Catherine,

Just learned of the passing of your father and I'm sorry for the tremendous loss that you must feel. He was such an honorable man to never give up on finding the killer of Timothy. Of course, you've been there with him all the way. It's especially touching because my family would have never acted with such dignity for so long.

Most troubling for me is that I know who the killer is and perhaps the reason there has not been an arrest. The DNA is not strong enough to prove this unequivocally. Also, incredibly disturbing is the fact that professionals.. doctor's and lawyers know who the killer is as well. It is my understanding that this information was communicated to you already.

With all the information floating around out there from Fox Island to the gross actions of these pedophiles and criminals, Helen Dagner and her John.. to the focus on the Gremlin, the auto barron's and their children.. etc., etc., the answer is there and it is clear. The truth makes nothing easier but I feel compelled to share with you what I know and maybe you can share with me more about what you may know.

No doubt you understand what trauma induced ritual abuse is and how it was used to create dissociative parts which can be programmed for future use without the knowledge of the "host" or person that commits the crime. This is how it came out: The killer is a former Vietnam Vet that was dropped on the front lines at age 18. From there he came home a different person using drugs. Many years went by and he started a family and went into therapy for the gross PTSD. In the course of therapy over a very long time and under hypnosis, the therapist ascertained that he was indeed the killer. The issue of guilt is in play since this person ended up off of Woodward Ave not far from the Masonic Temple where so many bizarre things were happening within the Woodward Corridor. Apparently prior to the OC killings there were other children that were murdered in a case that garnered virtually no attention. In his "executive" state of consciousness he has no idea or memory of anything to do with the death of the children. It was all mind control. (By law, under HIPPA, this therapist was obligated to inform LE of this crime in which she did do.. this is how I became involved. Why and how, over and over, they turn their heads to blatant evidence is a mystery to me.)

We have to look back at a time when the Kennedy's were assassinated. Strangely and closely related to the OC killings we have the criminal enterprise that brought Hoffa down. In more recent years the killing of those small children by Adam Lanza.. with enough study and focus on detail that case presents a similar frightening picture.

I'm sorry to drop this note here like this thinking you must know about his already. I tried everything to send it encrypted for my own safety. I've never been free from these freaks. There was a reason I was informed of the truth. A sad side note, when my sister died she wanted her last meal to be KFC. (I'm choking here with tears.)

My best to you and I hope this brings some enlightenment to the fact that this guilty party knows nothing of his actions towards these children.
