

## Information from John Doe January 14, 2014

1. Busch and Fisher families are well known and wealthy
  - a. Fishers are "old" money
  - b. Both men are described as the black sheep of their family
  - c. H. Lee Busch riding herd over Busch
    - i. Note: We know this person is Chris Busch
  - d. Cousin Mickey Briggs riding herd over Fisher
    - i. Note: I am going to posit the black sheep Fisher is Everell Edward Fisher Jr. Everell is the eldest son of Everell Edward Fisher Sr and Susan Briggs, daughter of Walter Owen Briggs Sr. Basil "Mickey" Briggs is her nephew. Everell and Susan were two trust fund babies that married but unlike most of the other Fisher family members who moved from Boston Ave in Detroit to Grosse Pointe, they resided at 927 Lone Pine until the early 70's. That specific address on Lone Pine no longer exists however many of those homes have been torn down and rebuilt in the last 10 years. They had another son and daughter but both married and were part of various charities and activities. Everell died in 1989 and was living in Charleston, SC at the time of his death. He never married or had children.
    - ii. The Everell Fisher family lived on the west side of Detroit while the rest of the family members resided primarily on the east side. If you know the Detroit area, generally west siders don't mix with east siders and vice versa. The perps had extensive knowledge of the streets on the west side of Detroit which would indicate someone who had grown up and/or had lived there for some length of time. They were VERY knowledgeable about the streets and backroads in Oakland County.
  - e. Busch and Fisher met in the Cass Corridor
  - f. House on Burt Lake
    - i. Everell Sr's obituary as of 1979 lists Everell Jr of Burt Lake.
  - g. Send the bill to Deloitte, Haskins and Sells in the Guardian Building
    - i. As Cathy as speculated, this was probably a trust fund
  - h. Attorney relative available to fix anything 24/7
    - i. Note: Basil "Mickey" Briggs was listed as a tax and investment attorney (died 2019)
    - ii. Mickey's older brother Walter was an Investment Counselor (died 2012).
    - iii. Another attorney with close ties to Mickey was Jerry D. Luptak, 3000 Guardian Bldg., Detroit, Mich. See **FISHER v. COMMISSIONER | 27 T.C.M. 1048 (1968) | tcm10481865 | Leagle.com**
      1. Jerry Luptak was an original partner in Beztak Properties. Jerry died in 2013.
  - i. Slept in the master bedroom on Walden.
    - i. In the mid-70's there was one house on Walden Lake in Bloomfield Township located off Walnut Lake Rd and Franklin. The house is 4540 Walnut Lake Rd. Built in 1924 it was 3.62 acres and on Walden Lake (more of a large pond). It has

- ii. Property deeds would need to be pulled to verify if this is correct and who actually owned a Gilbert Lake property.
- k. Cass Corridor ring and the Birmingham ring are the same group of pedophiles
  - i. Hanging out at the Cass Cab Co.
    - 1. Owner and his buddy, a liquor store owner ended up dead. Crime never solved
      - a. I found no information about this topic
    - ii. 2 Main perps, number of associates “That is why the children were kept so long” – spread the liability over more people
  - iii. Corrupt Detroit Vice Cops
    - 1. Mayor of Detroit Coleman Young (1974-1994)
    - 2. Chief of Police William Hart (1976-1990)
      - a. On 8 May 1992 he was convicted of embezzlement of \$2.6M.
      - b. Assistant Chief Kenneth Weiner also went to jail for the same crime
    - 3. Yes the cops were probably corrupt
  - iv. Families paying to save name
  - v. Chris Busch dead because he talked
  - vi. Anderson’s Garden – Harry and Mutzy Levenburg
    - 1. Known hot spot for corruption and prostitution
    - 2. Bar owned by Harry Levenburg(Died 2007) with a silent partner Albert Porvin. Harry’s wife was Ruth.
    - 3. In April 1977, State vs Levenburg, 75 Mich, App 90 – Anderson’s Garden ordered to abate under nuisance statute
    - 4. Spring 1977, Blair Moody, Jr of State Court of Appeals overturned the decision
    - 5. Anderson’s Garden finally closed in June 1981 after William L. Cahalan, Prosecuting Attorney sued again for closure.
    - 6. Blair Moody, Jr was named to Michigan Supreme Court in 1976
  - vii. Busch (Chris), Greene (Greg), Norberg (David), Lamborgine (Ted), Gunnels (James Vincent), Bowman (Kenneth – One of the victims), Lawson (Richard), Sloan (Archibald Edward- not mentioned by John Doe).
- 2. Briggs Family Tree (See Attachment 1)
  - a. Walter Owen Briggs Sr (Owner of Detroit Tigers, etc.)
    - i. Elizabeth Jane Briggs married Charles T Fisher, Jr in 1929
    - ii. Jane Briggs married Phil Hart in 1943, US Senator from Michigan from 3 Jan 1959 to 26 Dec 1976 when died of cancer. The 2<sup>nd</sup> Senator from Michigan at that time was Robert P. Griffin from 11 May 1966 to 3 Jan 1979.

    - iv. Grace Briggs married Walter Dean Robinson.
    - v. Walter Owens Briggs, Jr married and had 3 sons
      - 1. Walter Owen Briggs III (Investment Banker) (died 2012)
      - 2. Basil Manly “Mickey” Briggs (Attorney) (died 2019)
      - 3. Jim Briggs – No information is available

#### Speculations:(Questions and Opinions are my own)

1. All 4 children were killed in Feb, Dec close to the Xmas holiday and in Mar. Is that because Mr. Fisher normally of Burt Lake needed to be in town to attend family events in the above timeframe?
2. While the Fisher name is old money, but the Briggs ladies, particularly Jane Briggs Hart seemed to be the ones who were used to the limelight. After Jane's husband died, she continued her political activities and remained in DC. Did the FBI really loose the files of the individual who was hypnotized or did the session result in the identification of a relative of Ms. Hart's? Was she notified and the situation made to "Go Away"?
3. The perps were pretty sophisticated in how they picked up and discarded the children in different cities so that the small town police forces would be fighting with each other. Where did they get that knowledge? We know there had to be dirty cops that were pedophiles. Were they directly or indirectly involved?
4. When the maid could not get into the Busch's house as the doors were locked, she contacted Chris's older brother Charles. Instead of going to his parent's house and trying to open the door, he calls the police first. Why would you call the police when a door to your parent's house was locked? Did he not have a key? This has always seemed odd to me.
5. Who was paid off to make Chris Busch's autopsy documents and subsequently the evidence found at the crime site disappear?

6. Speculation is that the family put the perp in a mental hospital and the killings stopped. Chris Busch is killed off and the task force is disbanded. What if the perp that ended up in a mental hospital was the missing Mr. Fisher? If so, where did he go?
  - a. If the missing Mr. Fisher really was Everell Fisher Jr, His father died in Sept 1979 and would not be around to protect him. Interestingly Sr's obit requests donations be made to the St. Vincent and Sarah Fisher home for children.
  - b. It would be interesting to get a copy of Everell Everett Jr's death certificate to see where he really was when he died as long as that document was not altered at his death..
