

Investigation of Richard McNamee

4-16-79  
cont'd:

Richard was informed that several people would be contacted during this investigation and asked if there is anything in his past that might be consistent with the present allegations being investigated.

*Guess this should  
have come up  
during your psych  
testing, you pig.*

Richard revealed that while he was employed at Home Juice he was attending a pool-type party at the residence of a subordinate. During the course of the evening as everyone began to get intoxicated, the subordinate (could not recall name) became violent toward Richard and accused Richard of "horsing around" with his eleven year old daughter. Richard indicates that it ended up in a physical fight and that he, Richard, was arrested by a Police Agency believed to be Royal Oak Police Department. Richard intentionally maintained a very vague memory on this discussion and could not recall the final disposition of the case. As a result, Richard terminated employment with Home Juice.

Richard was also confronted with the progress of this investigation and was informed that the following people and/or agencies could become involved:

1. Disciplinary Hearing
2. Civil Proceedings
3. Prosecutor's Office
4. News Media
5. Legal Fees
6. Future Recommendations

Upon a brief discussion of the above topics, Richard McNamee chose to submit a letter of resignation to be effective this date, 4-16-79.

(See attached letter of resignation)

Respectfully Submitted,

*Sgt. P. Earp*
