained during the recent re-examination by the State Police Lab.

47 **1-23-08:** Wayne County Probation Officer, Jeaney Cheeks called me today about Kenneth  
48 Bowman. She stated that Bowman is in the Dickerson Center for OWI 3<sup>rd</sup> offense. She is his  
49 probation Officer and stated that he will be in Dickerson until March 2008.

1 **1-28-08:** When I returned from the interview of Lawson tonight, there was a message from Kenneth  
2 Bowman indicating that he was currently at "Operation Get Down" in Detroit (Halfway House) and  
3 that he heard I wanted to talk to him, stating that I can call him at his counselor's (Mr. Phillips) office  
4 at (313) 921-9422, ext. 233. Bowman stated that his counselor would let him talk to me in his office.

5 **1-29-08: \*\*\* (1<sup>st</sup> tape-recorded interview of Kenneth Bowman. Today at "Operation Get**  
6 **Down" in Detroit. This is a "halfway house" located @ Gratiot & Harper) \*\*\*** I went to  
7 "Operation Get Down" today, interviewed Bowman about his relationship with Christopher Busch &  
8 Gregory Green and to see if he was the same Kenneth Bowman that called me a year earlier with  
9 information about Ted Lamborgine. I also was attempting to confirm a possible connection between  
10 Busch, Green & Lamborgine. I asked Bowman right away if he was the same guy I talked to a year  
11 earlier about Ted Lamborgine, to which he stated he was. Present at the beginning of the interview,  
12 along with Bowman and myself, was Bowman's counselor Mr. Phillips. I had Bowman start at the  
13 beginning with how and when he met Busch & Green. Bowman went into detail about his  
14 relationship with Busch & Green, how he met them, why/how he was afraid of them, the places they  
15 took him and how they used him to lure kids to the car. The details that Bowman laid out to me  
16 about Busch & Greene mirrored the information in the police reports from 1977, when Bowman was  
17 interviewed about Busch and Greene molesting him and his relationship to these two. These details  
18 included the information when Greene molested Bowman, Gunnels, Busch, & Plumley at the drive-in  
19 theatre in Flint in 1976. These details Bowman gave me about Busch & Green, included  
20 descriptions of vehicles they were driving at that time, one of which was a 1977 blue Chevy Vega  
21 Hatchback with a white stripe, the fact that Busch was carrying a handgun at that time and  
22 threatened Bowman prior to molesting him, also the story about Green choking Bowman  
23 unconscious in the back of his van, when Green was attempting to have anal intercourse with  
24 Bowman. These 1977 police reports were from the investigation and interviews conducted by MSP,  
25 Flint PD & the OCK Task Force into Christopher Busch & Gregory Greene, including reports of the  
26 interviews of the victims/associates of Busch & Greene.

27 Bowman talked about how Greg & Chris would drive him around in their cars and have Kenneth  
28 "lure" kids closer to the car by talking to them, stating that the kids were more comfortable and would  
29 approach the car once they saw he was a kid too. Kenneth talked about Greg driving him around  
30 Oakland County having him call-out to boys to come over to the car so that Greg could get a look at  
31 them.

32 During the course of this interview, Bowman made statements about Busch bringing a boy down to  
33 Flint from the cottage up north in the spring of 1977 and making him (Bowman) perform oral sex on  
34 this boy in the woods in Flint. Bowman stated that he thought the boy was nervous, but did not  
35 appear to be scared or being held against his will. Bowman said that he and Busch then drove the  
36 boy to a house somewhere between Flint & Detroit, stating that it could have been Pontiac,  
37 Waterford, he wasn't sure. Bowman then stated that Busch walked the boy up to the door and the  
38 man that came to the door appeared to be Ted Lamborgine. Bowman stated that he knew  
39 Lamborgine from the time Ted picked him up while hitchhiking in Ohio in 1977, and from a couple of  
40 times when Lamborgine took him to "XXX" places on Woodward in Detroit and molested him.  
41 Bowman stated that he believed that the man Busch dropped this boy off to was Lamborgine, based  
42 on knowing him and seeing him on the TV when we arrested him in Ohio in December 2006.  
43 Bowman stated that he believes the boy was the King boy because in the spring of 1977, Flint  
44 Detectives Fran Miller and Tom Waldren, showed him pictures of two dead boys, naked, lying on a  
45 table and their faces were kind of blue like his was after Green choked him. I asked Bowman if  
46 Chris & Greg used him to lure kids to the car, to which Bowman stated, "Yes." I asked Bowman if  
47 he was involved in abducting the kids from the child killings? Bowman paused for a long time and  
48 stated, "Yes." I asked him who else was involved to which he stated Chris. I asked Bowman who  
49 else knew about this and he answered, "Just Chris." Bowman stated that when these Detectives  
50 showed him those photo's, he knew right then that one of the dead boys was the boy Busch brought  
51 from up north and had him perform sex on, stating that he is a co-conspirator. I explained levels of

1 culpability to Bowman and asked him why he didn't say anything to the police back then, to which he  
2 stated he was too scared. During this interview, Bowman talked about Busch buying a blue Chevy  
3 Vega hatchback, with a white stripe that he (Busch) purchased at Al Serra Chevrolet in Flint in  
4 January of 1977. Bowman also talked about how Busch and Green took him for a ride in 1976 to a  
5 rural area off Dixie Hwy. In northern Oakland County, stating that he thought they were going to  
6 molest and kill him that day, stating further that Busch had the handgun under the seat of the blue  
7 Vega. Green had told Bowman in the past that Busch has killed a kid before, in the woods up north.  
8 While asking Bowman about Busch's cottage up north, Bowman kept saying that he thought it was a  
9 house, not a cottage. Bowman insisted he was never up at Busch's cottage, but during earlier  
10 interviews with his mother, she told me that Kenneth was always with Chris & Greg, and that she  
11 remembers Kenneth going up to the cottage at least twice with Chris & Greg.

12 We started talked further about his statements regarding Busch, Green & Lamborgine all being  
13 involved in the killing of the King boy and possibly others. Bowman could not say how he knew that  
14 for sure, other than saying that he heard they were and kept saying that they had him at Busch's  
15 cottage up north before they brought him down to Flint. When I would ask Bowman if he was  
16 hesitant on responding to that question, because he himself was involved he would state "No," but  
17 not very convincingly. Bowman kept saying that he knows that the boy I showed him a picture of  
18 (Tim King) was the boy that Busch made him have sex with and the same boy that he later saw a  
19 picture of, dead. We kept getting interrupted during the interview by other employee's at the halfway  
20 house and had to switch offices. Bowman also stated that after they dropped this boy off at the  
21 house to who he believes was Ted Lamborgine, he never saw the boy again until the police showed  
22 him the picture of the boy. Before this interview ended, Bowman stated that he later saw a Polaroid  
23 of this boy who he believes was the King boy in Busch's Vega. Bowman said that the boy was tied  
24 up in the car, in the picture. Bowman stated that Busch kept a set of handcuffs in the Vega. My  
25 time for this interview was cut short by the staff at Operation Get Down and I still had a lot of  
26 questions for Bowman, especially about the authenticity of Busch seeing the King boy & how  
27 Lamborgine is possibly connected to Busch & Green. I made arrangements with Bowman and with  
28 his counselor, Mr. Phillips, to interview Bowman further at the Michigan State Police Post in a few  
29 weeks down the road, so that we can talk at length without interruptions. Bowman agreed. \*\*\* (For  
30 details of this interview, see the transcripts or listen to the disc from the recording) \*\*\*

31 **1-29-08:** I called Rob Moran from the Wayne County Prosecutors Office after this interview and told  
32 him that I wasn't sure because we kept getting interrupted, but that it's possible this Bowman was  
33 involved in the child killings. I told Moran that Busch & Green used him in the past as a "lure" and  
34 that Bowman feels that one of the boys Busch had may have been the King boy. I told Moran that  
35 Bowman stated while talking about this boy that he called himself a "co-conspirator." I stated to  
36 Moran that I felt that it was possible that Bowman was leaning towards admitting involvement or  
37 knowledge after the fact, as possibly an unwitting at the time of the crime, but was hedging based on  
38 what might happen to him as a conspirator. I told Moran that we are going to interview Bowman  
39 further to clarify his possible involvement. Moran stated that he was going to look at the law on this,  
40 due to the fact that Bowman was 13-14 years old at that time.

41 **1-29-08:** I called Garry Gray (MSP) right after this and told him about what Bowman was saying. I  
42 gave Garry the details of what Bowman described about his involvement with Busch & Green in  
43 1976 & 77. Garry stated that the details of what Bowman was saying, is matching, exactly to what  
44 he was reading in the state police report he was holding in his hand, from the Busch/Green CSC  
45 investigation from 1976 & 77. This is the case that Bowman was the victim of Busch & Green on  
46 that was prosecuted in Oakland County in 1977.

47 **2-1-08: \*\*\* (Kenneth Bowman called my cellphone today) \*\*\*** Kenneth Bowman called my  
48 cellphone today to tell me that he sent me a letter to the police department about Busch & Green  
49 and also to tell me that he is scared about all this, worrying about being charged. I told Kenneth that  
50 . was glad he called and that I did not want him to be scared, stating that our intentions at this point,

1 based on his level of culpability, about what he told me during the first interview, are to make him a  
2 witness in this case, but it depends on him. I told Kenneth that when we meet with him next week,  
3 he is going to have to be completely honest with us in regards to the information he has about the  
4 child killings and about his involvement in the killings and be polygraphed about his involvement and  
5 the information he supplies. Kenneth stated that he doesn't know what happened to them after he  
6 saw them, but he learned later that those same kids had been killed. I told Kenneth that I talked to a  
7 prosecutor named Rob Moran, who is going to attend the next interview and explain the situation to  
8 him from a legal stand point, but what he is going to tell you, basically is that you need to be 100%  
9 truthful about your involvement and if you saw the kids alive with these adult men, but did not  
10 participate in the killings, then you are possibly in a position to be a witness in this case. I told  
11 Kenneth that I was not making him any promises, because we have not heard the whole story yet  
12 and he would still have to be polygraphed about his information. Kenneth stated, "I'll pass." I  
13 informed Kenneth that when we meet next week, he would meet Mr. Moran and Sgt. Gray from the  
14 State Police who is my partner and the officer in charge of this case. I reminded Kenneth not to  
15 worry, because he just has to tell the truth. Kenneth asked me to just call his counselor next week  
16 with which day we are going to conduct the interview and that Mr. Phillips would bring him. Kenneth  
17 also asked me to bring a picture of Ted Lamborgine from back then, because he wants to make sure  
18 he's referring to the right person. Kenneth stated that he is fairly certain he is, but that he wants to  
19 be sure.

20 **2-4-08:** I received two letters today from Kenneth Bowman. In these letters Bowman described in  
21 more detail, his relationship with Christopher Busch & Greg Green. He also talked a little more  
22 about Ted Lamborgine, including the story of how he met and was molested by Ted Lamborgine,  
23 while hitchhiking in Ohio in 1977. He is going to have to explain this relationship to us further. It's  
24 just too coincidental that he gets picked-up by Lamborgine in Ohio and later he says that  
25 Lamborgine is connected with Busch & Green. Bowman is either not being truthful, and trying to  
26 make his own connections, or simply holding back on the entire story right now.

27 Bowman wrote in his letters about how Busch, Green and Lamborgine would use him as a lure, to  
28 lure kids over to the cars of these Pedophile men, stating that when he (Bowman) would call a kid to  
29 a car, these children were not afraid when they saw that he was the same age they were. **\*\*\*(See**  
30 **letters from Bowman in the Bowman file for details)\*\*\***

31 **2-6-08:** I talked to Garry Gray (MSP) today and we decided to interview Lourn Doan about Busch,  
32 Green & Bowman, before we interview Bowman next week. Doan is the retired Southfield Detective  
33 that was working for the task force in 1977 and conducted an investigation into Busch & Green as  
34 possible suspects in the child killings, even after they had passed a State Police polygraph in  
35 January 1977, about Stebbins. As I uncovered information about Busch & Green, after the  
36 investigative subpoena of polygraph examiner Wasser in 2007, it began to appear that our current  
37 investigation was mirroring what Doan was doing 30 years earlier in 1977. It appears that he felt  
38 strongly about these two as suspects during the original investigation, but did not have all the  
39 information then that we have today about these guys, nor did he know about Ted Lamborgine and  
40 his possible connection with Busch & Green.

41 **2-8-08:** Garry (MSP) e-mailed Lourn Doan today to try to set up a meeting or a conference call with  
42 him for the beginning of next week. We are waiting to hear back from him.

43 **2-8-08:** We are still waiting for all of the police reports from Flint PD on Busch, Green & Bowman.  
44 Dave Robertson sent a formal request last week from the State Police, for archived records on these  
45 guys.

46 **2-8-08:** I noticed in the Michigan State Police report from their CSC investigation into Christopher  
47 Busch & Greg Green in 1977, that Southfield Detective Lourn Doan & MSP Detective Dyer had gone  
48 to Busch's parent's home on Morningview Terrace in Birmingham to arrest Busch on the Criminal  
49 Sexual assaults he had committed against Kenneth Bowman. The Detectives made contact at this

1 home with Christopher Busch's father, who stated that Chris was in "Whitehall" and he would call  
2 Chris to have him turn himself in. Detectives instead, had Whitehall Police go to Busch's home in  
3 Whitehall to arrest him. Busch had left Whitehall and a statewide B.O.L. was entered in the law  
4 enforcement computer. Busch was taken into custody in Ionia Michigan.

5 I thought at first that Whitehall, Michigan was a small town near Ess Lake, where supposedly Busch  
6 spent time at a cottage and was seen there with juveniles on March 19<sup>th</sup>, 1977 (While King was  
7 missing). I performed a check thru "Mapquest" and determined that Whitehall, Michigan is actually  
8 on the west side of the state in Muskegon County, no where near Ess Lake, which is located near  
9 Hillman, Michigan in Montmorency County. I performed some computer checks thru the "Lexis-  
10 Nexis" system and found that Christopher Busch's parents owned a property in Whitehall at that  
11 time, that they were buying on a land contract. It appears that the Busch's had relatives in the area.  
12 There were several "Busch" families listed with property in the Whitehall area. The property that was  
13 owned by Christopher Busch's parent's, was eventually "Quick Claim Deeded" to John S. Busch  
14 (Chris's brother), who is now deceased. I located Christopher Busch's older brother Charles Nels  
15 Busch, living in New York City, but am unable to locate David L. Busch (The other brother) so far.

16 **2-11-08:** We still have not heard from Lourn Doan, so we are going to go ahead and interview  
17 Kenneth Bowman on Wednesday this week. We will interview Doan about this case whenever we  
18 can make contact with him.

19 **2-11-08: \*\*\* (Located reports from Montmorency & Identified the cottage on Ess Lake, near**  
20 **Hillman, Michigan.) \*\*\*** I called Montmorency County Sheriffs office today and spoke to a  
21 dispatcher named Mike Juricz who told me that Junior Brandenburg and Charlotte Pelham are both  
22 retired, but still live in the area. Brandenburg was the Montmorency Detective that investigated  
23 Christopher Busch in the CSC case when Busch was arrested and charged with in their county in  
24 1977. Charlotte Pelham was the Sheriffs Dept employee who took the anonymous call from a  
25 woman on March 19<sup>th</sup>, 1977, that stated that she saw Chris Busch in the area with two minor boys.  
26 Juricz made contact with Charlotte Pelham who agreed to talk to me and gave Juricz her phone  
27 number for me. I called and spoke to her about the report she wrote on the anonymous phone call  
28 she took on March 19<sup>th</sup>, 1977. I read her report to her over the phone and she stated that she does  
29 not specifically remember that incident, but the part about Christopher Busch being in town with two  
30 minors, "rang a bell" with her. Pelham stated that Juinor Brandenburg would probably know who the  
31 anonymous caller was and where the cottage was at, stating that he (Junior) still lives in the area  
32 near Ess Lake in Hillman, Michigan. Juricz the dispatcher called me back and stated that  
33 Brandenburg's phone was busy, that he would keep trying to call him to either call me or give me his  
34 phone number.

35 During this conversation, Juricz stated that a Deputy Shaw, who is trying to help out, found the  
36 Busch file and has info if I wanted to talk to him about it. I spoke to Shaw who stated that in  
37 Detective Brandenburg's notes, it says that the woman who called on March 19<sup>th</sup>, 1977 was a "Suzie"  
38 from the "A frame" party store. Shaw stated that he is familiar with that store and can call over to the  
39 new owners and get "Suzie's" name. Shaw called me back and stated that "Suzie" is Susan King  
40 who is now deceased, but her widower is Kenneth King who currently owns the Grand Lake Lodge  
41 bar near Alpena, with a phone number of [REDACTED]. Shaw stated that in Det. Brandenburg's  
42 report of the follow-up on these calls, it states that "Suzie" stated that the boys with Busch were  
43 approximately 16 & 18 years old. Brandenburg also interviewed Mary & Norman Wiseman, who had  
44 called after seeing Busch with 3 young boys at the IGA on March 19<sup>th</sup>, 1977. These callers stated  
45 that the 3 boys were approximately 13, 14 & 15 years old that were with Christopher Busch. These  
46 witnesses all gave statements indicating that they only ever saw Christopher with young boys when  
47 he was up north.

48 Deputy Shaw then faxed me a copy of a letter in the file from Detective Waldren at Flint PD to the  
49 Chief of the Alma Police Department, March 9<sup>th</sup>, 1977. In this letter, Waldren tells the Alma Chief  
50 that Busch has CSC cases pending in Genesee County, Oakland County, Montmorency County and

1 Midland County. Waldren stated that the strongest cases against Busch are in Oakland and  
2 Genesee County, stating that he has hired the best legal counsel to represent him (Jane Burgess).  
3 **Waldren also wrote in this letter on March 9<sup>th</sup>, 1977 (7 days before King was abducted), that**  
4 **Busch is currently free on bond on all charges.** I asked Deputy Shaw if he knows who the  
5 victim was in the Montmorency case and if he was from that area, to which he stated he did not, but  
6 would call the prosecutors office to see if they have the court file on Busch from their cases.

7 Deputy Shaw called me back and stated that he talked to the prosecutor's office, and that they do  
8 have the file on Christopher Busch. Shaw gave me the victim's information from this file, stating that  
9 a James Vincent Gunnel w/m, [REDACTED] was the victim. In Brandenburgs report on this  
10 investigation, he writes that all of the boys that Busch would take to the cottage were from down  
11 state. I looked at the Flint PD report for the names of the boys that he & Green had molested in that  
12 area, and one was a Vincent Gunnel from Flint, Michigan. This corroborates what Bowman said  
13 about Busch taking kids up to the cottage, although Bowman stated during the first interview, that he  
14 himself was never there. Bowman was not very convincing about this and it's interesting that he is  
15 trying to distance himself from this cottage. This report stated that Busch would bring young boys  
16 from "down state" to the cottage in the winter for "snowmobile parties" and also in the summer time.  
17 It said that Busch would give the boys Marijuana and alcohol before molesting them. This cottage  
18 was identified in these reports as being owned by Christopher Busch's father, H.Lee Busch for 12  
19 years and is located on Norway Ct. on Ess Lake. I had been trying to locate this cottage thru  
20 computer databases and remember Norway Ct. to be a street on the north side of Ess Lake.

21 Deputy Shaw stated that in Brandenburgs interview with Busch on 3-3-1977, Busch stated that he  
22 did molest James Vincent Gunnels at the cottage on Ess Lake, but never used force. Busch would  
23 not name any of the other boys from down state that he brought to the cottage and would not make  
24 any written statements until he had a chance to speak with his attorney. Busch told Brandenburg  
25 that he knew Gregory Green, but at no time did he ever bring Green to Ess Lake. Busch stated that  
26 Green was violent and tried to strangle a boy in Flint that he believes was Kenneth Bowman. Busch  
27 continued about Green, stating that the police have confiscated all of his photographs & movies and  
28 are holding them. Busch told Brandenburg that he did not have any Photo's or movies at the  
29 cottage. Busch went on to say that his problem (Pedophilia) started went his father sent him to  
30 boarding school at 17 years old. Busch said that his father has owned the cottage for 12 years. \*\*\*  
31 **(See Detective Brandenburgs reports and the Montmorency file on Busch for details of their**  
32 **investigation into Christopher Busch) \*\*\***

33 **2-11-08:** Deputy Shaw had indicated to me, that he could call the "Equalization Dept. at  
34 Montmorency County and locate the information on the address and ownership of the Busch  
35 Cottage. I told him to go ahead and do that if he can. Deputy Shaw called me back a few minutes  
36 later and stated that the Busch family cottage is located at [REDACTED] on  
37 Ess Lake. Shaw said that H. Lee Busch was the owner for many years, sold it to a family named  
38 "Secret," who in turn sold it to the current owners, John & Donna Dace. Shaw stated that the "Dace  
39 family," that currently own the cottage, live at [REDACTED] Shaw  
40 then faxed me a copy of the counties paperwork on the property from their tax rolls. This information  
41 included the Legal Description, Parcel ID & Location, assessment values, Owners name and  
42 address where taxes are sent,...etc. Shaw then supplied me with Detective Junior Brandenburg's  
43 home phone number and stated that Brandenburg was waiting for me to call.

44 **2-12-08:** I met with Garry Gray (MSP) today and we went over the new developments in this lead  
45 on Busch & Green and their possible connection to Lamborgine. I filled Garry in on all the  
46 information on Busch from Montmorency County, including the identification of the Busch cottage on  
47 Ess Lake. We also discussed our interview strategy with Bowman for tomorrow.

48 **2-12-08: \*\*\* (Phone interview with retired Montmorency Detective Junior Brandenburg) \*\*\*** I  
49 called and spoke to Detective Brandenburg today about his investigation into Christopher Busch in  
50 1977, for CSC 1. I informed Brandenburg who I was and what we were working on. I told him that

1 Deputy Shaw had located his reports and file on Busch from back in 1977 and that Shaw told me  
2 that you had an old Detroit News and/or Free Press newspaper clipping about the disappearance of  
3 Timothy King in the Busch file. Brandenburg started out saying that he remembers the case and  
4 remembers Busch being a very odd guy, stating that he always felt that Busch might have been  
5 involved in the King case, that's why he had the news clippings. Brandenburg said that the dad H.  
6 Lee Busch was rich, owned a home in Birmingham, the cottage on Ess Lake and bought Christopher  
7 Busch a big two-story restaurant. I asked if it was the restaurant in Alma, to which he stated he  
8 believed it was. Brandenburg said that Christopher Busch always had young boys with him and  
9 remembers that the boys were from his (Busch's) area, down state. I asked Brandenburg if he  
10 remembers the cottage and he stated that it was a "flat roofed" kind of cottage, that may have been  
11 painted in the past, but not much has been done to it over the years. Brandenburg stated that he  
12 lives not too far from there and that he was there when they searched it. I asked him if they found  
13 any photographs or anything that would indicate someone may have been held there against their  
14 will, to which he stated no. Brandenburg then stated that Busch committed suicide not long after  
15 their case, but he didn't know how he did it. I told him that Busch Shot himself in the head.  
16 Brandenburg again stated that he always had a gut feeling that Busch was involved in the child  
17 killing case. He said he would contact me if he remembered anything else about the case that might  
18 help.

19 **2-12-08:** Deputy "Bud" Shaw called me today and stated that he went over to the old "Busch  
20 cottage" on Ess Lake and took pictures of it that he will e-mail to me. Shaw stated that he walked  
21 around the cottage and it appears from the foundation and looks of the structure, that it has not  
22 changed much if any, over the past 30 years, other than maybe paint, a garage and new deck. I  
23 received the e-mailed photos of Busch's cottage from deputy Shaw this afternoon. It appears to be  
24 a 60's style structure with a flat type roof on it.

25 **2-12-08: \*\*\* (Livonia Polygraph Examiner, Tim Larion, reviewed the Busch & Green**  
26 **polygraph charts from 1977 today, and gave his opinion) \*\*\*** Today, I showed Tim Larion  
27 (Livonia Polygraph Examiner) the MSP polygraph charts from examiner Cabot, on the polygraph's of  
28 Busch & Green from 1977, in regards to the Stebbins/Mihalich abduction/murder. After  
29 approximately 30-45 of reviewing these charts, Larion determined that based on their responses to  
30 the relevant questions & both subjects showing deception in regards to the relevant questions, it is  
31 his opinion that both subjects should have failed the polygraph and at very best, should have been  
32 ruled an inconclusive. The third chart was incomplete and does not include the relevant questions  
33 that Greene was failing during the first two charts. Larion stated that he did not understand this third  
34 chart being incomplete, nor could he understand, based on his training and experience, how the  
35 original polygrapher in 1977 could have possibly passed these two.

36 **2-13-08: \*\*\*(Video/audio-taped interview of Kenneth Bowman @ MSP Metro North Post)\*\*\***  
37 Today we interviewed Kenneth Bowman about his information in regards to Busch & Green's  
38 possible involvement and his possible involvement in the child killings. We also wanted to clear up  
39 how Bowman was connecting Ted Lamborgine to Busch & Green. We felt that this was too much of  
40 a coincidence to be true. I also felt after talking to Bowman last time that he was holding back  
41 information, because he himself was possibly involved in the killings, even possibly as an unwitting  
42 at the time. Bowman was adamant that the boy that Busch made him have sex with was the King  
43 boy.

44 We made arrangements to have Rob Moran present at the beginning of this interview to clear up  
45 any concerns Bowman may have had in regards to his culpability in this case and his ability to speak  
46 freely without the possibility of being charged. Bowman indicated during the first interview, that he  
47 had been used by Busch & Green, as a "Lure" to get kids to the car for them and that they drove all  
48 over Genesee, Oakland & wayne Counties looking for kids. We felt that Bowman may possibly be  
49 the witness we were looking for that could put the pieces of the puzzle together and put the King boy  
50 with Busch, Green & Possibly Lamborgine while missing and prior to them killing him (King).

1 Moran talked to Bowman for a short time and then we read Bowman his rights. Bowman was  
2 asked if he understood all of his right, to which he stated he did. Bowman then agreed to waive his  
3 rights and talked with investigators. We then had Bowman start from the beginning on how he met  
4 Busch, Green & Lamborgine. A lot of the beginning of this interview was the same information that  
5 he told me during the first interview and was corroborated thru Flint & MSP police reports from 1976  
6 & 77. When Bowman was talking about how he met Lamborgine and his relationship with  
7 Lamborgine, we noticed some discrepancies in his story from the first interview. We began  
8 questioning Bowman about his Knowledge of Lamborgine, his connection to Busch & Green and  
9 how he (Bowman) knows that Ted Lamborgine was involved in the child killings with Busch & Green.  
10 I also had Bowman describe the boy that Bowman said Busch made him have sex with in 1977, that  
11 he (Bowman) believes was the King boy. Bowmans physical description and what the boy was  
12 wearing, did not match Timothy King. After a time of questioning Bowman about his information,  
13 Detectives determined that Bowman was trying to make the pieces of the puzzle fit to connect  
14 Lamborgine with Busch & Green. Bowman believes that the man that Busch & Green stopped to  
15 see back then was Ted Lamborgine, because he (Bowman) remembered Lamborgine from when he  
16 picked him up hitchhiking in Ohio in 1976/77 and molested him at a restaurant. Bowman said when  
17 he saw Ted on the news last year, he knew it was the same guy. Bowman made some comment at  
18 this point, about Lamborgine being a pedophile and needing to go to prison for life, indicating he was  
19 possibly trying to make Lamborgine fit into this puzzle. Bowman cannot say for sure that Ted  
20 Lamborgine is connected with Busch & Green, but believes he is. Bowman cannot say for sure that  
21 the boy he had sex with that Busch brought down from up north was the King boy, but he (Bowman)  
22 believes it was, stating again that when the Flint police showed him the pictures of the two dead  
23 boys lying naked, he knew that the one (identified by Bowman as King) was the same boy that  
24 Busch had. Bowman also insisted during this interview that he was never up at Busch's cottage in  
25 Hillman, Michigan.

26 We determined during this interview that it appears, that Bowman was possibly not, for lack of a  
27 better term, the "Home-run hitter" we were looking for in this case, that could put the pieces of the  
28 puzzle together. Bowman is going to have to be polygraphed now, due to the two different stories  
29 and the possibility that he may have knowledge or have been involved. Bowman may have just  
30 gotten "cold feet" after possibly attempting to confess during the first interview and got scared while  
31 waiting for the second interview. It is also possible that Bowman learned what he had been involved  
32 in after the fact. I asked Bowman, out of the boys that Busch & Green were running with back then,  
33 who, were they closest to and had the biggest propensity to be involved in something bad with  
34 Busch & Green, to which Bowman stated Vince Gunnels. Bowman said that he saw Gunnels in  
35 Jackson prison in the mid 1990's. We then asked Bowman for his consent to a Buccal Swab for  
36 DNA, to which he gave us, but appeared very nervous about it, asking a lot questions and when the  
37 results would be back. The interview was terminated at this point. \*\*\* (See the video or  
38 transcripts from this interview for details) \*\*\*

39 **2-14-08: \*\*\* (I identified another one of Busch, Green & Bowman's associates today named**  
40 **Vincent Gunnels) \*\*\*** I performed a check thru the Michigan L.E.I.N. system for a criminal history  
41 on the name James Vincent Gunnels, which showed a criminal history in Michigan for Gunnels with  
42 a D.O.B. of [REDACTED]. This criminal history in Michigan was lengthy and included arrest in 1980  
43 in Flint for Burglary, Stolen cars and led to many arrest in Lansing for Armed Robbery, Larceny,  
44 Burglary, stolen cars...etc. Gunnel's has lengthy criminal histories in 4 states, including: Florida,  
45 Minnesota, Montana & Michigan. Gunnel's is currently serving 4-10 years in Michigan Dept. of  
46 Corrections for a purse snatching he committed in Ingham County in 2004. Gunnels is currently  
47 being housed at the Ojibway Correctional facility in Gogebic County, Michigan. This is located in the  
48 far northwest section of the upper peninsula of Michigan. Gunnels is the guy that Bowman stated  
49 was the closet to Busch & Green back in Flint in the 70's and the most likely to have been involved  
50 in something bad with them.

1 **2-15-08:** I received a phone message today from Garry Gray (MSP) who stated that he finally got a  
2 call-back from Lourn Doan, the retired Southfield Detective that was "looking hard" at Busch &  
3 Green as OCK suspect back in the 70's. Doan had been on vacation in the Bahama's for the last  
4 couple of weeks, but told Garry that he would be more than happy to come in and talk to us about  
5 this lead.

6 **2-19-08:** I talked to John Ouelett (FBI) today about trying to get a copy of the report or file from  
7 Bloomfield Twp. PD, on the suicide of Christopher Busch. John said that he knows the Chief of  
8 Police at that agency and would call him today to request this file or a copy of it. I told John if they  
9 locate it to let me know and I would drive over to Bloomfield Twp. and pick-up the file today.

10 **2-19-08: \*\*\* (Identified several of Busch & Green's other associates today, including: Jeff**  
11 **Plumley, Brent Busch & Dale Cooper) \*\*\*** I performed a check thru the Secretary of State today  
12 for a Jeff Plumley and located Jeffrey Allen Plumley, w/m born [REDACTED] to reside at [REDACTED]  
13 [REDACTED]. A check thru Lexis-Nexis showed this subject to have several  
14 addresses in the past around the Flint/Genesee County area. I obtained 3 photos of Plumley thru the  
15 Secretary of State imaging system. A check thru the Michigan LEIN system showed no Criminal  
16 History for Plumley.

17 I performed a check thru the Lexis-Nexis system for Brent Busch and located a Brent Harris Busch  
18 living in Newaygo, Michigan. The results of this check, also showed this to be the Brent Busch  
19 related to Chistopher Busch. A check thru the Secretary of State, showed this person to be Brent  
20 Harris Busch, w/m, born [REDACTED], to reside at [REDACTED].  
21 I obtained 2 photos of this subject thru the Secretary of State imaging system. Busch has a lengthy  
22 CCH for mainly misdemeanor type offenses in White Cloud and Newaygo, Michigan.

23 I had Dale Coopers name from the MSP report during the 1977 CSC investigation involving Busch  
24 & Greene in Flint and Oakland County. Cooper, along with Busch & Green was listed as a suspect  
25 in that case. I ran his name thru MDOC and located Dale Arthur Cooper, w/m, born [REDACTED]. A  
26 check thru the Michigan LEIN system showed Cooper to have a lengthy CCH in St. Clair County in  
27 the 1970's & 80's. I don't know yet how Cooper is connected to Busch & Green. He shows an  
28 address on Park in the Cass Corridor as of the past 10 years. No photo yet of Cooper. When we  
29 interview Brent Busch, he may be bale to make the connection with Cooper, Busch & Green. \*\*\*  
30 **(See their personal files for all this information on each subject)\*\*\***

31 **2-19-08:** Garry Gray e-mailed me today about some of our upcoming plans for this case. We are  
32 going to meet with Bob Dykstra (MSP Polygraph Examiner) at 09:30 tomorrow to get his opinion on  
33 Busch & Green's polygraphs from January 1977 in regards to the Stebbins case. We are going to  
34 also show these charts to the FBI examiner in the area for his independent opinion. We have  
35 arrangements to interview Lourn Doan on Thursday this week after Lawson's sentencing.

36 **2-20-08: \*\*\* (MSP Polygraph Examiner, Lt. Dykstra reviewed Busch & Greene's charts today)**  
37 **\*\*\*** Today, Garry, Dave & I took Busch & Green's polygraph charts from January 1977, over to the  
38 Michigan State Police post in Northville, to get Lt. Dykstra's (polygraph examiner) opinion on the  
39 charts. We didn't tell Dykstra anything about the case, or anyone's opinions or findings ahead of  
40 time, just simply asked him to review the charts and give us his opinion. We left the room, and after  
41 approximately 30 minutes or so, Dykstra called us back into his office. Not knowing what the original  
42 polygraphers opinion was, Dykstra pointed at the chart for Green and stated that he would have  
43 failed this subject, stating that based on his charts he believes he had involvement, stating further  
44 that his were pretty clear cut. Dykstra stated the other guy (Busch) shows some deception to the  
45 relevant questions, but that he (Dykstra) would probably call his inconclusive, stating that based on  
46 the responses/reactions to the relevant questions, he may have had knowledge. Afterwards, Lt.  
47 Dykstra asked what the original polygraphers opinion was. When we told him that they were both  
48 "Passed" back then, Dykstra stated that he did not see how they could have been a pass, especially  
49 Green's, stating that Busch's should have been an inconclusive, but not a pass.

1 Lt. Dykstra's opinion on the polygraph charts of Busch & Green from 1977, in regards to their  
2 involvement in the child killings, almost "mirrors" the opinion of polygraph examiner Larion. These  
3 examiners gave their opinions of the charts, independent from each other and without knowing the  
4 opinion of the original examiner. (Examiners, Larion & Dykstra, did not score these charts  
5 numerically when reviewing them, but merely looked at the questions and Busch & Greene's  
6 responses to the questions, and based on their training & experience, rendered an opinion).

7 **2-20-08:** Cathy King sent me an e-mail today, stating that she ran the Busch name by retired  
8 Birmingham Detective Jack Kalbflesch and asked if he remembers the name, stating that Busch  
9 committed suicide in Birmingham in the late 70's and was a suspect in the child killings. I expressed  
10 concerns with Cathy talking to someone outside the Task Force & Law Enforcement, about what we  
11 are working on, and she re-assured me that we could trust him. She stated that he has known about  
12 this since Coffey and Wasser a year ago and hasn't said anything and she was very vague with him  
13 about what she was looking for. Anyways, Kalbfleisch told her that he did remember a suspect in  
14 the child killings that killed himself with a shotgun at a home near Maple & Lahser in the late 70's,  
15 and the reason he remembers this is because they found a pencil drawing in Busch's room of a boy  
16 "screaming" that looked like the Stebbins boy.

17 **2-21-08:** The Task Force met at the MSP Metro North post today and we had retired Southfield  
18 Detective Lourn Doan there to interview him about his investigation, back in 1976 & 77, into  
19 Christopher Busch & Gregory Green. We gave Lourn a few general facts about the case, as to  
20 "jog" his memory, but really wanted him to "fill in the gaps" on his own, without us leading him.  
21 Lourn remembered the investigation and remembered Christopher Busch when we showed him the  
22 picture. Being that it is such an old investigation, Lourn was struggling a bit, trying to remember  
23 details of the case. We showed him the original tips he wrote up on Busch & Green in 1976 and  
24 also the tip he wrote on these guys again in 1978. Detective Doan & Detective Roy Itami (Berkley  
25 PD) were working together on the Timothy King Homicide, as part of the Oakland County Child  
26 Killing investigation. Even after Busch & Green had been cleared by an MSP polygraph in Flint in  
27 January of 1977, Doan continued to investigate these subjects as suspects. He remembered Busch  
28 killing himself at his home in 1978, but stated he thought he hung himself, but stating he did not  
29 remember for sure. We called Detective Roy Itami, who agreed to come to the meeting. Doan &  
30 Itami looked over the tips they wrote up and began talking about when they took Busch & Green to  
31 the polygraph with MSP in Flint. Doan stated that they, along with the "Task Force" were so  
32 convinced that these two suspects were involved in the killings that Deputy Oakland County  
33 Prosecutor Dick Thompson went along and was present during the polygraph, believing a polygraph  
34 failure was forthcoming, along with a confession. Doan stated that Thompson also thought they  
35 would be issuing charges on these subjects. Both Doan & Itami stated that during the hundreds of  
36 polygraphs conducted on suspects during this massive investigation, this was the only time a  
37 prosecutor, especially the Deputy Oakland County Prosecutor attended a polygraph. I asked Doan  
38 if he remembers how he felt when Examiner Cabot (MSP) passed both of these subjects, to which  
39 he stated that he does not remember exactly because it was so long ago, but he does remember  
40 vaguely that they couldn't believe they passed and that they were kind of "scratching their heads  
41 over it."

Thompson  
states he does  
not remember  
poly.

42 We then told Doan & Itami that we have recently, based on Wasser's statements to Coffey about  
43 Busch's confession to him and our recent investigation, shown Busch & Green's polygraph charts to  
44 two independent examiners, one of which is a very experienced MSP examiner. We told Doan &  
45 Itami that both examiners were in agreement, independent of each other, & neither subject should  
46 have been "passed" that day after their polygraphs in 1977. We further stated that both examiners  
47 stated that Green's polygraph was such a conclusive failure that they could not understand how  
48 examiner Cabot could have passed him. They both stated that Busch's polygraph showed  
49 deception on the relevant questions indicating to the examiners, possible knowledge of the crimes.  
50 Both stated at best, Busch would have been an inconclusive, but not a "pass." Doan & Itami were  
51 shaking their heads stating this could have been solved 30 years ago. Both Detectives asked where

1 their reports were. All we have is the tip sheets they wrote up and what was attached to the tips.  
2 Doan stated that he knows he wrote lengthy reports on this lead. Itami stated that he remembers  
3 the amount of writing Doan did at that time on this lead and stated that there should be a large file  
4 on these guys. We are going to check further in the state police files for these. Doan stated that if  
5 we call Chris Helgert at Southfield PD, he may have a copy of his (Doan's), indicating that he thinks  
6 he gave a copy of everything to his agency.

7 **2-22-08:** I was reviewing Polygraph Examiner Cabot's pre-polygraph interview of Gregory Green  
8 today, and noticed that Cabot asked Green if there were anyone he wished were dead? Green  
9 mentioned his father, a couple of other names and Vince Gunnels. It's interesting that Green wants  
10 Gunnels dead. It's possible that Gunnels had information about Green and he (Green) was afraid  
11 Gunnels would tell someone. We are going to take this report with us when we interview Gunnels in  
12 prison in a couple of weeks.

13 **2-25-08:** We went to Southfield PD today and talked to Chris Helgert about Lourn Doan's old  
14 reports involving an investigation Doan conducted at the time of the child killings, regarding two  
15 subjects, Christopher Busch & Gregory Green. Helgert had already pulled all of Southfield PD's  
16 reports that they had from the child killing investigation. In these reports, we found two tips written up  
17 by Detective Doan on Busch & Green in January of 1977. This file from Southfield PD also  
18 contained several typed reports by Doan about this investigation into Busch & Green. **The**  
19 **following is a short "Time-Line" of the, "one-week" investigation in January 1977 when**  
20 **Greene was arrested for multiple CSC's in Flint and told the police Chris Busch killed Mark**  
21 **Stebbins. This short time-line includes some highlights of interviews and when & why they**  
22 **were cleared and the case was closed:**

23 1-25-1977: OCK Task Force contacted by Det. Waldren from Flint PD. They have arrested a  
24 subject named Gregory Green for CSC 1<sup>st</sup> Degree, who says that Chris Busch killed Mark Stebbins.

25 1-25-1977: Doan & Lt. Simmons went to Flint PD and interviewed Greene about this information.  
26 Greene, according to Doan's report supplies Detectives with all the information about Busch's  
27 involvement in the Stebbins abduction/murder. Doan notes that Green is looking more like a  
28 suspect in the homicides than an informant.

29 1-26-1977: Kenneth Bowman (the victim in this case) was interviewed. Bowman said that he was  
30 afraid when Greene & Busch took him into the woods to molest him that they were going to kill him.  
31 Greene had choked him unconscious in the past when trying to anally molest him. Greene had told  
32 Bowman prior to this that Chris Busch had killed a kid before. Bowman told the police that Greene  
33 had asked him a few months ago, to help him kidnap and kill a boy. Bowman went on to say that  
34 when Greene anally molested him in the past, Greene used force, Bowman was crying, but Greene  
35 would not stop.

36 1-26-1977: Flint PD polygraphs Green about his info about Busch Killing Stebbins. Flint PD  
37 polygraphed Green about whether he knows for sure who killed Stebbins. Green answers, "no"  
38 is found by the Flint examiner to be truthful.

39 1-26-1977: Green was interviewed today by Dick Thompson (Oak County Pros.), Gary Hawkins  
40 and Lt. Simmons (Southfield PD).

41 1-27-1977: Warrant obtained today for Christopher Busch, by Flint PD for a CSC 3<sup>rd</sup> Degree.

42 1-28-1977: Detective Doan, Det. Cattel (Ferndale PD), Sgt. Rivard (MSP) & Det. Waldren (Flint  
43 PD) went to the "Scotsman" restaurant today in Alma, Michigan and arrested Christopher Busch on  
44 Flint PD's CSC charge.

45 1-28-1977: Detectives conduct a consent search of Busch's home at [REDACTED].  
46 Detectives find 2 shotguns, ½ - 1lb. Of Marijuana and 2 suitcases. 1 suitcase contained ropes and

1 the other contained child pornography, including child porn films and scrapbooks. The 2 suitcases  
2 found in Busch's home in Alma, were confiscated by Flint PD as evidence in their CSC case.

3 1-28-1977: Doan, Cattel, Waldren & Rivard (MSP) interviewed Busch about his possible  
4 involvement in the Oakland County Child Killings. Busch denies involvement in the Stebbins case,  
5 but told Detectives about fantasies that he and Green have discussed. Busch said that they have  
6 talked about wanting to kidnap a boy, tying him up and sexually abusing him. Busch stated that  
7 either he or Green would work at night and the other during the day, so one of them would always  
8 be with the boy. When Busch was asked what they would do with the boy when they were done  
9 with him, he couldn't answer. While Busch was talking to Investigators about being a pedophile and  
10 locations he picked up and dropped off boys in the past, he named the following locations in  
11 chronological order: 9 Mile & Woodward in Ferndale, 13 Mile & Woodward in Royal Oak, & the "7-  
12 11" store on 12 Mile in Berkley. These are the first three abduction sites, in order. The King  
13 abduction had not occurred yet.

14 1-28-1977: Busch was polygraphed today by Ralph Cabot, at MSP in Flint. Busch was asked  
15 about his involvement in the Stebbins abduction/murder and/or his knowledge of it. Busch denied  
16 knowledge and involvement and according to Cabot, Busch was being truthful.

17 2-1-1977: Green was polygraphed today by Ralph Cabot, at MSP in Flint. Green was asked about  
18 his involvement in the Stebbins abduction/murder and/or his knowledge of it. Green denied  
19 knowledge and involvement and according to Cabot, Green was being truthful.

20 2-1-1977: Both Busch and Green were cleared today by polygraph. An article in the Daily Tribune  
21 was in this file that stated on the headline that Task Force finds no link between Flint case and child  
22 killings in Oakland County. The article stated that two men arrested in Flint were polygraphed about  
23 their possible involvement in the child murders in Oakland County, but both were cleared. \*\*\*  
24 case was closed. \*\*\*

25 2-26-08: We went to Flint PD today to try to get any reports or notes their Detectives might have  
26 done on Green's info about Busch, and also copies of the polygraphs Flint PD did on Green. The  
27 only file that we could locate at Flint PD was the old CSC cases (reports) on Busch & Green. We  
28 already have copies of those. A Detective Greg Hosmer is going to manually go thru the old  
29 polygraph files and see if he can locate the polygraphs administered on Green at Flint PD on  
30 January 26<sup>th</sup>, 1977.

31 2-26-08: \*\*\* (We got copies of Bloomfield Twp.'s reports today on Busch's suicide at his  
32 parents home in 1978) \*\*\* Garry & I went to Bloomfield Twp. PD today and picked up a copy of  
33 their reports on Busch's suicide. John Ouelett (FBI) knows the Bloomfield Twp. Chief (Kurt Bowden)  
34 and asked him to pull their reports for us. Their reports stated the following: On November  
35 20<sup>th</sup>, 1978, Bloomfield Twp. PD was called to Chris Busch's parents home at [REDACTED]  
36 [REDACTED], by Chris's older brother, Charles Nels Busch, who lives in the area at [REDACTED] in  
37 [REDACTED]. Chris's brother, Charles, had been contacted by a neighbor Harry Dunn, after the  
38 Busch Maid (Christine Bracken) was unable to gain entry into the home and went to the neighbor's  
39 house to call Charles Busch. The Maid comes to the Busch home once a week on Mondays to  
40 clean the house, but was unable to get in due to the latch being locked at the front door.

41 The police made entry into the home and they found Christopher Busch upstairs in his bed with a  
42 gunshot wound to the head. Busch had shot himself between the eyes with a 22 cal. Rifle that was  
43 lying next to him in the bed. Charles told the police that Chris lives there with the parents Harold  
44 Lee & Elsie Busch that were currently in England. Charles went on to say that he had not spoken to  
45 Chris in the last 3 weeks, but that he did not seem despondent. In this report, Charles Busch told  
46 the police that his brother John Busch resides in Whitehall, Michigan and his brother David resides  
47 in England. The maid, Christine Bracken was interviewed and stated that she has a key to let  
48 herself in when she comes to clean, but on this date, she could not open the front door because it  
49 was latched from the inside. When she became suspicious she called Mr. Dunn, the neighbor.

1 During an interview of a close family friend, W. Aitken, he stated that he and his wife had both  
2 talked to Chris a few days ago and that he seemed fine to them. Newspapers from Friday thru  
3 Monday were found on the porch of the home. The Thursday edition of the paper was found in the  
4 home.

5 Investigators spoke with the manager of the Franklin Club Apartments, 28301 Franklin Rd. in  
6 Southfield, Michigan, where Chris worked as an administrative Chef until he resigned on November  
7 4<sup>th</sup>, 1978, to pursue a new job at the Franklin Terrace Apartments.

8 During an interview of Christopher Busch's father, H. Lee Busch, on November 27<sup>th</sup>, 1978, he  
9 stated that Christopher was due to start his new job on November 20<sup>th</sup>, the day he was found  
10 deceased.

11 Christopher Busch was found lying on his side in his bed facing the wall. Pinned to the wall was a  
12 hand-drawn pencil drawing of a boy screaming. The boy was wearing a coat in the drawing that  
13 matched the coat Mark Stebbins was wearing when he was abducted and killed. The coat was a  
14 "snorkel" type coat with fur around the edge of the hood. Mark was found at Ten Mile & Greenfield  
15 wearing that coat with the hood pulled up around his face and zipped up, just like in the drawing  
16 Busch had. Also found in the walk-in closet in the bedroom were ropes/ligatures lying in the middle  
17 of the floor. This property, along with 3 spent shell casing's, a box of bullets, a vodka bottle and a  
18 small amount of Marijuana was confiscated and placed into evidence.

19 **2-27-08: Met with Polygraph Examiner John Wojnarski (retired MSP) today and he looked at**  
20 **Busch & Greens charts.** We had Examiner Wojnarski review the charts from Busch & Greene's  
21 polygraphs today, without Wojnarski knowing anything about the case or the polygraphs. After  
22 reviewing and numerically scoring the charts, he determined that Greene was failing on relevant  
23 questions, but that the examiner that conducted the original test in 1977, did not ask Greene the  
24 relevant questions that he was failing (about involvement) on the first two charts, on the third chart,  
25 like he should have. Wojnarski stated that he did not understand this and stated you have to ask the  
26 relevant questions on all three charts, especially when Greene was failing on the first two.  
27 Wojnarski stated that he would have had to call this inconclusive. When we told him that the  
28 examiner passed Greene, he stated that he did not know how he could have passed him and said  
29 that it should have been inconclusive because he didn't finish the test. Wojnarski asked who  
30 conducted the test, and we told him Ralph Cabot from the MSP Flint post conducted the test in  
31 January of 1977, about the Oakland County Child Killings. Wojnarski stated right away that Cabot  
32 had a couple of polygraph problems towards the end of his career, where he got into trouble with the  
33 State Police when he screwed up a test on a homicide case. This test was done by Cabot in 1977  
34 and he retired in 1980 from the State Police. This info about Cabot, matches what Examiner Larry  
35 Wasser said about Cabot, when he told me that he had a couple of times in the past, overturned  
36 Cabot's polygraphs on cases.

37 Wojnarski told us that Chris Busch's polygraph by Cabot was the same way, stating that he did not  
38 ask the relevant questions on the third chart, so the results would have to be an inconclusive. He  
39 did not see how the original examiner could have possibly passed these subjects on these tests.  
40 Wojnarski did say that he thought that Busch was being truthful, but possibly showing some  
41 deception problems on a couple of the relevant questions. Wojnarski also stated that the "control"  
42 questions that Cabot used were terrible and would not allow them to give a good test.

43 Wojnarski suggested that all three examiners that looked at these charts, he, Larion & Dykstra all  
44 get together, score them the same way (numerically) and then compare notes to come up with a  
45 consensus on the results of the tests. Arrangements were made for this meeting.

46 **2-28-08: \*\*\* Richard Lawson's sentencing today. \*\*\*\***

1 **2-28-08:** We had retired Detective Lourn Doan (Southfield PD) come to the MSP Metro North Post  
2 today, and look over his reports from January of 1977 that we picked up at Southfield PD. Doan  
3 read over all of his reports, and he did remember most of what he had read, including remembering  
4 that investigation, but could not add much additional information to assist us.

5 **2-28-08: \*\*\* (We Briefed Detective Lt. Darryl Hill (MSP) today at the District Headquarters in  
6 Northville) \*\*\*** Garry, Dave & I went to the MSP 2<sup>nd</sup> District headquarters today and briefed Lt. Hill  
7 on the developments in this investigation. Based on what we told Lt. Hill, he authorized D/Sgt. Gray  
8 make this case top priority at this point and to work full-time on trying to put this case together. My  
9 administration at Livonia PD was also brought up to speed on this lead. Chief Stevenson, felt as  
10 strongly about the potential of this lead as Lt. Hill, and also authorized me to work full-time with the  
11 State Police right now to continue to pursue this Busch & Greene lead. Lt. Hill also authorized us to  
12 use the Michigan State Police Aviation Section to fly Garry & I up to Camp Ojibway to interview  
13 Gunnels.

14 **2-29-08:** John Ouelett called the Chief of Bloomfield Twp. PD (Bowden) and requested that they try  
15 to locate the crime scene photos that they took at Christopher Busch's home on Morningview  
16 Terrace when Busch committed suicide in November of 1978. They are going to call me if/when  
17 they find them.

18 **2-29-08:** Doan's report on the interview of Busch at Flint PD in January 1977, showed the name  
19 Mike Boldiyar as the kid Busch Picked up from the 12 Mile Rd. & Greenfield area and took to  
20 Hartfields Bowling Alley and the 7-11 store. Busch stated to Detective Doan that Boldiyar was a  
21 w/m that Lived in Berkley and would be 18 years old. I grew up in Berkley and thought I  
22 remembered a kid named Bolidzar from my neighborhood or school. I called my Brother Mark  
23 Williams (retired Berkley Police Lt.). I asked Mark if he remembers a family in Berkley, in the 12 mile  
24 & Greenfield area with the last name Boldiyar or Boldizar. Right away, Mark stated you mean  
25 Michael Boldizar, he lives on Thomas just north of 12 Mile Rd. This is in the area of 12 & Greenfield  
26 in Berkley. Mark said that Boldizar was a few years younger the he (Mark) was and a few years  
27 older than I am. Mark then stated that Boldizar had many arrests and police contacts in Berkley and  
28 surrounding cities. Mark went on to say that he was eating a meal at a restaurant in Berkley one  
29 time (on-duty) when the waitress yelled out, hey Mark there's a guy slashing the tires on your police  
30 car. My brother observed and arrested Michael Boldizar for Malicious Destruction of Police  
31 Property.

32 **2-29-08: \*\*\* (I identified Michael Boldiszar today, an associate of Chris Busch) \*\*\*** I  
33 performed a Lexis-Nexis computer search for Boldiyar and found no matches. I performed the same  
34 check on the name Michael Boldizar and observed a Michael Boldiszar, born [REDACTED] to have an  
35 address at [REDACTED], Michigan (12 Mile & Greenfield area). This check showed this  
36 to be a current address for Boldiszar. I performed a search thru the Secretary of State database and  
37 located Michael Joseph Boldiszar, w/m, born [REDACTED] These results also showed Boldiszar to  
38 have a valid Michigan driver's license, registered at [REDACTED] I was also  
39 able to obtain photos of Boldiszar thru the Secretary of State images. The age, race of Boldiszar  
40 and location of his home in Berkley match what Chris Busch told investigators about Michael  
41 "Boldiyar." I performed a check thru the Michigan LEIN system and found that Michael Joseph  
42 Boldiszar has a Certified Criminal History (CCH) in Michigan for the following offenses: 4/77-  
43 Larceny in Southfield, 4/83-MDOP in Berkley, 11/87-Felony Dangerous Drugs in Oak Park, 7/88-  
44 Felony Assault w/ Dangerous Weapon in Madison Heights, 8/90-OUIL Oak.Cty. Shrfs, 9/90-CCW  
45 Berkley PD, 9/97-2 traf offenses in Troy, 7/99-Driving While Revoked in Berkley, 10/02-OUIL 3<sup>rd</sup> in  
46 MSP-21. It's possible this Bolidszar was more of an associate of Busch's than a victim. Boldiszar  
47 was 18 years old at the time of our abduction/murders.

1 **3-2-08:** While working on the "time-line" for the current Green & Busch investigation, I noticed that  
2 Busch, when being interviewed on 1-28-77, by Doan & Cattel at Flint PD, described his flight from  
3 England to the U.S. Feb. 14<sup>th</sup>, 1976. Busch told Detectives that he flew from London to New York to  
4 Chicago and then into Flint Bishop Airport where his parents picked him up and they went directly  
5 home to Birmingham. Approximately an hour or two later, when Busch was telling the MSP  
6 polygraph Examiner Cabot, when he arrived back in the U.S. from England, he stated that he flew  
7 into Detroit Metro Airport. Cabot has Detroit Metro in his notes and on his report.

8 I also noticed while doing this "time-line," that Green told Cabot during his pre-polygraph interview,  
9 that he was released from the mental institution 1-15-76. Green also told Detectives Waldren &  
10 Miller, during the interview, after his arrest on 1-25-77, that he was released from Patton State  
11 Mental Hospital in California on 1-15-76. Records from California Dept. of Justice, Bureau of  
12 Identification and teletypes in the file from 1978, both show that Green was discharged from the  
13 mental hospital on 7-21-1975. If Green was in-fact released from the mental hospital on 7-21-1975,  
14 then he may have been back in Michigan and possibly associating with Busch, several months prior  
15 to the first OCCk victim, Mark Stebbins being abducted, 2-15-1976.

16 One of the other noteworthy items from the "Time-Line," was something Busch mentioned to the  
17 Montmorency Detective, during his interview after his arrest on 3-3-77. Busch was talking about the  
18 boys from the Flint area that he would bring up to his father's cottage on Ess lake, and he said that  
19 he had his first women up to the cottage approximately two weeks ago. This could possibly have  
20 been around the time that Kristine Mihelich was missing, found 1-21-77.

21 **3-3-08:** I was talking to John Oulett (FBI) today and told him about Boldiszar. John stated that Ray  
22 Anger from Berkley PD conducted extensive interviews of employees at Hartfields Bowling Alley  
23 after Kristine Mihelich's abduction. Mihelich's mother, Deborah Ashcroft worked as a bartender at  
24 Hartfields at the time of Kristine's disappearance. Kristine used to frequent the bowling alley to visit  
25 her mother. John Oulett stated that he thought he remembers that the police were looking at a local  
26 18 year-old guy at that time that frequented the bowling alley. We are going to look thru the  
27 interview reports to see if the 18 year-old may have been Boldiszar and if Busch & Green, may also  
28 have been mentioned by employees.

29 **3-3-08:** I talked to Jason Bolinger (FBI) today, about getting the lead sent to New York to interview  
30 and swab Charles Busch for DNA. This is Christopher Busch's only living family member that we  
31 can get DNA from.

32 **3-3-08: \*\*\* (Identified Chad Nikle today, one of Greg Green's ex-cellmates from prison) \*\*\***  
33 We had received a list of Green's cellmates that he was with during his years in prison, from the  
34 Assistant Warden of Jackson Prison, Cindy Ackers. One of the people on the list was a guy named  
35 Chad Nikle, that was doing time for CSC 1st Degree (child u/13), the same thing Green was serving  
36 time for. Nikle was charged with his CSC in Genesee County. I determined that Nikle is from the  
37 Flint area and now resides in Flint, where Green grew up. They may have possible had a lot to talk  
38 about. I performed a search thru MDOC and located Chad William Nikle, w/m, [REDACTED]. A  
39 search thru the Michigan LEIN system, showed Nikle to have been discharged from Department of  
40 Corrections in 2004 on his CSC case. Nikle is currently a registered sex-offender that resides at  
41 [REDACTED]. I was able to obtain several photos of Nikle thru the Secretary  
42 of States Imaging system. \*\*\* (See Nikle file for further info) \*\*\*

43 Cindy Ackers also sent us information on Gregory Green's family and about his death. According  
44 to Akers, Greg Green died of a heart-attack while watching TV in his cell in 1995. The guards found  
45 him sitting up with his eyes open. Because of his position and his eyes being open, his death was  
46 not discovered for a long period of time. Cindy Ackers also supplied us with Green's brother's  
47 names, who visited Green in December of 1995, shortly before his death. One brother is James D.  
48 Green, w/m. [REDACTED]. The other brother is Robert E. Green w/m, [REDACTED].  
49 [REDACTED]
